(3) If a majority of those voting in the county favor the establishment of the district or the participation of the county in an established district, the district shall be established and the county shall be a participating county in the district.

Section 60. KRS 242.050 is amended to read as follows:

The proposition to be voted upon shall be stated [~~on the ballot~~] without emblems and *voters shall designate a* [~~two (2) spaces shall be left upon the right side of the ballot, one (1) for votes favoring the proposition, to be designated by the word~~] "Yes[~~,~~]" *or a* [~~and one (1) for votes opposing it, to be designated by the word~~] "No[~~.~~]" *vote.* [~~The voter shall designate his vote by a cross mark placed opposite the word "Yes" or the word "No."~~] In any election the form of the proposition shall be, "Are you in favor of the sale of alcoholic beverages in (name of county or city)?".

Section 61. KRS 242.070 is amended to read as follows:

Not more than twenty (20) days prior to an election any group of citizens that in good faith favors or opposes the proposition to be submitted may file with the chairman of the county board of election commissioners a petition asking that it be recognized as the committee entitled to nominate election officers and to certify challengers, witnesses to the counting of the *votes* [~~ballots~~] and certification of the results, and guards to assist in guarding the [~~ballot~~] boxes *containing the votes which have been cast* during the period which the group desires. If more than one group claims the right to nominate election officers and certify challengers, witnesses and guards, the county board of election commissioners shall promptly decide and publicly announce which committee is entitled to nominate officers and certify challengers, witnesses and guards. That decision shall not be final, but any aggrieved party may appeal to the county judge/executive , and upon hearing the county judge/executive shall determine which group shall be recognized.

Section 62. KRS 242.080 is amended to read as follows:

(1) The respective committees advocating and opposing the proposition shall each file with the chairman of the county board of election commissioners before the time designated for the selection of officers a list of not more than four (4) persons possessing the qualifications of election officers for each voting precinct, and the board of election commissioners shall appoint the officers from those lists, as provided in KRS 242.090.

(2) The committees may sign and issue certificates designating challengers at the polls, witnesses to the count of *votes* [~~ballots~~] and guards to assist in guarding the [~~ballot~~] boxes *containing votes which have been cast*, in the same manner as political committees under the general election laws.

Section 63. KRS 242.120 is amended to read as follows:

Any qualified voter may demand a recount of the *votes* [~~ballots~~] or contest the election in the same manner as is provided for the recount of *votes* [~~ballots~~] or contest of general elections of county officers by KRS 120.155 to 120.185. The members of the county board of election commissioners shall be named as contestees and summons shall be served upon them. Any qualified voter may intervene as contestee by filing a petition to be made a party in the action.

Section 64. KRS 242.125 is amended to read as follows:

(1) In any county in which the provisions of KRS 242.220 to 242.430 are applicable by reason of an election for the entire county having heretofore resulted in favor of prohibition, an election may be held in any city of the first four (4) classes in such county to take the sense of the people of the city as to the discontinuance of prohibition in the city. For this purpose, the election in the city shall not be deemed to be an election in the "same territory" as that in which the county-wide election was held, within the meaning of subsection (5) of KRS 242.030. If, at the election for a city, the majority of the votes cast are against prohibition, the vote makes KRS 242.220 to 242.430 inapplicable to the entire city, but this does not prevent an election from thereafter being held in any precinct of the city, subject to the provisions of KRS chapter 242, to take the sense of the people of the precinct as to the application of KRS 242.220 to 242.430 in the precinct.

(2) In any election hereafter held for an entire county, which county is not at the time of the election dry territory by reason of a county-wide election heretofore held, for the purpose of taking the sense of the voters as to the application of KRS 242.220 to 242.430 in the county, the voters within each city of the first four (4) classes in the county shall be *presented with* [~~furnished a ballot upon which~~] the question [~~shall be~~], "Are you in favor of the sale of alcoholic beverages in (name of city)?". *The question* [~~No ballot~~] shall *not* be *presented* [~~furnished~~] to the voters of any city of such class, if, less than three (3) years prior to the date of the proposed county-wide election a city-wide election was held in the city at which a majority of the votes cast were against prohibition. The status of such a city is not affected by the result of the county-wide election. The voters outside of the cities of such classes shall be *presented with* [~~furnished a ballot upon which~~] the question [~~shall be~~], "Are you in favor of the sale of alcoholic beverages in (name of county), outside of the corporate limits of the cities of the first four classes?". The *votes* [~~ballots~~] of each such city shall be separately tabulated, and the *votes* [~~ballots~~] of the voters outside such cities shall be separately tabulated. If the majority of votes cast in any such city are for prohibition, KRS 242.220 to 242.430 shall apply to the entire city. If the majority of votes cast in any such city are against prohibition, then KRS 242.220 to 242.430 shall be inapplicable, except, that if, that at the time of the election any number of precincts of the city, less than the entire city were dry territories, the votes shall not make KRS 242.220 to 242.430 inapplicable in such precinct. If the majority of votes cast in any city are against prohibition, and if, at the time of such election, the entire city was dry territory, KRS 242.220 to 242.430 shall be inapplicable to the entire city. If the majority of votes cast in the county outside of such cities of the first four (4) classes are for prohibition, KRS 242.220 to 242.430 shall apply to all of the county outside of the cities. If the majority of the votes cast in the county outside of the cities are against prohibition, the votes shall not make KRS 242.220 to 242.430 inapplicable to any district or precinct outside of the cities that was dry territory at the time of the election.

(3) If, in any city-wide election held in a city of the first four (4) classes for the purpose of taking the sense of the voters as to the adoption or discontinuance of the application of KRS 242.220 to 242.430 to the city, other than an election coming within the provisions of subsection (1) or (2) of this section, the majority of the votes cast are for prohibition, KRS 242.220 to 242.430 applies to every portion of the city. If, in any city-wide election, the majority of the votes cast are against prohibition, and if, at the time of the election, any number of precincts in the city less than the entire city were dry territories, the votes do not make KRS 242.220 to 242.430 inapplicable to such precincts. If, in any city-wide election, the majority

of votes cast are against prohibition, and if, at the time of the election, the entire city was dry territory, KRS 242.220 to 242.430 is inapplicable to the entire city.

Section 65. KRS 242.129 is amended to read as follows:

The proposition to be voted upon in any election held pursuant to KRS 242.127 and this section shall be "Are you in favor of the sale of distilled spirits and wine by the drink for consumption on the premises in (name of city)?" [~~There shall be two places on the ballot for registering votes, one for votes favoring the proposition which shall be designated by the word "yes," and one for votes opposing the proposition which shall be designated by the word "no."~~] Each voter shall designate his vote by *a* [~~the word~~] "yes" or *a* [~~the word~~] "no" *vote.* [~~"~~]

Section 66. KRS 242.1292 is amended to read as follows:

(1) The provisions of this section shall be applicable in any city of the second class notwithstanding any other provisions of this chapter relating to the discontinuance of prohibition in any county, city, or territory which may be to the contrary.

(2) In any city of the second class in which prohibition is in effect in all or part of the city, and upon a determination that an economic hardship exists in one (1) or more of the voting precincts of the city in the manner prescribed in subsection (10) of this section, the governing body of the city shall by ordinance designate such precinct or precincts as a limited sale precinct or precincts and shall provide for an election to be held in such precinct or precincts to take the sense of the people of each such precinct as to the discontinuance of prohibition in such precinct.

(3) The election shall be held in such precinct or precincts in the manner prescribed in KRS 242.010 to 242.040 and KRS 242.060 to 242.120. Such election shall not be deemed to be an election in the "same territory" within the meaning of subsection (5) of KRS 242.030; provided, however, that no election on the same question shall be held in the same precinct or precincts more often than once every five (5) years.

(4) The *question shall be presented to the voters in conformance with* [~~ballot for such election shall conform to~~] the requirements of KRS 242.050 except that the form of the proposition shall be, "Are you in favor of the sale of alcoholic beverages in (official name and designation of precinct)?"

(5) If a majority of the votes cast in any limited sale precinct in which an election is held pursuant to this section are in favor of the sale of alcoholic beverages in that precinct, the governing body of the city shall by ordinance create or provide for the office of city alcoholic beverage control administrator and shall adopt a comprehensive regulatory ordinance covering the licensing and operation of establishments for the sale of alcoholic beverages within a limited sale precinct. In its discretion the governing body may provide that:

(a) Only three (3) licenses permitting the package sale at retail of alcoholic beverages shall be granted within the territorial limits of any limited sale precinct.

(b) Only four (4) licenses to sell alcoholic beverages by the drink for consumption on the premises by the general public shall be granted in any one (1) limited sale precinct. One (1) such license in each limited sale precinct may be reserved for grant to any newly established hotel, motel or inn containing not less than fifty (50) sleeping units and having dining facilities for not less than one hundred (100) persons. The remaining three (3) licenses may be granted to a hotel, motel or inn meeting the aforestated requirements or to bona fide restaurants open to the general public having dining facilities for not less than one hundred (100) persons; and further provided that additional licenses to sell alcoholic beverages by the drink for consumption on the premises may be granted to social membership clubs established and maintained for the benefit of members only by bona fide fraternal or veterans organizations.

(6) The governing body may also incorporate in the regulatory ordinance such other reasonable rules and regulations as may be necessary or desirable for the proper administration and enforcement of this section and for the maintenance of public order in a limited sale precinct, and for the issuance of any licenses permitted by KRS 243.070; provided that any rule or regulation adopted in the regulatory ordinance shall conform to the requirements of KRS 241.190.

(7) Notwithstanding any limitations imposed on the city's taxing or licensing power by KRS 243.070 upon the discontinuance of prohibition in any limited sale precinct, the governing body of the city is hereby authorized to impose a regulatory license fee upon the gross receipts of each establishment located therein and licensed to sell alcoholic beverages. The regulatory license fee may be levied at the beginning of each city budget period at such percentage rate as shall be reasonably estimated to fully reimburse the city for the estimated costs of any additional policing, regulatory or administrative expenses related to the sale of alcoholic beverages in the city. Such regulatory license fee shall be in addition to any other taxes, fees or licenses permitted by law, but a credit against such fee shall be allowed in an amount equal to any licenses or fees imposed by the city pursuant to KRS 243.070.

(8) Subject to the limitation imposed by subsection (3) of this section, no provision contained in this section providing for the establishment of a limited sale precinct shall preclude or abridge the right of the constitutionally qualified voters of such precinct to petition for a subsequent election on the same question.

(9) If an election is held pursuant to other provisions of KRS Chapter 242 in the city or the county in which a limited sale precinct is located for the purpose of taking the sense of the voters upon the question

of adopting or repealing prohibition for the entire city or the entire county, the status of such question in a limited sale precinct shall be determined in the following manner:

(a) The status of a limited sale precinct shall not be affected by any election for the entire city or the entire county if such limited sale precinct was established less than five (5) years prior to the date of the proposed election for the entire city or the entire county and in such case [~~no ballot shall be furnished to~~] the voters of any limited sale precinct *shall not vote* in such election.

(b) If such limited sale precinct was established more than five (5) years prior to the date of the proposed election for the entire city or the entire county, the voters within each limited sale precinct shall be *presented with* [~~furnished a ballot upon which~~] the question [~~shall be~~], "Are you in favor of continuing the sale of alcoholic beverages in (official name and designation of precinct) as a limited sale precinct?" No other *question* [~~ballot~~] shall be *presented* [~~furnished~~] to the voters of any limited sale precinct.

(c) The *votes* [~~ballots~~] of each limited sale precinct shall be counted separately, and, if a majority of the votes cast in the limited sale precinct are in favor of continuing the sale of alcoholic beverages therein as a limited sale precinct, then such status shall continue within such precinct, except that if the city or the county in which the limited sale precinct is located votes against prohibition in the remainder of the city or the county, the limited sale precinct status of any precinct may be terminated by the governing body of the city or the county and thereafter the status of such precinct shall be the same as that in effect for the remainder of the city or the county.

(10) Any precinct located entirely within any city of the second class in which prohibition is in effect in all or part of the city shall be designated as a limited sale precinct by the governing body of the city; provided that:

(a) The governing body determines to its satisfaction that the general trade, business and economy of one (1) or more of the precincts within the city is substantially adversely affected by reason of the legal sale of alcoholic beverages in any neighboring or adjoining state, county, city, town, district or precinct. For the purpose of making such determination, the governing body may hold such hearings, examine such witnesses or receive such evidence as it believes necessary or desirable for such purpose; or

(b) The governing body receives a petition signed by a number of constitutionally qualified voters of a precinct equal to thirty-three percent (33%) of the votes cast in the precinct at the last preceding general election requesting the governing body of the city to designate such precinct as a limited sale precinct. The petition may consist of one (1) or more separate units and shall be filed with the mayor of the city. In addition to the name of the voter, the petition shall also state his post office address and the correct date upon which his name is signed. Upon receipt of the petition, the mayor shall cause the same to be presented to the governing body of the city at its next regularly scheduled meeting and, after verifying that such petition is in compliance with the requirements of this section, the governing body shall forthwith by ordinance designate the precinct to be a limited sale precinct.

Section 67. KRS 242.1294 is amended to read as follows:

The proposition to be voted on in any election held pursuant to KRS 242.1293 and this section shall be: "Are you in favor of the sale of distilled spirits, wine and malt beverages by the drink for consumption on the premises in (name of county or city) by hotels, motels and inns containing not less than fifty (50) sleeping units and having dining facilities for not less than one hundred (100) persons and in restaurants having dining facilities for not less than one hundred (100) persons?" [~~There shall be two (2) places on the ballot for registering votes, one (1) for votes favoring the proposition which shall be designated by the word "yes", and one (1) for votes opposing the proposition which shall be designated by the word "no".~~] Each voter shall designate his vote by *a* [~~the word~~] "yes" or *a* [~~the word~~] "no" *vote.*

Following the referendum and within ten (10) days thereafter, the commissioner shall canvass and publicly declare the result of the referendum.

Section 73. KRS 262.120 is amended to read as follows:

After the commission has made and recorded a determination that there is need, in the interest of the public health, safety and welfare, for the organization of a district in a particular territory and has defined the boundaries of that district, it shall consider the question whether the operation of a district within those boundaries with the powers conferred upon districts in this chapter is administratively practicable and feasible. To assist the commission in the determination of administrative practicability and feasibility, the commission shall, within a reasonable time after entry of the finding that there is need for the organization of the district and the determination of the boundaries of the district, hold a referendum within the proposed district upon the proposition of the creation of the district, and cause due notice of the referendum to be given. It shall issue appropriate regulations governing the conduct of the hearings and referendum and providing for the registration prior to the date of the referendum of all eligible voters, or prescribing some other appropriate procedure for the determination of the eligibility of voters in the referendum.

(2) In all referendums under this chapter, provision shall be made for those opposing the establishment of a district or the adoption of any regulation to have equal representation with the proponents of the measure in the registration and determination of eligibility of voters, in the election officers, in the holding of the referendum, in the custody of the *votes cast* [~~ballots~~] and in the canvassing and certifying of the returns.

Section 75. KRS 262.220 is amended to read as follows:

The [~~ballot shall set forth the~~] boundaries of the proposed district as determined by the board of supervisors *shall be set forth.* Only owners of lands lying within the boundaries of the territory shall be eligible to vote in the referendum. Qualified voters may vote by absentee *vote* [~~ballot~~] in such referendum under rules set out in KRS Chapter 117.

(2) The board of directors shall cause due notice of the resolution to be given to all the owners of benefited lands, as determined by the board. Said notice shall set out the time and place of a meeting of the board of directors of the watershed conservancy district at which owners of benefited lands who may be liable for the annual assessments may be heard.

(3) At the hearing upon the resolution, owners of benefited lands may voice their views concerning the proposal as to whether it should be undertaken, and the scope thereof, or the degree of benefit received by their lands. The board shall prepare a record summarizing the proceedings. If the board of directors determines as a result of the hearing that the proposal should be carried out as planned, it may make such changes or revisions in the resolution as it deems proper and shall give due notice of an election to be held at which benefited landowners may vote on the question of annual special assessments to defray the cost. The notice of the election shall include the text of the resolution of the board in its final form. The board of directors may give due notice as provided in KRS 262.010(4).

(4) The board of directors shall prepare [~~official ballots to be used in~~] the *following question to be presented to the voters* [~~electon which shall state the question~~]: "Should the assessment for improvement, continuing operation, or maintenance proposed by resolution of the __________ watershed conservancy district be adopted?" *Voters shall be instructed to vote "yes" or "no" on the proposition* [~~Squares indicating a yes or no answer should follow the question with a direction to insert an "X" mark in the square favored~~]. Any owner of property to be benefited by the project may, within forty days after publication of such notice, file an action in the circuit court of the county in which his lands are located seeking relief by declaratory judgment or injunction. If a suit is filed, the county attorney shall represent the board of directors in upholding the validity of the proposed assessment. After the lapse of time specified herein all actions by owners of properties to be benefited shall be forever barred.

(6) If no suit is filed and no injunction issued within the time allowed in subsection (5) of this section, the board of directors shall levy annual assessments effective only upon the benefited properties and based on the acreage thereof. The annual assessment shall be made by the board of directors at the same time and in the same manner as provided in KRS 262.765 for taxes generally and shall be collected as provided in KRS 262.770. The assessments shall constitute liens against the land benefited and shall attach to the land, taking precedence over all other liens except state, county and municipal taxes and prior improvement assessments.

(2) The board of directors shall cause due notice of the resolution to be given to all the owners of benefited lands, as determined by the board. Said notice shall set out the time and place of a meeting of the board of directors of the watershed conservancy district at which owners of benefited lands who may be liable for the annual assessments may be heard.

(3) At the hearing upon the resolution owners of benefited lands may voice their views concerning the proposed project as to whether said project should be undertaken, and the scope thereof, or the propriety of placing their lands in the project area or the degree of benefit received by their lands. The board shall prepare a record summarizing the proceedings. If the board of directors determines as a result of the hearing that the project should be carried out as planned it may make such changes or revisions in the resolution as it deems proper and shall give due notice of an election to be held at which benefited land owners may vote on the question of annual special assessments to defray the cost of the project. The notice of the election shall include the text of the resolution of the board in its final form. The board of directors may give due notice as provided in KRS 262.010(4).

(4) The board of directors shall prepare [~~official ballots~~] to be *presented to* [~~used in~~] the *voters* [~~election which shall state~~] the question: "Should the assessment proposed by resolution of the .... watershed conservancy district be adopted?" *Voters shall be instructed to vote "yes" or "no."* [~~Squares indicating a yes or no answer should follow the question with a direction to insert an "X" mark in the square favored.~~] Only owners of benefited land as set out in the resolution shall be eligible to vote. The board of directors may provide for a meeting of the landowners at which the vote may be cast, in which case qualified voters may vote by absentee *vote* [~~ballot~~]. The board shall appoint a polling superintendent and other necessary election officers, giving representation to the opponents of the question as well as to proponents.

(5) If a majority of those voting upon the proposition favor the assessment the board shall give due notice of the vote and the fact that bonds will forthwith be issued payable from special assessments. Any owner of property to be benefited by the project may, within forty days after publication of such notice, file an action in the circuit court of the county in which his lands are located seeking relief by declaratory judgment or injunction. If a suit is filed the county attorney should represent the board of directors in upholding the validity of the proposed bond issue. After the lapse of time specified herein all actions by owners of properties to be benefited shall be forever barred.

(6) If no suit is filed and no injunction issued within the time allowed in subsection (5) of this section the board of directors shall by resolution authorize the issuance of bonds designated "watershed project assessment bonds", determining the principal amount thereof and establishing the denominations and maturity dates thereof and shall levy an annual assessment effective only upon the benefited properties and based on the acreage thereof. The annual rate of such assessments shall be fixed when other taxes of the district are levied and shall be sufficient in each year to provide for the payment of such bonds and interest coupons as they mature and sufficient to provide a fund equal to twenty (20) per cent of the average annual principal and interest requirements, the same to constitute a "debt service reserve" as a precaution against possible

default by failure to collect annual levies. The bonds shall state on their face that they do not constitute a debt of the district but are payable solely from collection of special assessments made upon benefited lands lying in the watershed conservancy district.

Section 82. KRS 424.290 is amended to read as follows:

(1) Not less than three days before any primary or regular election the county clerk shall cause to be published in a newspaper a copy of the face of the voting machines, *or where an electronic or electromechanical voting system is used, a copy of the ballot cards or supplementary material on which appear the names of candidates or issues to be voted upon.* Where the *lists of candidates or issues to be voted upon* [~~voting machine faces~~] differ for various precincts within the county, the county clerk shall cause to be published only one *set of data* [~~voting machine face~~] with appropriate notations showing the differences in the various precincts. If supplemental paper ballots have been approved as provided in KRS 118.215, the paper ballot shall be published at the same time as *other material required to be published by this subsection* [~~the face of the voting machine~~]. The cost of publication shall be paid by the county, except that the cost of publishing any voting *data required to be published by this subsection* [~~machine face~~] that is limited to a city election or a district election other than a school district election shall be paid by the city or the district as the case may be.

(2) "Copy," as used in subsection (1) of this section, means a summary of *candidates and issues to be voted upon* [~~a voting machine face~~] showing all the pertinent information that will appear, *upon which the voters will cast their votes at a particular polling place* [~~on a particular voting machine face~~].

Section 83. KRS 436.165 is amended to read as follows:

In addition to the provisions of KRS 436.160:

(2) The fiscal court of each county, except as to activities permitted under KRS 436.160, shall have exclusive power to enact resolutions or orders permitting and regulating other retail sales and activities on Sunday in that portion of the county which lies outside of the corporate limits of any cities within said county, subject to subsection (4) hereof.

(3) In any city, county, or urban-county government where the legislative body has failed to enact ordinances permitting retail sales and activities on Sunday, the matter may be put to a vote of the people. Upon a petition signed by eligible voters in a number equal to twenty-five percent (25%) of the voters who voted in the last general election, a proposition to permit retail sales and activities on Sunday shall be placed *before* [~~on~~] the *voters at* [~~ballot for~~] the next general election. Any such petition shall be submitted to the county clerk of that county for verification of the signatures. The petition shall be submitted at least three (3) months prior to a general election to be eligible for placement of the question *before* [~~on~~] the *voters* [~~ballot~~].

(4) Notwithstanding subsections (1), (2) and (3) of this section, any ordinance, resolution or order adopted by the legislative body of any city or the fiscal court of any county pertaining to retail sales and activities on Sunday shall be subject to the following limitations:

(a) No employer shall require as a condition of employment that any employe work on Sunday or on any other day of the week which any such employe may conscientiously wish to observe as a religious Sabbath.

(b) No employer shall in any way discriminate in the hiring or retaining of employes between those who designate a Sabbath as their day of rest and those who do not make such designation, provided, however, that the payment of premium or overtime wage rates for Sunday employment shall not be deemed discriminatory.

(c) No person permitted, under the provisions of this section, to engage in a retail business on Sunday shall be open to the public between the hours of 6 a.m. and noon on any Sunday.

(d) Every employer engaged in retail sales on Sunday shall allow each person employed by him in connection with such business or service at least twenty-four (24) consecutive hours of rest in each calendar week in addition to the regular periods of rest normally allowed or legally required in each working day.

(e) No business shall be required to be open on Sunday as part of a lease agreement, franchise agreement or any other contractual arrangement. The provisions of this subsection shall not apply to any lease agreement, franchise agreement or any other contractual arrangement entered into before July 15, 1980.

SJR 45, A JOINT RESOLUTION directing the Legislative Research Commission to conduct a study of the feasibility of constructing a legislative office building.

WHEREAS, the workload of the Kentucky General Assembly has been and is constantly increasing; and

WHEREAS, the citizens of the Commonwealth are becoming more aware of the efforts of the General Assembly to resolve many complex issues, as witnessed by ever increasing numbers of citizens attending committee meetings and observing the workings of the General Assembly; and

WHEREAS, all future interims beginning with January, 1983, are fully anticipated to be of far greater intensity than previous interims; and

WHEREAS, the present facilities afforded the General Assembly and its staff, while a marked improvement over past sessions, are not even now adequate for the efficient operations of the General Assembly; and

WHEREAS, to requisition additional space in the Capitol Annex would only displace other state agencies; and

WHEREAS, the construction of said Annex is not deemed appropriate for remodeling to accommodate legislative needs; and

WHEREAS, the General Assembly and its staff are spread over six different floors in three separate locations;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Legislative Research Commission is hereby directed to conduct a study of the feasibility of constructing a legislative office building.

Section 2. The study shall include, but not necessarily be limited to, an appropriate site, with first consideration given to the parking lot at the east end of the Capitol Annex building; the amount of office space needed; a suitable design; and the cost of construction.

Section 3. The study shall be completed and made available to the members of the General Assembly and to the Governor not later than January, 1983.

Section 4. Staff services to be utilized in completing this study are estimated to cost $8,000. These staff services shall be provided from the regular commission budget and are subject to the limitations and other research responsibilities of the commission.

Section 2. KRS 21.460 is amended to read as follows:

(1) If any member of the *plan* [~~system~~] ceases, other than by death or by disability retirement under KRS 21.410, to hold an office qualifying him for membership in the *plan* [~~system~~] established by KRS 21.350 to 21.480, without having *met the requirements for vesting* [~~completed eight (8) years of service~~], he shall be refunded on demand the amount of his accumulated contributions *and any service credit he had in the plan shall be nullified.*

(2) The member may elect to leave his contributions in the plan, in which event the service credit he had in the plan shall be considered to be service credit for vesting purposes as provided in KRS 21.375 and for service retirement eligibility as provided in KRS 61.680(7), and, in the event he again becomes a member of the judicial retirement plan, shall be counted toward his total service credit in that plan.

(3) If a person who has been refunded his contributions in accordance with subsection (1) of this section subsequently becomes a member of the legislators' retirement plan, the Kentucky employes' retirement system, county employes' retirement system, state police retirement system, or teachers' retirement system, he may while holding such membership repurchase the service credit he previously had in the judicial retirement plan by repaying to that plan the amount that was refunded to him with interest at six percent (6%) per annum, in which event such service credit shall have operative effect to the same limited extent as provided in subsection (2) of this section [~~including, in the case of a circuit judge, contributions made by him under the former KRS 23.350 before he became a member of the system established by KRS 21.350 to 21.510~~].

(4) If *a person who has been refunded his contribution in accordance with subsection (1) of this section* thereafter [~~he~~] becomes again the holder of an office qualifying him for membership in the *judicial retirement plan* [~~system~~], he shall not be entitled to credit for his prior period of service unless *he has previously repaid his refunded contributions in accordance with subsection (3) of this section or unless* at the time of his election to again participate in the *plan* [~~system~~] he repays to the *plan* [~~system~~] the amount that was refunded to him *with interest at six percent (6%) per annum.*

Section 3. KRS 61.680 is amended to read as follows:

(1) Every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof.

The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system. If the member has prior service in more than one system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of subsection (2)(a) of this section shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes retirement system or county employes retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes retirement system or county employes retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes retirement system, state police retirement system or the county employes retirement system who *becomes the holder of an office entitling him to* [~~enters the service of a department, board, agency or instrumentality of the Commonwealth whereby such person would be eligible for~~] membership in the judicial retirement *plan or the legislators' retirement plan, but who does not elect within thirty (30) days after taking office in such service to participate in such plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected* [~~system may elect~~] to retain membership in the system in which he is a member, either the Kentucky employes retirement system, state police retirement system or the county employes retirement system. *In that event* [~~When such an election is made~~], the agency employing the member shall withhold employe contributions, make employer contributions and remit these contributions to the system in which the member retained his membership. *Any person entitled to membership in the judicial retirement plan or the legislators' retirement plan, who does not elect within thirty (30) days after taking office to participate in such plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the teachers' retirement system, shall participate in the Kentucky employes' retirement system.*

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes retirement system or the county employes retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes retirement system or the county employes retirement system.

(b) Any person who has elected to retain membership in the teachers' retirement system as provided in subsection (a) of this section may cancel his election and participate in the system under which his position would normally participate, provided he elects to cancel his option prior to January 1, 1977.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system *and who does not elect within thirty (30) days after taking office to participate in the legislators' retirement plan, in accordance with KRS 6.505, shall* [~~may elect to retain membership in the teachers' retirement system~~] during his term of office [~~rather than~~] participate in the Kentucky employes retirement system *unless an* [~~. Such~~] election to retain membership in the teachers' retirement system *is* [~~must be~~] filed in writing within ninety (90) days after his term of office begins [~~or he will participate in the Kentucky employes retirement system during his term of office~~]. No contributions may be made to the teachers' retirement system for the same period of service under the *legislators' retirement plan or the* Kentucky employes retirement system as a member of the general assembly.

(5) Effective July 1, 1974 any member of the Kentucky employes retirement system or county employes retirement system who is working in a position covered by one (1) of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Any member of the Kentucky employes retirement system or county employes retirement system who is working in more than one position covered by one of these retirement systems, will have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, then an accumulation of all hours worked will be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section [~~and KRS 21.375~~], a person *who does not have the amount of service required for service retirement* [~~entering membership of the judicial~~

~~retirement system with service credit~~] in the state police retirement system, Kentucky employes retirement system, county employes retirement system or teachers' retirement system, *but who is a member of one of such systems or is a former member of one or more of such systems with valid service credit therein,* will become *eligible* [~~vested~~] for *service retirement* [~~early and normal retirement~~] benefits *attributable to the amount of his actual service credit* in each *such* system in which he has service credit when his combined service credit in all *such* systems, *plus any service credit he has in the judicial retirement plan or legislators' retirement plan,* is equal to that required for *service retirement* [~~vesting~~] in each respective system. *The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system.*

Section 4. KRS 6.505 is amended to read as follows:

(1) Each legislator in office on July 1, 1980 may within thirty (30) days after that date, and any legislator thereafter taking office may within thirty (30) days after the date thereof, elect to make monthly contributions to the legislators retirement plan, in an amount equal to five (5) percent of his monthly creditable compensation, as defined in KRS 61.510(13). The election shall be effective to establish membership in the plan as of July 1, 1980 or as of the date from which the thirty (30)-day period is measured, as the case may be. Provided, however, that any legislator *who was* in office on July 1, 1980 *and who is in office at the time he makes the election* may, after the expiration of the thirty (30) day period and until *May 1, 1982* [~~February 1, 1981~~], make the election, in which event he shall pay to the legislators retirement plan, for the months between July 1, 1980 and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system under KRS 6.535, will equal the member's contribution required by this section. *If the member makes his election after February 1, 1981, he shall in addition pay to the plan interest on the foregoing sum, at six percent (6%) per annum, calculated as if the sum consisted of equal monthly payments, one of which was due at the end of each month between July 1, 1980 and the date the election was made.* The election shall be addressed to and filed with the secretary of the department of finance and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five (5) percent thereof, as a voluntarily elected contribution by the member towards the funding of the legislators retirement plan. Such election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530. *An election once made under this section either to participate or not to participate in the legislators retirement plan, shall be considered to apply to all future service as a legislator, whether in the same or a different office as a legislator, and whether or not it is in successive terms.*

(2) When any legislator elects membership in the legislators retirement plan in accordance with this section, his active membership in the Kentucky employes retirement system, *state police retirement system,* county employes retirement system, or teachers retirement system shall terminate, as of the date his membership in the legislators' retirement plan becomes effective, [~~to the extent that service as a legislator is concerned,~~] and any credit [~~that he then has~~] in such other system or systems, earned for service as a legislator, *which he then has or which he subsequently regains while being an active member of the legislators' retirement plan,* shall be transferred to and counted as service credit in the legislators retirement plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected. *No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section, for the same period of service.*

(3) A member of the legislators' retirement plan who would be entitled, under KRS 61.552, to repurchase credit in the Kentucky employes retirement system, for previous service as a legislator, which credit had been lost by refund of contributions, may pay the amount required by KRS 61.552 directly to the legislators' retirement plan and thereby obtain credit in that plan for such service, rather than making payment to the Kentucky employes retirement system for credit which would be transferred to the legislators' retirement plan. In such event, the Kentucky employes retirement system shall transfer to the legislators retirement plan an amount equal to the employer's contributions that originally were made to the Kentucky employes retirement system for the regained service credit, with interest as provided in KRS 6.535. Six (6) months' current service shall be required in the legislators' retirement plan in order for the repurchased credit to remain in force, the same as provided in KRS 61.552.

Section 5. KRS 6.525 is amended to read as follows:

The legislators retirement plan shall be governed by provisions identical in terms with those provided in KRS 21.345(1) and (3), 21.370, 21.375, 21.380, 21.410, 21.420, 21.425, 21.460, 21.470, 21.480, [~~and~~] 21.525 *and 61.552* for the judicial retirement plan, except that five (5) years of service as a legislator will be sufficient for vesting. *For the purposes of this section, any reference in the KRS sections listed above, to the judicial retirement plan shall also be read as a reference to the legislators' retirement plan, and any reference to the legislators' retirement plan shall also be read as a reference to the judicial retirement plan.*

Section 6. KRS 161.607 is amended to read as follows:

(1) Any member of the teachers' retirement system who enters employment covered by the Kentucky employes retirement system, the state police retirement system, or the county employes retirement system, prior to July 1, 1976, may retain membership in the teachers' retirement system instead of joining the new system.

(2) *Retention of membership in the teachers' retirement system by* any member of the general assembly who upon election is a contributing member of the teachers' retirement system *shall be effected by conforming with KRS 61.680(4)(c)* [~~may elect to retain membership in that system during the term of office, instead of participating in the Kentucky employes retirement system~~]. Members of the general assembly who [~~elect to~~] retain membership shall make retirement contributions based upon their annual compensation as defined under KRS Chapter 161.220 or on their creditable compensation as defined under KRS Chapter 61.510, whichever is the larger amount. Service as a member of the general assembly may be used to meet the service requirements of KRS 61.680(2)(a) and 161.510 regardless of the system to which contributions are made by the member.

(3) Any member of the teachers' retirement system entering employment as described in subsection (1) [~~or (2)~~] above must exercise the option within ninety (90) days of the beginning of such employment. [~~Current members of the general assembly must exercise the option within ninety (90) days after July 1, 1980.~~]

(4) Persons who enter service covered by the teachers' retirement system prior to July 1, 1976, and who hold membership in a Kentucky retirement system financed in whole or part with public funds may retain membership in that system providing the statutes and regulations governing said system make continued membership possible.

(5) Any person who has elected an option provided in the above subsections may cancel such election and gain membership in the system which normally covers the position in which currently employed, provided that such cancellation of option election must be completed prior to January 1, 1977.

Section 7. KRS 6.535 is amended to read as follows:

When a legislator[~~, at the time he obtains membership in the legislators retirement plan,~~] has service credit in the Kentucky employes retirement system, county employes retirement system, *state police retirement system,* or teachers retirement system, earned for service as a legislator, which credit by virtue of KRS 6.505 will become credit in the legislators retirement *plan* [~~system~~], such other system shall transfer to the legislators retirement fund an amount equal to the employe's and employer's contributions attributable to that credit, together with interest on each such contribution, from the date it was made to the date of transfer, at the statutory rate, if any, applicable to such contributions, or if none, at the *rates* [~~rate~~] of interest assumed by such other system for actuarial purposes [~~at the time the contribution was made~~].

Section 8. KRS 6.520 is amended to read as follows:

(1) A member of the legislators retirement plan who retires on or after his normal retirement date but not before December 30, 1981, shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to three and fifty one-hundredths percent (3.50%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the member for services as a legislator for the sixty (60) months of service immediately preceding retirement.

Section 2. KRS 21.460 is amended to read as follows:

(1) If any member of the *plan* [~~system~~] ceases, other than by death or by disability retirement under KRS 21.410, to hold an office qualifying him for membership in the *plan* [~~system~~] established by KRS 21.350 to 21.480, without having *met the requirements for vesting* [~~completed eight (8) years of service~~], he shall be refunded on demand the amount of his accumulated contributions *and any service credit he had in the plan shall be nullified.*

Section 3. KRS 61.680 is amended to read as follows:

(1) Every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof.

(2) (a) Notwithstanding any other provisions of KRS 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement a member's accounts under the state police retirement system, Kentucky employes retirement system, county employes retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system. If the member has prior service in more than one system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of subsection (2)(a) of this section shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes retirement system or county employes retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes retirement system or county employes retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes retirement system, state police retirement system or the county employes retirement system who *becomes the holder of an office entitling him to* [~~enters the service of a department, board, agency or instrumentality of the Commonwealth whereby such person would be eligible for~~] membership in the judicial retirement *plan or the legislators' retirement plan, but who does not elect within thirty (30) days after taking office in such service to participate in such plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected* [~~system may elect~~] to retain membership in the system in which he is a member, either the Kentucky employes retirement system, state police retirement system or the county employes retirement system. *In that event* [~~When such an election is made~~], the agency employing the member shall withhold employe contributions, make employer contributions and remit these contributions to the system in which the member retained his membership. *Any person entitled to membership in the judicial retirement plan or the legislators' retirement plan, who does not elect within thirty (30) days after taking office to participate in such plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the teachers' retirement system, shall participate in the Kentucky employes' retirement system.*

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes retirement system or the county employes retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes retirement system or the county employes retirement system.

(b) Any person who has elected to retain membership in the teachers' retirement system as provided in subsection (a) of this section may cancel his election and participate in the system under which his position would normally participate, provided he elects to cancel his option prior to January 1, 1977.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system *and who does not elect within thirty (30) days after taking office to participate in the legislators' retirement plan, in accordance with KRS 6.505, shall* [~~may elect to retain membership in the teachers' retirement system~~] during his term of office [~~rather than~~] participate in the Kentucky employes retirement system *unless an* [~~. Such~~] election to retain membership in the teachers' retirement system *is* [~~must be~~] filed in writing within ninety (90) days after his term of office begins [~~or he will participate in the Kentucky employes retirement system during his term of office~~]. No contributions may be made to the teachers' retirement system for the same period of service under the *legislators' retirement plan or the* Kentucky employes retirement system as a member of the general assembly.

(5) Effective July 1, 1974 any member of the Kentucky employes retirement system or county employes retirement system who is working in a position covered by one (1) of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Any member of the Kentucky employes retirement system or county employes retirement system who is working in more than one position covered by one of these retirement systems, will have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, then an accumulation of all hours worked will be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section [~~and KRS 21.375~~], a person *who does not have the amount of service required for service retirement* [~~entering membership of the judicial retirement system with service credit~~] in the state police retirement system, Kentucky employes retirement system, county employes retirement system or teachers' retirement system, *but who is a member of one of such systems or is a former member of one or more of such systems with valid service credit therein,* will become *eligible* [~~vested~~] for *service retirement* [~~early and normal retirement~~] benefits *attributable to the amount of his actual service credit* in each *such* system in which he has service credit when his combined service credit in all *such* systems, *plus any service credit he has in the judicial retirement plan or legislators' retirement plan,* is equal to that required for *service retirement* [~~vesting~~] in each respective system. *The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system.*

Section 4. KRS 6.505 is amended to read as follows:

(1) Each legislator in office on July 1, 1980 may within thirty (30) days after that date, and any legislator thereafter taking office may within thirty (30) days after the date thereof, elect to make monthly contributions to the legislators retirement plan, in an amount equal to five (5) percent of his monthly creditable compensation, as defined in KRS 61.510(13). The election shall be effective to establish membership in the plan as of July 1, 1980 or as of the date from which the thirty (30)-day period is measured, as the case may be. Provided, however, that any legislator *who was* in office on July 1, 1980 *and who is in office at the time he makes the election* may, after the expiration of the thirty (30) day period and until *May 1, 1982* [~~February 1, 1981~~], make the election, in which event he shall pay to the legislators retirement plan, for the months between July 1, 1980 and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system under KRS 6.535, will equal the member's contribution required by this section. *If the member makes his election after February 1, 1981, he shall in addition pay to the plan interest on the foregoing sum, at six percent (6%) per annum, calculated as if the sum consisted of equal monthly payments, one of which was due at the end of each month between July 1, 1980 and the date the election was made.* The election shall be addressed to and filed with the secretary of the department of finance and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five (5) percent thereof, as a voluntarily elected contribution by the member towards the funding of the legislators retirement plan. Such election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530. *An election once made under this section either to participate or not to participate in the legislators retirement plan, shall be considered to apply to all future service as a legislator, whether in the same or a different office as a legislator, and whether or not it is in successive terms.*

(2) When any legislator elects membership in the legislators retirement plan in accordance with this section, his active membership in the Kentucky employes retirement system, *state police retirement system,* county employes retirement system, or teachers retirement system shall terminate, as of the date his membership in the legislators' retirement plan becomes effective, [~~to the extent that service as a legislator is concerned,~~] and any credit [~~that he then has~~] in such other system or systems, earned for service as a legislator, *which he then has or which he subsequently regains while being an active member of the legislators' retirement plan,* shall be transferred to and counted as service credit in the legislators retirement plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected. *No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section, for the same period of service.*

(3) A member of the legislators' retirement plan who would be entitled, under KRS 61.552, to repurchase credit in the Kentucky employes retirement system, for previous service as a legislator, which credit had been lost by refund of contributions, may pay the amount required by KRS 61.552 directly to the legislators' retirement plan and thereby obtain credit in that plan for such service, rather than making payment to the Kentucky employes retirement system for credit which would be transferred to the legislators' retirement plan. In such event, the Kentucky employes retirement system shall transfer to the legislators retirement plan an amount equal to the employer's contributions that originally were made to the Kentucky employes retirement system for the regained service credit, with interest as provided in KRS 6.535. Six (6) months' current service shall be required in the legislators' retirement plan in order for the repurchased credit to remain in force, the same as provided in KRS 61.552.

Section 5. KRS 6.525 is amended to read as follows:

The legislators retirement plan shall be governed by provisions identical in terms with those provided in KRS 21.345(1) and (3), 21.370, 21.375, 21.380, 21.410, 21.420, 21.425, 21.460, 21.470, 21.480, [~~and~~] 21.525 *and 61.552* for the judicial retirement plan, except that five (5) years of service as a legislator will be sufficient for vesting. *For the purposes of this section, any reference in the KRS sections listed above, to the judicial retirement plan shall also be read as a reference to the legislators' retirement plan, and any reference to the legislators' retirement plan shall also be read as a reference to the judicial retirement plan.*

Section 6. KRS 161.607 is amended to read as follows:

(1) Any member of the teachers' retirement system who enters employment covered by the Kentucky employes retirement system, the state police retirement system, or the county employes retirement system, prior to July 1, 1976, may retain membership in the teachers' retirement system instead of joining the new system.

(2) *Retention of membership in the teachers' retirement system by* any member of the general assembly who upon election is a contributing member of the teachers' retirement system *shall be effected by conforming with KRS 61.680(4)(c)* [~~may elect to retain membership in that system during the term of office, instead of participating in the Kentucky employes retirement system~~]. Members of the general assembly who [~~elect to~~] retain membership shall make retirement contributions based upon their annual compensation as defined under KRS Chapter 161.220 or on their creditable compensation as defined under KRS Chapter 61.510, whichever is the larger amount. Service as a member of the general assembly may be used to meet the service requirements of KRS 61.680(2)(a) and 161.510 regardless of the system to which contributions are made by the member.

(3) Any member of the teachers' retirement system entering employment as described in subsection (1) [~~or (2)~~] above must exercise the option within ninety (90) days of the beginning of such employment. [~~Current members of the general assembly must exercise the option within ninety (90) days after July 1, 1980.~~]

(4) Persons who enter service covered by the teachers' retirement system prior to July 1, 1976, and who hold membership in a Kentucky retirement system financed in whole or part with public funds may retain membership in that system providing the statutes and regulations governing said system make continued membership possible.

(5) Any person who has elected an option provided in the above subsections may cancel such election and gain membership in the system which normally covers the position in which currently employed, provided that such cancellation of option election must be completed prior to January 1, 1977.

Section 7. KRS 6.535 is amended to read as follows:

When a legislator[~~, at the time he obtains membership in the legislators retirement plan,~~] has service credit in the Kentucky employes retirement system, county employes retirement system, *state police retirement system,* or teachers retirement system, earned for service as a legislator, which credit by virtue of KRS 6.505 will become credit in the legislators retirement *plan* [~~system~~], such other system shall transfer to the legislators retirement fund an amount equal to the employe's and employer's contributions attributable to that credit, together with interest on each such contribution, from the date it was made to the date of transfer, at the statutory rate, if any, applicable to such contributions, or if none, at the *rates* [~~rate~~] of interest assumed by such other system for actuarial purposes [~~at the time the contribution was made~~].

Section 8. KRS 6.520 is amended to read as follows:

(1) A member of the legislators retirement plan who retires on or after his normal retirement date but not before December 30, 1981, shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to three and fifty one-hundredths percent (3.50%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the member for services as a legislator for the sixty (60) months of service immediately preceding retirement, *except that in the case of a legislator who retires pursuant to KRS 21.410 or who dies in office, "final compensation" shall be two thousand two hundred ninety-one dollars sixty-six cents ($2,291.66)*.

(2) A member shall have rights, with respect to retirement before reaching normal retirement date, but not before December 30, 1981, in the legislators retirement plan, identical in terms with those rights provided in KRS 21.400[~~(1) and~~] (2) *and (3)* in the judicial retirement plan for members of that plan, *except that the reduction in a legislators service retirement allowance for early retirement shall be at the rate of five percent (5%) of the allowance for each year that retirement precedes the normal retirement date.*

(3) Survivor benefits shall not be subject to the December 30, 1981 deferment date as specified in subsection (1) of this section.

SECTION 9. A NEW SECTION OF KRS CHAPTER 21 IS CREATED TO READ AS FOLLOWS:

An election once made under KRS 21.360, either to participate or not to participate in the judicial retirement plan, shall be considered to apply, to all future service in any office covered by the plan, whether such service is in the same or a different office, and whether or not it is continuous.

Section 10. KRS 21.425 is amended to read as follows:

(1) In any circumstances in which a surviving spouse would be entitled to any allowance under KRS 21.420, but there is no surviving spouse or the surviving spouse subsequently dies, and there is a surviving child or children of the members under the age of 18, the monthly allowance that the surviving spouse would have received or was receiving shall be continued for the benefit of such child or children remaining under the age of 18 until there are none under the age of 18.

(2) A member may designate his child or children under the age of eighteen (18) to receive the death benefit payable under KRS 21.420 instead of his spouse, or he may designate that his spouse shall receive a percentage of the death benefit, and his child or children under the age of eighteen (18) shall receive the remainder. The member making such a choice shall designate his beneficiary or beneficiaries in writing to the manager of the judicial form retirement system on a form provided by the manager.

Funds appropriated to the School Foundation Program shall be allotted to school districts in accordance with KRS 157.310 through 157.430 and 157A.090, except that the total of the funds allotted shall not exceed the appropriations for this purpose except as provided in this Act. If funds appropriated to the School Foundation Program are insufficient to provide the amount of money required under KRS 157.390(6), allotments to local school districts shall be reduced in accordance with KRS 157.430.

The amount to be included for the 1982-83 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$16,450	$14,600	$12,750	$10,820	$9,890
4-9 years	18,290	16,450	14,600	10,820	9,890
10 years & over	19,960	18,110	16,260	10,820	9,890

Beginning with the school year 1983-84, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$17,590	$15,740	$13,890	$11,960	$11,030
4-9 years	19,430	17,590	15,740	11,960	11,030
10 years and over	21,100	19,250	17,400	11,960	11,030

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Department of Revenue. Said department shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1982-83 and 1983-84 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

The General Assembly acknowledges that included in the Finance Secretary's Order 82-96 is decreased funding for the School Foundation Program for school year 1981-82. One result of that appropriation reduction is that state funds are not provided for the cost of two (2) of the four (4) in-service days provided by KRS 158.070(3). The General Assembly hereby ratifies said funding reduction for school year 1981-82, but reestablishes funding for all four (4) in-service days for school years 1982-83 and 1983-84. However, included in the appropriation in fiscal year 1982-83 is $5,500,000 to reimburse school districts for the above mentioned, unfunded two (2) in-service days in the 1981-82 fiscal year. The Department of Education shall cause this reimbursement to be distributed not later than July 31, 1982, in amounts determined by the Department of Education.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:020, except that for purposes of calculation of salary allotments under the Foundation Program, the number of days of employment beyond 185 days shall be established in regulations promulgated by the State Board of Education upon recommendation by the Superintendent of Public Instruction, and funding for these extended employment days shall not exceed $18,761,100 in fiscal year 1982-83 and $19,820,000 in fiscal year 1983-84.

The allotments of basic classroom units for grades four (4) through twelve (12) shall be made on the basis of one for every twenty-seven (27) pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1982-83	1983-84

Provided, however, that if the budgeted units in any category of classroom units — Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration — prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1982-83 and fiscal year 1983-84 on the basis of one for every two classes with 25 pupils enrolled in each class.

Notwithstanding the provisions of KRS 157.360(7)(a), the total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by 9. Allotments for classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1982-84 biennium shall be determined by multiplying the number of classroom units by: $3,680 in the 1982-83 school year and $4,050 in the 1983-84 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1982-83 school year and $1,900 in the 1983-84 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1982-83 and 1983-84 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, Section 8, of this Act, and the provisions of KRS 45.160.

There is included in the above appropriation for fiscal year 1982-83, $7,000,000 for the purpose of reimbursing school districts for transportation expenses incurred during fiscal year 1981-82.

In such case, the judicial officer shall make such orders as may be appropriate.

(b) If a bond with sufficient surety is filed within ten (10) days after levy of the writ of possession and defendant's sureties are not excepted to, the sheriff shall redeliver the property to defendant upon expiration of the time to so except, upon receiving his fees for taking and necessary expenses for keeping the property not already paid or advanced by the plaintiff.

(2) Notwithstanding subsection (1), where not otherwise provided by contract, upon a showing that the property is perishable or will greatly deteriorate or depreciate in value or for some other reason that the interests of the parties will best be served thereby, the judicial officer may order that the property be sold and the proceeds deposited in the court to abide the judgment in the action.

(3) If it is impractical, or impossible, for the sheriff to retain possession and control of the property levied upon, he may:

(a) Immediately, upon seizure, place the property in the hands of the plaintiff, who shall be required to keep the property in a secure place and manner within the Commonwealth of Kentucky for the mandatory ten (10) day holding period, subject to all provisions of paragraphs (1)(b) and (c) of this section excepting those of expenses and fees. Should the property held by the plaintiff be redeemed, ordered returned, or a defendant's bond posted, all costs of removing the property from the county in which the levy was made, cost of storage while in the hands of the plaintiff during the ten-day holding period, and costs of return to said county, shall be paid by the plaintiff.

(b) If the property levied upon shall consist of all, or substantially all, of the property within a structure or area, not used as a dwelling, and upon consent of the defendant, should the defendant be available to the sheriff, and upon the consent of the owner of the real property, if different from the defendant, the sheriff shall be authorized to levy the writ of possession by securing with locks, or other means, the place or area, and holding the property at the place or area where it is found and levied upon.

Section 7. KRS 425.116 is amended to read as follows:

(1) The defendant or any other person claiming interest in the property, may prevent the plaintiff from taking possession of property pursuant to a writ of possession or regain possession of property so taken by filing with the court in which the action was brought, a written bond executed by one or more sufficient sureties in an amount equal to either the amount of the plaintiff's bond required by KRS 425.111 or if there has been no judicial determination, the value of the property stated in the plaintiff's application for a writ of possession. The bond shall state that, if the plaintiff recovers judgment on the action, the defendant shall pay all costs awarded to the plaintiff and all damages that the plaintiff may sustain by reason of the loss of possession of the property, not exceeding the amount of the bond. The damages recoverable by the plaintiff pursuant to this section shall include all damages proximately caused by the plaintiff's failure to gain or retain possession, *up to and including the value of the property at the time the plaintiff sought the writ of possession, plus plaintiff's actual court costs expended, other necessary expenditures incurred in the levy of the writ of possession, and, if authorized by separate statute, plaintiff's reasonable attorney's fees not to exceed fifteen percent (15%) of the value of the security levied upon.*

(2) The defendant's bond may be filed at any time before or after levy of the writ of possession. A copy of the bond shall be mailed to the levying officer and to the plaintiff. A certification stating that such copies have been mailed shall be filed with the court at the time the bond is filed.

(3) The defendant's bond shall state the address to which a copy of the notice of exception to sureties may be sent.

(4) If an undertaking for redelivery is filed and defendant's sureties are not excepted to, the levying officer shall deliver the property to the defendant, or, if the plaintiff has previously been given possession of the property, the plaintiff shall deliver such property to the defendant. If a bond for redelivery is filed and defendant's sureties are excepted to, the provision of KRS 425.101 shall apply.

Section 8. KRS 425.309 is amended to read as follows:

(1) An order of attachment shall not be issued until a bond has been executed by one or more sufficient sureties of the plaintiff in an amount not less than double the amount of the plaintiff's claim.

(2) Should the defendant post a bond, with sufficient sureties, insuring compliance with a final judgment, in an amount equal to the plaintiff's claim, including court costs and attorney's fees as stated in plaintiff's complaint, the attachment shall be dissolved and any proceeds of the attachment received by the plaintiff shall be returned to the defendant.

(3) Exceptions to sureties shall be made in accordance with KRS 425.121.

Section 9. KRS 425.501 is amended to read as follows:

(1) Any person in whose favor a final judgment in personam has been entered in any court of record of this state may, upon the filing of an affidavit by him or his agent or attorney in the office of the clerk of the court in which the judgment was entered, and in the same cause in which said judgment was obtained showing the date of the judgment and the amount due thereon, and that one or more named persons hold property belonging to, or are indebted to, the judgment debtor, obtain an order of garnishment *to be served in accordance with the Rules of Civil Procedure* [~~directed to the sheriff, with as many copies as the plaintiff may direct, requiring him to summon the garnishees named in the affidavit to answer in the manner and at the time required for an answer by the Rules of Civil Procedure, and to make due return thereof. The order shall be made returnable as an order of arrest is directed to be returned~~].

(2) The judgment plaintiff shall not be required to execute bond to obtain the order.

(3) The order of garnishment shall be served on the persons named as garnishees, and in addition a copy thereof shall be delivered by the garnishee to the judgment debtor or mailed to him at his last known address.

(4) The judgment debtor may, on the return day, appear and claim the exemption of any property or debt that is exempt from execution, and on proof of exemption the garnishment shall be discharged as to the exempt property or debt.

(5) If the court finds that the garnishee was, at the time of service of the order upon him, possessed of any property of the judgment debtor, or was indebted to him, and the property or debt is not exempt from execution, the court shall order the property or the proceeds of the debt applied upon the judgment.

(6) Subsequent orders of garnishment against the same or other garnishees may be issued in the same manner until the judgment is satisfied.

(7) The provisions of KRS chapter 427 shall, as far as applicable, govern proceedings under the order.

(8) The order of garnishment shall be *served in accordance with the Rules of Civil Procedure* [~~directed and delivered to the sheriff, with as many copies thereof as the plaintiff may direct~~]. It shall [~~require the sheriff to~~] summon the garnishees to answer in the action in the manner and at the time required for an answer by the Rules of Civil Procedure[~~, and to make due return thereof~~].

Section 10. KRS 425.086 is amended to read as follows:

(1) In any case where the plaintiff has made a motion for a writ of possession under KRS 425.076 the court may in its discretion deny the motion for the writ and issue instead a temporary restraining order

under this chapter if it determines that the requirements of subsection (3) of KRS 425.076 are satisfied but that the issuance of the temporary restraining order instead of the writ of possession would be in the interest of justice and equity to the parties, taking into account the effect on the defendant of issuing a writ of possession ex parte, the effect on the plaintiff of issuing the temporary restraining order instead of the writ and other factors that bear on equity and justice under the circumstances of the particular case.

(2) If the court issues a temporary restraining order under this section, the plaintiff's motion for a writ of possession shall be treated as a motion for a writ of possession under KRS 425.011 [~~and the plaintiff shall comply with the requirements of service provided in KRS 425.021~~].

Section 11. KRS 425.021, Service of pleadings on defendant, is repealed.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 394 IS CREATED TO READ AS FOLLOWS:

Property prevented from passing to a former spouse because of revocation by divorce or annulment passes as if the former spouse failed to survive the decedent, and other provisions conferring some power or office on the former spouse are interpreted as if the spouse failed to survive the decedent. If provisions are revoked solely by this section, they are revived by the testator's remarriage to the former spouse.

(2) This section shall apply to wills executed on or after the effective date of this section.

Section 2. KRS 394.080 is amended to read as follows:

No will or codicil, or any part thereof, shall be revoked, except:

Section 1. KRS 44.086 is amended to read as follows:

(2) If the claim is under *one thousand dollars ($1,000) it will be investigated by the board in-house* [~~five hundred dollars ($500)~~] and *if* the board believes it needs additional facts before deciding the claim, the parties may provide the needed information by letter or as directed by the board.

(3) The board shall hold hearings on contested claims whose value is five hundred dollars ($500) or greater but may decide claims under five hundred dollars ($500) without a hearing [~~unless the claimant asks the board for a hearing~~].

(4) At its hearings, the board, or any of its members, or any of its hearing officers shall hear the parties at issue and their representatives and witnesses.

(4) If the extension of credit made under this section is payable in installments, the bank or trust company or combined bank and trust company may, upon agreement with the debtor, extend the scheduled payment or all or part of any installment payment or payments, or renew the balance of such extension of credit. ~~(4) The lending institution shall permit the borrower to repay his loan in whole or in part at any time. If a loan is paid in full prior to maturity, the lending institution shall make a rebate at a rate not less than in accordance with the Rule of 78s if the maximum financing charge permitted hereunder has been taken. If a lesser charge has been taken, the rebate shall be at not less than a proportional rate. Provided,~~

~~however, the lending institution shall be permitted in computing rebates to retain a minimum charge of ten dollars ($10.00) to cover its acquisition costs and where the amount of credit for anticipation of repayment is less than one dollar ($1.00), no rebate need be made.~~

As used in KRS 56.070 to 56.180, unless the context requires otherwise:

(1) "Subject of risk" means any or all property reasonably considered to be subject to loss or damage by any single occurrence of any event insured against.

(2) [~~"Extended coverage" means the perils of windstorm, hail, explosion, riot, riot attending a strike, civil commotion, aircraft, vehicles and smoke as used and defined in the Uniform Standard Form approved by the former division of insurance as of June 15, 1950.~~

~~(3)~~] "Department" means the department of insurance.

Section 2. KRS 56.070 is amended to read as follows:

(1) *The department of insurance shall determine which state property shall be insured against loss by fire and other hazards.* [~~No officer or agent of the state, and no person or agency of the state having control or custody of any buildings or other property belonging to or controlled or used by the state or any agency of the state shall pay out any state money for the purchase of insurance against loss to state property by fire or the perils included in extended coverage, or incur any indebtedness against the state for such insurance.~~

~~(2) Subsection (1) of this section does not apply to property financed under a statutory amortization plan which has not been completed, or to the reinsurance of state property under KRS 56.160.~~] The department of insurance shall insure with a responsible company or companies authorized to do business in Kentucky all property financed under a statutory amortization plan, to the extent of the lien indebtedness upon the property or to the extent of its reasonable value, whichever is the lesser.

(2)[~~(3)~~] Any officer or agent of the state having control or custody of any property belonging to or controlled or used by the state or any agency of the state may, with the approval of the secretary of the department of finance and the department of insurance, from the funds allotted to such agency, purchase insurance of an additional kind or kinds which cannot properly be covered in the state fire and tornado insurance fund.

Section 3. KRS 56.090 is amended to read as follows:

Before July 1 of each year the department of insurance shall fix, upon each public building and upon each class of personal property belonging to or controlled or used by the state or any agency of the state, the rate of premium that the department of insurance deems to be the average rate charged by responsible insurance companies doing business in this state for insurance against damage by fire and *other hazards* [~~the perils included in extended coverage~~] upon property of like kind and degree of risk. The premium and insurance shall be calculated upon ninety per cent (90%) of the valuation. Before July 1 of each year the department of insurance shall certify to the state treasurer the premium to be charged against each agency of the state.

Section 4. KRS 56.100 is amended to read as follows:

Each fiscal year the state treasurer shall deduct from any funds in his hands payable to an agency for the care and maintenance of public buildings or property, an amount equal to the premiums certified to him as chargeable against that agency. The amount so debited shall be credited to an account kept by the state treasurer and known as the state fire and tornado insurance fund. No premium shall be charged on any one (1) subject of risk upon a valuation of more than *five* [~~three~~] hundred thousand dollars *($500,000)* [~~($300,000)~~] unless the department of insurance has contracted for reinsurance that limits the liability of the fund to *five* [~~three~~] hundred thousand dollars *($500,000)* [~~($300,000)~~] upon such subject of risk.

Section 5. KRS 56.120 is amended to read as follows:

If the agency deems it impracticable or undesirable to use the money for repair, reconstruction or replacement of the property damaged or destroyed, it may, with the approval of the department of finance, and subject to the provisions of KRS 56.491, expend said funds for the acquisition, repair, construction or reconstruction of property similar to the property damaged or destroyed. No debit, credit, or payment made on account of the damage to any one (1) subject of risk, by any one (1) loss, shall be in excess of *five* [~~three~~] hundred thousand dollars *($500,000)* [~~($300,000)~~], unless the department of insurance has effected reinsurance upon the subject of risk such as to limit the liability of the state fire and tornado insurance fund to *five* [~~three~~] hundred thousand dollars *($500,000)* [~~($300,000)~~], and unless the excess over this amount has actually been paid into the fund by the reinsuring company or companies.

Section 6. KRS 56.160 is amended to read as follows:

With the approval of the department of finance, the department of insurance may contract with any responsible fire and tornado insurance or reinsurance company authorized to do business in Kentucky to reinsure any subject of risk of which the total valuation has been fixed at over *five* [~~three~~] hundred thousand dollars *($500,000)* [~~($300,000)~~] in such a way as to limit the net liability of the state fire and tornado insurance fund with respect to such subject of risk to *five* [~~three~~] hundred thousand dollars *($500,000)* [~~($300,000)~~]. The premium for reinsurance shall be paid out of the state fire and tornado insurance fund, on warrant of the department of finance.

Section 7. KRS 56.180 is amended to read as follows:

(1) If at the end of any fiscal year the moneys and securities to the credit of the state fire and tornado insurance fund exceed *five* [~~two~~] million dollars *($5,000,000)* [~~($2,000,000)~~], any such excess shall be *transferred to the general fund* [~~available to the department of finance for the purpose of improving conditions relating to life and fire safety in state properties. Such improvements may include but not be limited to the constructing and equipping of a fire house in the capital city. Allocations by the department of finance shall be made on the basis of recommendations made pursuant to KRS 56.170 by the commissioner of insurance~~].

(2) *The moneys and securities to the credit of the state fire and tornado insurance fund shall not be used for any purpose unrelated to fund operations* [~~If conditions with respect to life and fire safety in state properties are such as not to require the expenditure of all excess funds for such improvements, then the commissioner of insurance and the secretary of the department of finance shall determine the amount of such excess not so required and may authorize its transfer to the capital construction fund~~].

throughout the Commonwealth, and for incidental use in any other proper public functions. Any such lease may be for any initial term commencing with the date of such lease and ending with the next ensuing June 30 which is the close of the then current fiscal biennium of the Commonwealth with exclusive options in favor of the board to renew the same for successive ensuing bienniums (July 1 in each even year to June 30 in the next ensuing even year); and the rentals may be fixed at such sums in each biennium, if renewed, as will be sufficient to enable the state property and buildings commission to pay therefrom the maturing principal of and interest on (and provide reserves for) any revenue bonds which said state property and buildings commission may determine to be necessary and sufficient, in agreement with the board, to provide the cost of acquiring such television and related facilities, with appurtenances and such costs as may be incident to the issuance of such bonds.

(b) Each such option of the state board *of* [~~for elementary and secondary~~] education to renew the lease for a succeeding biennial term may be exercised at any time after the adjournment of the session of the general assembly at which appropriations shall have been made for the operation of the state government for such succeeding biennial term, by notifying the state property and buildings commission in writing, signed by the superintendent of public instruction, and delivered to the secretary of the executive department for finance and administration as a member of said commission; Provided, however, That such option shall be deemed automatically exercised, and the lease automatically renewed for the succeeding biennium, effective on the first day thereof, unless a written notice of the board's election not to renew shall have been delivered in the office of the secretary of the executive department for finance and administration before the close of business on the last working day in April immediately preceding the beginning of such succeeding biennium.

(c) The board shall not itself operate such leased television facilities, or undertake the preparation of the educational presentations or films to be transmitted thereby, but may enter into one or more contracts to provide therefor, with any public agency and instrumentality of the Commonwealth having, or able to provide, a staff with proper technical qualifications, upon which agency and instrumentality the board, through the superintendent of public instruction and the department of education, is represented in such manner as to coordinate matters of curriculum with the curricula prescribed for the public schools of the Commonwealth. Any such contract for the operation of the leased television or related facilities may permit limited and special uses of the television or related facilities for other programs in the public interest, subject to such reasonable terms and conditions as the board and the operating agency and instrumentality may agree upon; but any such contract shall affirmatively forbid the use of the television or related facilities, at any time or in any manner, in the dissemination of political propaganda or in furtherance of the interest of any political party or candidate for public office, or for commercial advertising. No lease between the board and the state property and buildings commission shall bind the board to pay rentals for more than one fiscal biennium at a time, subject to the aforesaid renewal options. The board may receive and may apply to rental payments under any such lease and to the cost of providing for the operation of such television or related facilities not only appropriations which may be made to it from state funds, from time to time, but also contributions, gifts, matching funds, devises and bequests from any source, whether federal or state, and whether public or private, so long as the same are not conditioned upon any improper use of the television or related facilities in a manner inconsistent with the provisions of this subsection.

(4) The state board *of* [~~for elementary and secondary~~] education may, on the recommendation and with the advice of the superintendent of public instruction, prescribe, print, publish and distribute at public expense such rules, regulations, courses of study, curriculums, bulletins, programs, outlines, reports and placards as it deems necessary for the efficient management, control and operation of the schools under its jurisdiction. All rules and regulations published or distributed by the board shall be inclosed in a booklet or binder on which the words "informational copy" shall be clearly stamped or printed.

(5) Upon the recommendation of the superintendent of public instruction or his designee the state board of education shall establish policy or act on all matters relating to programs, services, publications, capital construction and facility renovation, equipment, litigation, contracts, budgets and all other matters which are the administrative responsibility of the department of education.

The state board of education and the state department of education shall not operate or administer any programs for such degrees. No institution of public higher education, including the community colleges, shall offer any new program of a vocational-technical-occupational nature below the associate degree level without the consent of the state board of education. The state board of education, with approval of the council on higher education, may contract with institutions of public higher education for the operation of specific programs and projects.

(7) The department of education shall administer, supervise, and operate all programs offered in the state vocational technical schools and area vocational education centers, or may, with the approval of the state board of education, contract with a local school system for such services.

(9) The state board of education, in conjunction with the council on higher education, shall, by program title, prepare a complete listing of programs of a vocational-technical-occupational type offered in public institutions of higher education and the community colleges, state vocational-technical schools and centers, and junior and senior high schools. These listings shall distinguish between vocational-technical-occupational programs for which approval is required by the state board of education and other general education programs.

(10) The state board of education shall have the authority and responsibility to review and to make recommendations to the council on higher education concerning both new programs and existing programs at the associate degree level offered at the institutions of public higher education, including the community colleges, if these programs are of a vocational-technical-occupational type.

SB 273, AN ACT relating to exceptional children.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.280 is amended to read as follows:

(1) If the number of children of school age in one (1) classification of exceptionality in a district is not sufficient to justify a special education program for that exceptionality in that district, or if a school district does not provide a special education program for that exceptionality, the board shall provide a program by contract with another county or independent district or private organization that maintains a special education program approved by the state board *of* [~~for elementary and secondary~~] education for that exceptionality[~~, the cost of which shall not exceed the amount designated by the state department of education for a child of that particular exceptionality~~]. When a district or private organization undertakes, under operation of a tuition contract or of law, to provide in its classes for these pupils residing in another district, the district of residence of these pupils shall share the total cost of the special education program in proportion to the number of pupils or in accordance with contract agreement between the two (2) districts or district and private organization.

(2) The school board of the school district in which any child resides shall pay for his transportation to and from the program in the other school district or to the private organization. However, if the school board of the other district or the private organization providing the program also provides transportation, the cost of transportation shall be included in the total cost.

(3) If a child of school age is admitted for resident instruction at the Kentucky School for the Deaf or the Kentucky School for the Blind, under regulation of the state board *of* [~~for elementary and secondary~~] education and under provisions of KRS 167.015 to 167.170, the district in which the child resides shall provide transportation to and from the school on a regularly scheduled basis, at intervals of no less than once each month while the child is enrolled, either by individual district or in cooperation with other school districts on a regional basis, as approved by the state board *of* [~~for elementary and secondary~~] education upon recommendation of the superintendent of public instruction.

Section 2. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for exceptional children, classroom units for kindergarten, classroom units for gifted and talented children when units are included in the executive budget, classroom units for superintendents, administrative and special instructional services, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) In allotting classroom units for elementary and secondary schools, one (1) classroom unit shall be included for each twenty-seven (27) pupils in average daily attendance in grades one (1) through twelve (12); provided, however, that one (1) classroom unit shall be included for each isolated one-teacher school with twelve (12) or more pupils in average daily attendance and one (1) unit shall be included for each twenty-five (25) pupils in average daily attendance at all other isolated schools. The allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions: (a) an average daily attendance of six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 shall be deducted for each vocational unit allotted and (b) an average daily attendance of five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 shall be deducted for each exceptional children's unit allotted. If a local school district through its admission and release committee determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such private school or agency.

(3) Allotments of classroom units except those allotted in accordance with subsection (4) of this section, shall be increased when the average daily attendance in grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase.

(4) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (3) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(5) In allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board *of* [~~for occupational~~] education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board *of* [~~for occupational~~] education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(6)*(a)* In allotting classroom units for exceptional children, one (1) classroom unit shall be included upon the employment of each teacher approved to teach such children in accordance with the provisions of law and Kentucky administrative regulations of the state board *of* [~~for elementary and secondary~~] education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor. *In addition to the classroom units allotted above, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390(6), a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for 185 days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit.*

(b) The Superintendent of Public Instruction shall limit approval of additional private agencies for participation in state funding for the above cited program to those funds appropriated for this purpose in each biennial budget.

(7) (a) In allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), (10) and (12) plus subsections (5) and (6) before July 1, 1976 shall be divided by eight (8) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(b) The total number of units allotted under subsection (5) beyond those allotted in the school year 1975-76 times six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 average daily attendance plus the total number of units allotted under subsection (6) beyond those allotted in the school year 1975-76 times five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 average daily attendance shall be divided by two hundred and sixteen (216) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(c) The total of subsection (a) plus subsection (b) shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board *of* [~~for elementary and secondary~~] education.

(8) In allotting classroom units for supervisors of instruction, one-half (½) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (5), (6), (10) and (12); one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(9) In allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred and sixty-five and nine-tenths (165.9) classroom units under subsection (2) and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2). For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(10) In allotting classroom units for kindergarten, the superintendent of public instruction, under Kentucky administrative regulations of the state board *of* [~~for elementary and secondary~~] education, may allot units for kindergarten. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(11) In allotting classroom units for superintendent, one unit shall be allotted each school district.

(12) In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board *of* [~~for elementary and secondary~~] education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

(3) The department upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of that person is denied or suspended, or revoked, or while his privilege to operate a motor vehicle is withdrawn, shall immediately extend the period of the first denial, suspension, revocation or withdrawal for an additional like period.

(4) The revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle under this section shall be for a period of six (6) months, except that, if the same person has had one (1) previous conviction of any offense enumerated in subsection (1) of this section, regardless of whether the

person's license was revoked because of the previous conviction, the period of the revocation, denial or withdrawal shall be one (1) year; if the person has had more than one (1) previous conviction of the offenses considered collectively as enumerated in subsection (1) of this section, regardless of whether the person's license was revoked for any previous conviction, the period of revocation, denial or withdrawal shall be for not less than two (2) years. Provided, however, the department, upon receipt of the written recommendation of the court in which any person has been convicted of violating KRS 189.520 (2), who has had no previous conviction of said offense, that said person's operator's license shall not be revoked, restricts said person's operator's license according to such terms and conditions as the secretary in his discretion may require, provided said person has enrolled in such driver's education program as the department shall require. In the event said person fails to satisfactorily complete said driver's education program or violates the restrictions on his operator's license, the department shall forthwith revoke said operator's license for a period of six (6) months.

Section 8. KRS 186.565 is amended to read as follows:

(1) Any person who operates a motor vehicle in this state is deemed to have given his consent to [~~a~~] chemical *or electronic tests* [~~test~~] of his blood, breath, urine or saliva for the purpose of determining the alcoholic content of his blood *or the presence of any volatile or controlled substance which may impair his driving ability*, if arrested for any offense arising out of acts alleged to have been committed while the person was driving or in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages, *volatile or controlled substance*. The test shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages, *volatile or controlled substance*. The law enforcement agency by which the officer is employed shall designate which of the aforesaid tests shall be administered, and provide necessary equipment. The state shall provide one (1) breathalizer and simulating unit for each county, paid for by state funds.

(2) Any person who is dead, unconscious or who is otherwise in a condition rendering him incapable of refusal is deemed not to have withdrawn the consent provided in subsection (1) of this section and the test may be given.

(3) If a person under arrest refuses upon the request of a law enforcement officer to submit to a chemical test designated by the law enforcement agency as provided in subsection (1) of this section, the requesting officer shall warn the person of the effect of his refusal to submit to the test. If the person again refuses, none shall be given, but the department of transportation, upon the receipt of a sworn report of the law enforcement officer that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages, *volatile or controlled substances* that the person refused to submit to the test upon the request of the law enforcement officer, and that the person again refused to submit to the test after the law enforcement officer warned him of the effect of his refusal, the department shall immediately serve notice upon said person in writing by mailing the notice to the person by certified mail to the last known residence address of the person or if the address is unknown, to the last known business address of the person to appear before the secretary or his duly authorized agent and show cause why his license to operate a motor vehicle, or if said person is a nonresident his privilege to operate a motor vehicle within this state should not be revoked; or if the person is a resident without a license or permit to operate a motor vehicle in this state why that person should not be denied the issuance of a license or permit. The hearing shall be scheduled as early as practical but not sooner than ten (10) days after the issuance of the notice and at a time and place designated by the secretary.

(4) For the purpose of the hearing, held in accordance with the order to show cause, the secretary may appoint an examiner who shall have the power to preside at the hearing. Upon the hearing the secretary or his duly authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the licensee. The scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages *volatile or controlled substances*, whether the person was placed under arrest, and whether he refused to submit to the test upon request of the officer. All testimony at the hearing shall be recorded. The secretary's ruling shall include a statement of the findings of fact, rulings of law and other matters pertinent to the question at issue. The secretary within ten days after the completion of the hearing shall order either: that the person's license to operate a motor vehicle, or, if the person is a nonresident, his privilege to operate a motor vehicle within this state be revoked for a period of not more than six months or if the person is a resident without such license that there should be a denial of issuance of a license for a period of not more than six months; or that no action be taken regarding said person's privilege to operate a motor vehicle. The secretary shall immediately notify the person of his ruling in writing by certified mail. If the person shall fail to attend the show cause hearing without good cause shown the secretary shall forthwith revoke the person's license or privilege to operate a motor vehicle or deny issuance of a permit or operator's license.

(5) If the revocation or determination that there should be a denial of issuance is sustained after the hearing, the person whose license or permit to drive or nonresident operating privilege has been revoked, or to whom a license or permit is denied, under the provisions of this section, may file a petition in the circuit court of the county in which the person resides or in the circuit court of the county in which the alleged offense was committed or in Franklin Circuit Court to review the final order of revocation or denial by the secretary within twenty (20) days after the final order has been issued. The perfected appeal suspends the order of revocation pending a final determination of the review. If the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the appeal was perfected. The department of transportation shall file with its answer a copy of the secretary's ruling and a transcript of evidence. The court's review is limited to whether the secretary's ruling is supported by substantial evidence and whether his action is arbitrary or capricious. An appeal to the Court of Appeals suspends the order of revocation pending a final determination of the review. If the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the appeal was perfected.

(6) When it has been finally determined that a nonresident's privilege to operate a motor vehicle in this state has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he has a license. The provisions of this section shall not apply to a person who refuses to submit to a chemical test of his blood, breath, urine or saliva if that person has enrolled in a driver's education program under the terms and conditions of KRS 186.560(4) and rules and regulations adopted thereunder.

(7) Any person who has had no previous conviction for violation of KRS 189.520 and who has refused to submit to a chemical test of his blood, breath, urine, or saliva may apply to a district court of competent jurisdiction for permission to enter a driver's education program as provided pursuant to KRS 186.560. If he is permitted by the court to enter the program he shall be subject to the same terms and conditions as any other person entering the program. The department shall suspend the license for six (6) months of any person participating in such program if he fails to satisfactorily complete such driver's education program."

The summons shall be returnable in the same manner as summons in equity cases. If the appeal is from an order refusing, revoking or suspending a license, the board, when served with the summons, or such person as the board may designate, shall appear and defend the action of the board in refusing, revoking or suspending the license in question. If the appeal is from an order granting or refusing to revoke or suspend a license the burden of appearing and defending the action of the board shall be upon the licensee.

Section 3. KRS 243.570 is amended to read as follows:

(1) The case shall be set down by the court for as early a day as possible for a hearing, and shall in all respects be expedited in the same manner as a declaratory judgment suit.

(2) No new or additional evidence shall be introduced in the *circuit court* [~~Franklin Circuit Court~~] except as to the fraud or misconduct of some party engaged in the administration of this chapter and affecting the order appealed from, but the court shall otherwise hear the case upon the record as attested by the board, and shall in all respects dispose of the appeal in a summary manner. Its review shall be limited to determining whether or not:

(a) The board acted without or in excess of its powers;

(b) The order appealed from was procured by fraud;

(c) If questions of fact are in issue, whether or not any substantial evidence supports the order appealed from.

(3) After such a hearing the court shall enter a judgment sustaining or setting aside the order of the board appealed from or remanding the case to the board for further consideration.

(4) If the appeal is from an order of the board refusing, revoking or suspending a license, the costs shall be taxed against the applicant or licensee in any event. If the appeal is from an order issuing or refusing to revoke or suspend a license, the costs shall be taxed against the citizen who, feeling himself aggrieved, has contested the order, if the order of the board issuing or refusing to revoke or suspend the license is sustained. If the order is set aside with direction to the board to refuse, revoke or suspend the license, the costs shall be taxed against the licensee.

Section 4. KRS 243.580 is amended to read as follows:

If, within the period of ten (10) days, an appeal from the order of the board has been filed as provided by KRS 243.560 the order shall not become effective until the appeal has been finally determined.

(2) If a license is revoked or suspended by an order of the board, the licensee shall at once suspend all operations authorized under his license, except as provided by KRS 243.540, though he files an appeal in the *circuit court* [~~Franklin Circuit Court~~] from the order of revocation or suspension.

(3) No court may enjoin the operation of an order of revocation or suspension pending an appeal. If upon appeal to the *circuit court* [~~Franklin Circuit Court~~] an order of suspension or revocation is upheld, or if an order refusing to suspend or revoke a license is reversed, and an appeal is taken to the Court of Appeals, no court may enjoin the operation of the judgment of the *circuit court* [~~Franklin Circuit Court~~] pending the appeal.

HR 93, A RESOLUTION recognizing and honoring the Jefferson County Prep Band.

WHEREAS, the Jefferson County Prep Band is a full instrumentation concert band exclusively for students in grades five, six and seven. The 123 members represent 40 different schools in Jefferson County, Kentucky; and

WHEREAS, the Prep Band is the only band of its kind in the United States. There are no auditions or recommendations to become a member. The only requirements for admission are: (1) at least one year of prior school instrumental music classes; and (2) a desire to learn and make music together in an organized group situation. Practices are every Saturday morning throughout the school year at Valley High School; and

WHEREAS, the director, Kay Feddern, assisted by Barbara Strange, receives no salary. The band receives no financial assistance from any source, so the parents raise all funds to support these youngsters; and

WHEREAS, in February, they gave a demonstration clinic for the Kentucky-Ohio Music Educators Association in Cincinnati, Ohio led by John O'Reilly; and

WHEREAS, John O'Reilly, noted composer of band literature, has written two compositions for the Prep Band. The first, "Jefferson County Overture" was premiered in 1979 for the Kentucky Music Educators annual convention. The second, "Three Kentucky Sketches" was premiered at the biennial convention of the National Band Association in Knoxville, Tennessee. These pieces are published by the Alfred Publishing Company of Los Angeles, California. The Prep Band was the youngest band accepted to perform at the convention for the body of prestigious band directors; and

WHEREAS, in the past 13 years, numerous accolades have been bestowed on these young musicians. Locally, they have played at schools, shopping centers, a Lakeside Swim Club competition, the Census Bureau and helped dedicate the bald eagle exhibit at the zoo. During the Bicentennial, they performed on the White House lawn and also at the Capitol Rotunda in Frankfort, Kentucky. The band has received four medals when they competed in four national band competitions - twice in Nashville, once in Virginia and just last May received the coveted gold medal in Philadelphia, Pennsylvania; and

WHEREAS, in June, they will be the youngest band which has been invited to compete in a band contest held in conjunction with the World's Fair in Knoxville, Tennessee. The members are now in the process of raising $40,000 to finance this performance;

SB 340, AN ACT relating to offenses relating to custody.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 520.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(4) "Detention facility" means any place used for the confinement of a person:

(a) Charged with or convicted of an offense; or

(b) Alleged or found to be delinquent; or

(c) Held for extradition or as a material witness; or

(d) Otherwise confined pursuant to an order of court for law enforcement purposes.

SB 345, AN ACT relating to racketeering.

WHEREAS, the General Assembly, on the basis of its own investigations and of published studies, makes the following findings:

1. Racketeering and economic crime in the Commonwealth and in the nation, is highly sophisticated, diversified, and widespread, and annually diverts millions of dollars locally and billions of dollars nationally from the Commonwealth's and the nation's legitimate market place through the illicit use of force, fraud, and corruption.
2. Racketeering in the Commonwealth, and in the nation, principally involves such activity as organized gambling, loansharking, the theft and fencing of property, the importation, manufacture or diversion, and distribution of narcotics and dangerous drugs, and other forms of social exploitation.
3. Economic crime involves the illegal manipulation of legitimate business operations by the use of fraudulent schemes and practices.
4. The money and power generated by racketeering are increasingly being used to infiltrate legitimate business and labor organizations, to invest in real and personal property through trusts, foreign corporations, and fictitious names, and to subvert democratic and law enforcement processes in the Commonwealth and in the nation.
5. Racketeering within the Commonwealth and in the nation weakens the stability of the Commonwealth's and the nation's economy, harms innocent investors and competing organizations, impedes free competition, threatens the peace and health of the public, endangers the domestic security, and undermines the general welfare of the Commonwealth and its citizens.
6. Racketeering grows and flourishes from a legal perspective because the criminal and other sanctions presently available to combat it are unnecessarily limited in scope and impact.
7. The General Assembly, therefore, seeks to curtail racketeering and lessen its economic and political power in the Commonwealth by establishing new penal prohibitions and providing to law enforcement and the victims of racketeering new civil sanctions and remedies, including forfeitures made effective through a comprehensive scheme of notices.

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

(2) (a) All property, real or personal, including money, used in the course of, intended for use in the course of, derived from, or realized through, activity made unlawful by KRS 506.120 is subject to civil forfeiture to the Commonwealth.

(b) Upon the entry of a final judgment of forfeiture in favor of the Commonwealth, the title of the Commonwealth to the forfeited property shall:

In the case of real property, or a beneficial interest in it, relate back to the date of filing of the racketeering lien notice in the official records of the county where the real property or a beneficial interest in it is located; and if no racketeering lien notice is filed, then to the date of the filing of any notice of lis pendens under KRS 382.440 in the official records of the county where the real property or a beneficial interest in it is located; and if no racketeering lien notice or notice of lis pendens is filed, then to the date of recording of the final judgment of forfeiture in the official records of the county where the real property or a beneficial interest in it is located; and

2. In the case of personal property or a beneficial interest in it, relate back to the date the personal property or the beneficial interest in it was seized by the Commonwealth, or the date of filing of a racketeering lien notice in the official records of the county where the personal property or a beneficial interest in it is located; but if the property was not seized or no racketeering lien notice was filed, then to the date of the recording of the final judgment of forfeiture in the official records of the county where the personal property or a beneficial interest in it is located.

If a civil proceeding is pending, such action shall be filed only in the court where such civil proceeding is pending.

(d) If personal or real property or a beneficial interest in it subject to forfeiture is conveyed, alienated, or otherwise disposed of after the filing of a racketeering lien notice or after the filing of a civil proceeding or criminal proceeding, whichever is earlier, the Commonwealth may treat it as a fraudulent and preferential conveyance pursuant to KRS Chapter 378.

(e) The Commonwealth shall dispose of all forfeited property as soon as commercially feasible. If property is not exercisable or transferable for value by the Commonwealth, it shall expire. All forfeitures or dispositions under this section shall be made with due provision for the rights of innocent persons and otherwise in accordance with KRS 500.090.

(3) The attorney general or Commonwealth's attorney may institute civil proceedings under this section. In any action brought under this section, the circuit court shall proceed as soon as practicable to the

(4) Any aggrieved person, including but not limited to those who are injured in his business and/or property rights, may institute a proceeding under subsection (1) of this section. In such proceeding, relief shall be granted in conformity with the principles that govern that granting of injunctive relief from threatened loss or damage in other cases, but no showing of special or irreparable damage to the person shall have to be made. Upon the execution of proper bond against damages for an injunction improvidently granted and a showing of immediate danger of significant loss or damage, a temporary restraining order and a preliminary injunction may be issued in any action before a final determination on the merits.

(5) Any person injured by reason of any activity made unlawful by KRS 506.120 shall have a cause of action for threefold the actual damages sustained. The person shall also recover attorney fees in the trial and appellate courts and costs of investigation and litigation reasonably incurred, but:

(b) Any injured person shall have a right or claim to forfeited property or to the proceeds derived from it superior to any right or claim the Commonwealth has in the same property or proceeds.

(6) A final judgment or decree rendered in favor of the Commonwealth in any criminal proceeding under Section 3 of this Act shall estop the defendant in any subsequent civil action or proceeding as to all matters as to which the judgment or decree would be an estoppel as between the parties.

In such action or proceeding, the Commonwealth shall be entitled to the same relief as if the attorney general instituted the action or proceeding.

(9) Notwithstanding any other provision of law, a civil action or proceeding under this section may be commenced at any time within five (5) years after the activity made unlawful under KRS 506.120 terminates or the cause of action accrues. SECTION 5. A NEW SECTION OF KRS CHAPTER 506 IS CREATED TO READ AS FOLLOWS:

(1) Upon the institution of any criminal or civil proceeding, the Commonwealth then or at any time during the pendency of the proceeding, may file in the official records of any one (1) or more counties a racketeering lien notice. No filing fee or other charge shall be required as a condition for filing the racketeering lien notice, and the clerk of the county court shall, upon the presentation of a racketeering lien notice, immediately record it in the official records.

(2) The racketeering lien notice shall be signed by the attorney general or his designee, or by a Commonwealth's attorney or his designee. The notice shall be in such form as the attorney general prescribes and shall set forth the following information:

(a) The name of the person against whom the civil proceeding has been brought. In its discretion, the attorney general or Commonwealth's attorney may also name in the racketeering lien notice any other aliases, names, or fictitious names under which the person may be known. In his discretion, the attorney general or Commonwealth's attorney may also name in the racketeering lien notice any corporation, partnership, or other entity that is either controlled by or entirely owned by the person;

(b) If known to the attorney general or Commonwealth's attorney, the present residence and business addresses of the person named in the racketeering lien notice and of the other names set forth in the racketeering lien notice;

(c) A reference to the criminal or civil proceeding stating that a proceeding under this Act has been brought against the person named in the racketeering lien notice, the name of the county or counties where the proceeding has been brought, and, if known to the attorney general or Commonwealth's attorney at the time of filing the racketeering lien notice, the case number of the proceeding;

(d) A statement that the notice is being filed pursuant to this Act; and

(e) The name and address of the attorney general or Commonwealth's attorney filing the racketeering lien notice and the name of the individual signing the racketeering notice.

A racketeering lien notice shall apply only to one (1) person and, to the extent applicable, any aliases, fictitious names, or other names, including names of corporations, partnerships, or other entities, to the extent permitted in this section. A separate racketeering lien notice shall be filed for any other person against whom the attorney general or Commonwealth's attorney desires to file a racketeering lien notice under this section.

(3) The attorney general or Commonwealth's attorney shall, as soon as practicable after the filing of each racketeering lien notice, furnish to the person named in the notice by certified mail, return receipt requested, to the last known business or residential address, either a copy of the recorded notice or a copy of the notice with a notation on it of the county or counties in which the notice has been recorded. The failure of the attorney general or Commonwealth's attorney to furnish a copy of the notice under this section shall not invalidate or otherwise affect the notice.

(4) The filing of a racketeering lien notice creates, from the time of its filing, a lien in favor of the Commonwealth on the following property of the person named in the notice and against any other names set forth in the notice:

(a) Any personal or real property situated in the county where the notice is filed then or thereafter owned by the person or under any of the names; and

(b) Any beneficial interest in it located in the county where the notice is filed then or thereafter owned by the person or under any of the names.

The lien shall commence and attach as of the time of filing of the racketeering lien notice and shall continue thereafter until expiration, termination, or release. The lien created in favor of the Commonwealth shall be superior and prior to the interest of any other person in the personal or real property or beneficial interest in it, if the interest is acquired subsequent to the filing of the notice.

(5) In conjunction with any civil proceeding:

(a) The attorney general or Commonwealth's attorney may file without prior court order in any county a lis pendens under the provisions of KRS 382.440 and, in such case, any person acquiring an interest in the subject real property or beneficial interest in it, if the real property or beneficial interest is acquired subsequent to the filing of lis pendens, shall take the interest subject to the civil proceeding any subsequent judgment of forfeiture; and

(b) If a racketeering lien notice has been filed, the attorney general or Commonwealth's attorney may name as defendants, in addition to the person named in the notice, any person acquiring an interest in the personal or real property or beneficial interest in it subsequent to the filing of the notice. If a judgment of forfeiture is entered in the proceeding in favor of the Commonwealth, the interest of any person in the property that was acquired subsequent to the filing of the notice and judgment of forfeiture shall be subject to the notice and judgment of forfeiture.

(6) A trustee, who acquires actual knowledge that a racketeering lien notice or a civil proceeding or criminal proceeding has been filed against any person for whom he holds legal or record title to personal or real property, shall immediately furnish to the attorney general or Commonwealth's attorney the following:

(a) The name and address of the person, as known to the trustee;

(b) The name and address, as known to the trustee, of all other persons for whose benefit the trustee holds title to the personal or real property; and

(c) If requested by the attorney general or Commonwealth's attorney, a copy of the trust agreement or other instrument order under which the trustee holds legal or record title to the person or real property. Any trustee who fails to comply with the provisions of this section is guilty of a Class D felony.

(7) Any trustee who transfers or conveys title to personal or real property for which a racketeering lien notice has been filed at the time of the transfer or conveyance in the county where the personal or real property is located naming a person who holds a beneficial interest in it, shall, if he has actual notice of the racketeering lien notice, be liable to the Commonwealth for the greater of:

(a) The amount of proceeds received directly by the person named in the racketeering lien notice as a result of the transfer or conveyance;

(b) The amount of proceeds received by the trustee as a result of the transfer or conveyance and distributed to the person named in the racketeering lien notice; or

(c) The fair market value of the interest of the person named in the racketeering lien notice in the personal or real property transferred or conveyed; but if the trustee transfers or conveys the personal or real property for at least its fair market value and holds the proceeds that would otherwise be paid or distributed to the beneficiary or at the direction of the beneficiary or his designee, the trustee's liability shall not exceed the amount of the proceeds held for so long as the proceeds are held by the trustee.

(8) The filing of a racketeering lien notice shall not constitute a lien on the record title to personal or real property as owned by the trustee except to the extent the trustee is named in the racketeering lien notice. The attorney general or Commonwealth's attorney may bring a civil proceeding in any circuit court against the trustee to recover from the trustee the amounts set forth in subsection (7) of this section, and the Commonwealth shall also be entitled to recover investigative costs and attorney's fees incurred by the attorney general or Commonwealth's attorney.

(9) The filing of a racketeering lien notice shall not affect the use to which personal or real property or a beneficial interest in it owned by the person named in the racketeering lien notice may be put or the right of the person to receive any avails, rents, or other proceeds resulting from the use and ownership, but not the sale, of the property, until a judgment of forfeiture is entered.

(10) (a) The provisions of this section shall not apply to any transfer or conveyance by a trustee under a court order, unless the court order is entered in an action between the trustee and the beneficiary.

(b) Unless the trustee has actual knowledge that a person owning a beneficial interest in the trust is named in a racketeering lien notice or is otherwise a defendant in a civil proceeding, this section shall not apply to:

1. Any conveyance by a trustee required under the terms of any trust agreement, where trust agreement is a matter of public record prior to the filing of any racketeering lien notice; or

2. Any transfer or conveyance by a trustee to all of the persons who own a beneficial interest in the trust.

(11) The term of a racketeering lien notice shall be for a period of six (6) years from the date of filing unless a renewal racketeering lien notice has been filed by the attorney general or Commonwealth's attorney, and, in such case, the term of the renewal racketeering lien notice shall be for a period of six (6) years from the date of its filing. The attorney general or Commonwealth's attorney shall be entitled to only one (1) renewal of the racketeering lien notice.

(12) The attorney general or Commonwealth's attorney filing the racketeering lien notice may release in whole or in part any racketeering lien notice or may release any personal or real property or beneficial interest in it from the racketeering lien notice upon such terms and conditions as he may determine. Any release of a racketeering lien notice executed by the attorney general or Commonwealth's attorney may be filed in the official records of any county. No charge or fee shall be imposed for the filing of any release of racketeering lien notice.

(13) If no civil proceeding has been instituted by the attorney general or Commonwealth's attorney seeking a forfeiture of any property owned by the person named in the racketeering lien notice, the acquittal in the criminal proceeding of the person named in the racketeering lien notice or the dismissal of the criminal proceeding shall terminate the racketeering lien notice and, in such case, the filing of the racketeering lien notice shall have no effect. If a civil proceeding has been instituted, in the event the criminal proceeding has been dismissed or the person named in the racketeering lien notice has been acquitted in the criminal proceeding, the racketeering lien notice shall continue for the duration of the civil proceeding.

(14) If no civil proceeding is then pending against the person named in a racketeering lien notice, any person named in a racketeering lien notice may institute an action against the attorney general or Commonwealth's attorney filing the notice, in the county where the notice has been filed, seeking a release or extinguishment of the notice and, in such case:

(a) The circuit court shall, upon the motion of the person, immediately enter an order setting a date for hearing, which date shall be not less than five (5) nor more than ten (10) days after the suit has been filed, and the order along with a copy of the complaint shall be served on the attorney general or Commonwealth's attorney within three (3) days after the institution of the suit. At the hearing, the circuit court shall take evidence on the issue of whether any personal or real property or beneficial interest in it owned by such person is covered by the racketeering lien notice or otherwise is subject to forfeiture under this Act, and, if such person shows by the preponderence of the evidence that the racketeering lien notice is not applicable to him or that any personal or real property or beneficial interest in it owned by him is not subject to forfeiture under this Act, the circuit court shall enter a judgment extinguishing the racketeering lien notice or releasing the personal or real property or beneficial interest in it from the racketeering lien notice;

(b) The circuit court shall immediately enter its order releasing from the racketeering lien notice any specific personal or real property or beneficial interest in it, if a sale of the personal or real property or beneficial interest in it is pending and the filing of the notice prevents the sale of the property or interest, but the proceeds resulting from the sale of the personal or real property or beneficial interest in it shall be deposited into the registry of the circuit court, subject to the further order of the circuit court; and

(c) At the hearing set forth in subsection (a) of this section, the circuit court may release from the racketeering lien notice any personal or real property or beneficial interest in it upon the posting by such person of such security as is equal to the value of the personal or real property or beneficial interest in it owned by such person.

(15) In the event a civil proceeding is pending against a person named in a racketeering lien notice, the circuit court upon motion by the person may grant the relief set forth in this section.

SECTION 6. A NEW SECTION OF KRS CHAPTER 506 IS CREATED TO READ AS FOLLOWS:

(5) The secretary of state shall record the status of any alien corporation that fails to comply with the requirements of this section.

(6) Each alien corporation that fails to file a report as required by this section or fails to maintain a registered office and a registered agent as required by this section shall not be entitled to own, purchase, or sell any personal or real property in this Commonwealth and shall not be entitled to sue or defend in the courts of this Commonwealth until such requirements have been complied with.

(7) The filing of a report by a corporation as required by this section shall be solely for the purposes of this Act and shall not be used as a determination of whether the corporation is actually doing business in this Commonwealth.

SECTION 7. A NEW SECTION OF KRS CHAPTER 506 IS CREATED TO READ AS FOLLOWS:

(1) Whenever the attorney general or commonwealth's attorney has reason to believe that any person or enterprise may be in possession, custody, or control of any documentary materials relevant to a racketeering investigation, he may, prior to the institution of a civil or criminal proceeding on it, issue in writing, and cause to be served upon the person, a civil investigative demand requiring the person to produce the material for examination.

(2) Each such demand shall:

(a) State the nature of the activity constituting the alleged racketeering violation that is under investigation and the provision of law applicable to it;

(b) Describe the class or classes of documentary material demanded under it with such definiteness and certainty as to permit the material to be fairly identified;

(c) State that the demand is returnable immediately or prescribe a return date that will provide a reasonable period of time within which the material demanded may be assembled and made available for inspection and copying or reproduction;

(d) Identify the custodian to whom such material shall be made available; and

(e) State an advisement of rights, available under the provisions of this section, in addition to any appropriate constitutional rights advisement.

(3) No such demand shall:

(b) Require the production of any documentary evidence that would be privileged from disclosure if demanded by a subpoena duces tecum issued by a court of the Commonwealth in aid of a grand jury investigation of an alleged racketeering violation.

(4) Service of the demand or any petition filed under this section may be made upon a person by:

(a) Delivering a duly executed copy of it to any partner, executive officer, managing agent, or general agent of his, or to any agent of his, authorized by appointment or by law, to receive service of process on behalf of the person or upon any individual person;

(b) Delivering a duly executed copy of it to the residence, principal office, or place of business of the person to be served; or

(c) Depositing the copy in the United States mail, by registered or certified mail, duly addressed to the person at his residence, principal office, or place of business.

(5) A verified return by the individual serving the demand or petition setting forth the manner of the service shall be prima facie proof of the service. In the case of service by registered or certified mail, the return shall be accompanied by the return post-office receipt of delivery of such demand.

(6) (a) The attorney general or commonwealth's attorney shall designate an investigator to serve as racketeer document custodian, and other racketeering investigators as he shall determine to be necessary to serve as deputies to the officer.

(b) Any person upon whom any demand issued under this section has been duly served shall make such material available for inspection and copying or reproduction to the custodian designated in it at the principal place of the person, or at such other place as the custodian and the person may agree and prescribe in writing or as the circuit court may direct, under this section, on the return date specified in the demand or on such later date as the custodian may prescribe in writing. The person may, upon written agreement between the person and the custodian, substitute for copies of all or any part of the material originals of it.

(c) The custodian to whom any documentary material is delivered shall take physical possession of it and shall be responsible for the use made of it and for the return of it under this section. The custodian may cause the preparation of copies of the documentary materials as may be required for official use under regulations that shall be promulgated by the attorney general or the commonwealth's attorney. Under such reasonable terms and conditions as the attorney general or commonwealth's attorney shall prescribe, documentary material, while in the possession of the custodian, shall be available for examination by the person who produced the material or any duly authorized representatives of the person.

(d) Whenever any attorney has been designated to appear on behalf of the Commonwealth before any circuit court or grand jury in any case or proceeding involving any activity made unlawful by KRS 506.120, the custodian may deliver to the attorney the documentary material in the possession of the custodian as the attorney determines to be required for use in the presentation of the case or proceeding on behalf of the Commonwealth. Upon the conclusion of the case or proceeding, the attorney shall return to the custodian any documentary material that has not passed into the control of the circuit court or grand jury through the introduction of it into the record of the case or proceeding.

(e) Upon the completion of the racketeering investigation for which any documentary material was produced under this section or in any case or proceeding arising from the investigation, the custodian shall return to the person who produced the material all material other than copies of it made by the attorney general or the commonwealth's attorney under this subsection that has not passed into the control of any circuit court or grand jury through the introduction of it into the record of the case or proceeding.

(f) When any documentary material has been produced by any person under this section for use in any racketeering investigation, and no case or proceeding arising from it has been instituted within a reasonable time after completion of the examination and analysis of all evidence assembled in the course of the investigation, the person shall be entitled, upon written demand made upon the attorney general or commonwealth's attorney, to the return of the documentary material other than copies of it made under this subsection produced by the person.

(g) In the event of the death, disability, or separation from service of the custodian of any documentary material produced under any demand issued under this section, or the official relief of the custodian from responsibility for the custody and control of the material, the attorney general or commonwealth's attorney shall promptly designate another racketeering investigator to serve as custodian of it and transmit notice in writing to the person who produced the material as to the identity and address of the successor designated. Any successor shall have, with regard to the materials, all duties and responsibilities imposed by this section upon his predecessor in office with regard to it, but he shall not be held responsible for any default or dereliction that occurred before his designation as custodian.

(7) Whenever any person fails to comply with any civil investigative demand duly served upon him under this section or whenever satisfactory copying or reproduction of any of the material cannot be done and the person refuses to surrender the material, the attorney general or a commonwealth's attorney may file, in the circuit court of the Commonwealth for any judicial circuit in which the person resides, is found, or transacts business, and serve upon such person a petition for an order of the circuit court for the enforcement of this section.

(8) Within twenty (20) days after the service of any demand upon any person, or at any time before the return date specified in the demand, whichever period is shorter, the person may file, in the circuit court of the Commonwealth for the judicial circuit within which the person resides, is found, or transacts business, and serve upon the custodian a petition for an order of the circuit court modifying or setting aside the demand. The time allowed for compliance with the demand in whole or in part as deemed proper and ordered by the circuit court shall not run during the pendency of the petition in the circuit court. The petition

shall specify each ground upon which the petitioner relies in seeking relief and may be based upon any failure of the demand to comply with this section or upon any constitutional or other legal right or privilege of the person.

(9) At any time during which any custodian is in custody or control of any documentary material delivered by any person in compliance with the demand, the person may file, in the circuit court of the Commonwealth for the judicial circuit within which the office of the custodian is situated, and serve upon the custodian a petition for an order of the circuit court requiring the performance by the custodian of any duty imposed upon him by this section.

(10) Whenever any petition is filed in any circuit court of the Commonwealth under this section, the circuit court shall have jurisdiction to hear and determine the matter presented and to enter such order or orders as may be required to carry into effect this section.

Section 8. KRS 500.090 is amended to read as follows:

(1) All property which is subject to forfeiture under any section of the Kentucky Penal Code shall be disposed of in accordance with this section.

(a) Property which is forfeited under any section of this code may, upon order of the trial court, be destroyed by the sheriff of the county in which the conviction was obtained.

(b) Property which is forfeited under any section of this code may, upon order of the trial court, be sold at public auction. *In lieu of ordering the sale of such property, the court may, if it finds that it can be used by a law enforcement agency, order it delivered to a law enforcement agency for such use.* The expenses of keeping and selling such property and the amount of all valid recorded liens that are established by intervention as being bona fide shall be paid out of the proceeds of the sale. The balance shall be paid *first to cover all costs and expenses of investigation and prosecution, including costs of resources and manpower incurred in investigation and prosecution, and the rest, if any,* to:

1. The state if the property was seized by an agency of the state or peace officer thereof;
2. The county, if the property was seized by the sheriff or an agency or peace officer of the county;
3. The department of fish and wildlife resources, if the property was seized by a peace officer of the department of fish and wildlife or was seized by any other officer for violation of KRS Chapter 150;
4. The city, if the property was seized by the city or by an agency or peace officer thereof and the property was delivered to the city property clerk;
5. The city (ninety percent (90%) of the proceeds) and the sheriff (ten percent (10%) of the proceeds) if the property was seized by the city or by an agency or peace officer thereof and the property was delivered to the sheriff or the county police; or
6. The state, if the property was seized by any combination of agencies listed above.

(c) If property which is forfeited under any section of this code is determined by the trial court to be worthless, encumbered with liens in excess of its value, or otherwise a burdensome asset, the court may abandon any interest in such property. Property which is abandoned pursuant to this section shall be returned to the lawful claimant upon payment of expenses for keeping the property.

(d) Property which is forfeited under any section of this code may, upon order of the trial court, be retained for official use in the following manner. Property which has been seized by an agency of the state may be retained for official state use. Property which has been seized by an agency of county, city, or urban-county government may be retained for official use by the government whose agency seized the property or for official state use. Property seized by any other unit of government may be retained only for official state use. The expenses for keeping and transferring such property shall be paid by the unit of government by which the property is retained.

(2) Money which has been obtained or conferred in violation of any section of this code shall, upon conviction, be forfeited for the use of the state. This subsection shall not apply when, during the course of the proceeding in which the conviction is obtained, the person from whom said money was unlawfully acquired is identified.

(3) Property forfeited under any section of this code shall be disposed of in accordance with this section only after being advertised pursuant to KRS Chapter 424. This subsection shall not apply to property which is designed and suitable only for criminal use or to money forfeited under subsection (2) of this section.

(4) The trial court shall remit the forfeiture of property when the lawful claimant:

(a) Asserts his claim before disposition of the property pursuant to this section;

(b) Establishes his legal interest in the property; and

(c) Establishes that the unlawful use of the property was without his knowledge and consent. Subsection (4) shall not apply to a lienholder of record when the trial court elects to dispose of the property pursuant to subsection (1)(b) of this section.

(5) For purposes of this section, "lawful claimant" means owner or lienholder of record.

(6) Before property which has had its identity obscured in violation of KRS 514.120 may be sold or retained for official use as provided in this section, the court shall cause a serial or other identifying number to be placed thereon and a record of the number assigned shall be placed in the court order authorizing the

sale or retention of the property. This number shall be assigned, whenever applicable, in consultation with the Kentucky state police and any other state or federal regulatory agency. The purchaser of the property shall be given a document stating that the property had been forfeited pursuant to law and that a number, shown on the document, has been assigned which shall be deemed as compliance of the owner with KRS 514.120. When property is returned to an owner pursuant to this section and its identity has been obscured by another person in violation of KRS 514.120 the court shall provide a document to the owner relieving him of liability for its continued possession. This document shall serve as evidence of compliance with KRS 514.120 by the owner or any person to whom he lawfully disposes of the property. This section shall not apply to any person after property has been sold or returned in compliance with this section, who violates the provisions of KRS 514.120 with respect to that property.

(7) Before forfeiture of any property under this section it shall be the duty of the trial court to determine if a lawful owner or claimant to the property has been identified or is identifiable. If a lawful owner or claimant has been identified or is identifiable the court shall notify the owner or claimant that the property is being held and specify a reasonable period of time during which the claim may be made, or may, in lieu thereof, order the return of the property to the lawful owner or claimant. If the lawful owner or claimant does not assert his claim to the property after notification or if he renounces his claim to the property, the property shall be disposed of as provided in this section. It shall be the duty of all peace officers and other public officers or officials having knowledge of the lawful owner or claimant of property subject to forfeiture to report the same to the trial court before the act of forfeiture occurs.

SECTION 9. A NEW SECTION OF KRS CHAPTER 506 IS CREATED TO READ AS FOLLOWS:

This Act shall be known as and may be cited as the "Kentucky Racketeering and Economic Crime Control Act."

The Committee on Natural Resources and Environment reported **SB 279,** with Committee Substitute attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

SB 279, AN ACT relating to the environment.

WHEREAS, the problem of the proper transportation, treatment and disposal of hazardous waste is a serious one that affects the health, safety and environment of the citizens of the Commonwealth; and

WHEREAS, high technology facilities that provide safer and more environmentally sound alternatives to the disposal of hazardous waste than do conventional land disposal methods require a waste stream of sufficient size to make their development feasible; and

WHEREAS, treatment and disposal facilities for hazardous waste must be located on suitable geological, seismological, and hydrological sites and must be monitored and maintained to assure their proper functioning; and

WHEREAS, even the use of high technology treatment facilities may result in residues that require land disposal; and

WHEREAS, the location of a variety of treatment and disposal technologies at a single location provides for the maximum use of suitable sites, the opportunity to treat and dispose of each type of waste in the safest and most environmentally sound manner, the opportunity for consolidating waste streams making the proper high technology alternatives feasible and reducing the number of facilities in need of monitoring and long term maintenance, reduces the risk from transportation by restricting the routes potentially in use between generators and dispersed treatment and disposal facilities, and overall reduces the long term risks to Kentucky citizens; and

WHEREAS, the development of a model integrated facility should be undertaken to demonstrate the feasibility of such a project and to provide for the management of hazardous waste in the Commonwealth in the safest possible manner; and

WHEREAS, it is the policy of the Commonwealth to promote the development of efficient, environmentally acceptable and commercially feasible technologies, techniques and processes for resource recovery and energy generation from hazardous waste (KRS 224.212) and such projects have not been undertaken in a timely manner by the private sector;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

As used in this chapter, unless the context clearly indicates otherwise:

(1) "Board" means the Kentucky regional integrated waste treatment and disposal facility siting board.

(2) "Certificate" means a certificate of environmental safety and public necessity.

(3) "Department" means the department for natural resources and environmental protection.

(4) "Regional integrated waste treatment and disposal demonstration facility" means a model hazardous waste facility receiving wastes from a region larger than the county boundaries in which it is located, from more than one (1) person, and utilizing multiple treatment and disposal technologies, one of which must be a secure landfill, and one of which must be a high technology incinerator, and designed so as to promote resource recovery and energy generation from hazardous waste and the use of state-of-the-art techniques for rendering waste nonhazardous, and the disposal of waste in a manner that minimizes the risk to public health and long term environmental impacts.

SECTION 2. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created the Kentucky regional integrated waste treatment and disposal facility siting board consisting of nine (9) permanent members and three (3) temporary members. All members shall be residents of the Commonwealth of Kentucky. The secretary of the department for human resources or his designated representative shall be a permanent member of the board.

(2) The other eight (8) permanent members of the board shall be appointed by the governor. Except for initial appointments, board members shall be appointed for a term of four (4) years. Of the initial appointments, one (1) shall be appointed for a term of one (1) year, two (2) for a term of two (2) years, two (2) for a term of three (3) years and three (3) for a term of four (4) years. The temporary members of the board shall be appointed by the county judge/executive of the county in which a regional integrated waste treatment and disposal demonstration facility is proposed to be located and shall be bona fide residents of the county. The temporary members of the board shall be appointed within thirty (30) days of the declaration of intent required by Section 3 and Section 4 of this Act; however, failure of the appropriate appointing authority to appoint temporary members of the board within thirty (30) days shall not preclude the board from acting upon applications for certificates of environmental safety and public necessity. Temporary members of the board shall have all the rights and privileges of membership on the board while acting upon those applications for certificates for which they were appointed, but shall not participate in the transaction of other business by the board.

(5) The permanent members of the board shall choose from among their membership a chairperson of the board.

(6) Members of the board shall be reimbursed for actual and necessary expenses incurred in the performance of their duties.

(7) Staff services for the board shall be provided to the extent practicable by personnel of the department; however, the board may request and receive the assistance of any state or municipal educational institution, experiment station, laboratory, or other agency and arrange by contract for governmental and non-governmental assistance as necessary in the performance of its duties, including expenses for administrative start-up costs incidental to the organization of the board. Services provided by state and municipal agencies shall be reimbursed at cost.

SECTION 3. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The Kentucky regional integrated waste treatment and disposal facility siting board shall have the power, duty and authority to:

(1) Adopt by-laws governing the organization and operation of the board.

(2) Require applicants to submit such information as may be reasonably necessary to permit the board to act upon the application, including but not limited to the following:

(a) The location of the proposed facility and a map of the proposed location;

(b) A description of the design and capacity of the proposed facility;

(c) The anticipated sources of materials to be received at the facility, the proposed methods of transportation to and from the facility and the routes to be traversed;

(d) The experience and qualifications of the applicant;

(e) A detailed analysis of the local impacts of the facility including consideration of those factors identified in Section 4 of this Act.

(3) Adopt regulations establishing a fee or schedule of fees for the cost of processing applications for certificates of environmental safety and public necessity which shall include the costs of public notices, hearings and all associated administrative costs required under this Act.

(4) Adopt regulations prescribing the manner in which the board shall process applications for certificates of environmental safety and public necessity. Such regulations shall include but not be limited to the following:

(a) A requirement that, within ten (10) days of receipt of a complete application of the proposed site, a notice shall be published in a local newspaper in the county where a regional integrated waste treatment and disposal demonstration facility is proposed to be located and in all counties contiguous to said host county in the manner set forth in KRS Chapter 424 and the board shall provide written notice by certified mail to the county judge/executive of the county in which the facility is proposed to be located;

(b) A requirement that no less than thirty (30) days and no more than forty-five (45) days after publication of notice of receipt of a complete application, the board shall conduct a hearing in the county in which the facility is proposed to be located to determine whether a certificate of environmental safety and public necessity should be issued, unless the applicant requests a delay.

(5) Issue or deny a certificate of environmental safety and public necessity. If the board denies the certificate, it shall state in writing the basis for its decision. The board may issue, revoke, or suspend certificates subject to such conditions as it may deem appropriate consistent with Section 4 of this Act including, where appropriate, provision for mitigation of local impacts. Such mitigation may include provisions for payment of sums by the holder of the certificate to public entities as compensation for local social and economic impacts.

(6) Issue only one (1) certificate of environmental safety and public necessity. In order to carry out the purposes of Sections 1 through 8 of this Act, the board may establish deadlines for applications, compare proposed facility and site applications, evaluate the applications against the state's hazardous waste management needs, and shall issue a certificate to that facility which is most consistent with the purposes and goals of Sections 1 through 8 of this Act. The board may request action by the General Assembly to authorize the issuance of certificates of environmental safety and public necessity for additional regional integrated waste treatment and disposal facilities upon a showing that such facilities can treat and dispose of hazardous waste in a safe and environmentally sound manner with a minimal amount of risk to the public, upon a showing of cause for the need for such additional facilities, and upon a showing of the ability of the Commonwealth to properly monitor and regulate such facilities.

SECTION 4. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) No person shall construct or operate a regional integrated waste treatment and disposal demonstration facility without having first obtained from the board a certificate of environmental safety and public necessity for the siting of a facility. A person desiring a certificate of environmental safety and public necessity shall submit an application to the board only after the secretary has declared the intent to issue a construction permit for a regional integrated waste treatment and disposal demonstration facility. A construction permit for a regional integrated waste treatment and disposal demonstration facility pursuant to KRS 224.866 shall not be issued before the certificate of environmental safety and public necessity has been obtained. Applications shall be submitted and processed and a certificate shall be issued in accordance with procedures established under regulations promulgated by the board pursuant to Section 3 of this Act.

(2) In issuing a certificate of environmental safety and public necessity, the board shall consider the following factors:

(a) The social and economic impacts of the proposed facility on the affected community including changes in property values, community perception and other psychic costs;

(b) Costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(c) The relationship of the proposed facility to local planning and existing development; the relationship of the proposed facility to any state-owned commercial low level nuclear waste disposal site, to major transportation arteries and to existing state primary and secondary roads, and to the hydrology of the area;

(d) The consistency of the proposed facility with any state hazardous waste management plan established under KRS 224.033(24);

(e) The policies, findings and purposes contained in Section 8 of this Act.

(3) All other provisions of state or local law or ordinance to the contrary notwithstanding, the issuance of a certificate of environmental safety and public necessity by the board and the issuance of applicable permits by the department shall constitute the exclusive governmental approval or land use determination required for the siting, location or use of a regional integrated waste treatment and disposal demonstration facility. Any facility holding a certificate of environmental safety and public necessity shall be exempt from regulation under KRS 67.083 and KRS Chapter 100. The board and the department may set standards for monitoring, operations, maintenance, record keeping, closure, post-closure, and liability coverage for the release or escape of waste into the environment that are more stringent than requirements for other hazardous waste facilities in order to evaluate the technologies in use at the site, to assure proper maintenance, and to protect public health and the environment.

(4) Appeals may be taken from the issuance or denial of certificates of environmental safety and public necessity. Such appeals shall be taken to the Franklin Circuit Court within thirty (30) days from the board's decision of issuance or denial. The party or parties affected by the issuance or denial of the certificate shall file in the circuit court a petition which states fully the grounds upon which a review is sought and assign all errors relied on. The board shall be named respondent, and service shall be had on the chairperson of the board. Summons shall issue upon the petition directing the board to send its entire record, properly bound, to the clerk of the circuit court after certifying that such record is its entire original record or a true copy thereof, which shall be filed by the clerk of the circuit court and such record shall then become and be considered by the circuit court on the review. After the case has been properly docketed in the circuit court, any party directly affected by the issues on appeal may, upon notice to the parties and upon proper showing and in the discretion of the court, be permitted to intervene. Upon hearing of the appeal, the findings of the board shall be prima facie evidence of the facts found therein. The court shall review the entire record and the findings and decision of the board.

SECTION 5. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) All treatment and disposal technologies comprising a regional integrated waste treatment and disposal demonstration facility shall be located on contiguous property.

(2) A hazardous waste shall be landfilled at a regional integrated waste treatment and disposal demonstration facility only if:

(a) The hazardous waste cannot be recycled or incinerated by commercially feasible technologies; and

(b) The hazardous waste cannot be rendered nonhazardous by commercially feasible treatment technologies; and

(c) The hazardous waste meets the additional criteria set forth in KRS 224.866(2).

SECTION 6. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) It is the intent of the general assembly that a regional integrated waste treatment and disposal demonstration facility contain an industrial park component. The approved site for a regional integrated waste treatment and disposal demonstration facility shall be of sufficient size to accommodate new industrial and commercial concerns that can utilize the energy by-products of the treatment technologies.

(2) It shall be the responsibility of the commerce cabinet in coordination with the Kentucky department of energy to establish a plan for and develop the industrial park component of a regional integrated waste treatment and disposal demonstration facility. The industrial park component, located on property contiguous with the treatment and disposal technologies, shall be designed so as to utilize energy generated from the waste treatment technologies.

SECTION 7. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The department shall submit a report to the legislative research commission on October 1 of each year regarding the status of a regional integrated waste treatment and disposal demonstration facility, including but not limited to:

(1) The types and amounts of hazardous waste being treated and disposed of at the facility.

(2) The percentages of wastes received at the facility that are recycled, treated, incinerated and landfilled.

(3) The percentage of waste received from instate generators as compared to out of state generators.

(4) Any changes in the projected operational life of the landfill.

Section 8. KRS 224.212 is amended to read as follows:

(1) It shall be the policy of the Commonwealth of Kentucky to encourage and promote the *establishment of a regional integrated waste treatment and disposal demonstration facility which utilizes* [~~development and demonstration of~~] efficient, environmentally acceptable and commercially feasible technologies, techniques, *and* processes [~~and markets~~] for *maximizing* resource recovery and energy generation from *the treatment and disposal of* [~~solid and~~] hazardous waste in Kentucky *and minimizing land disposal.*

(2) This policy may be implemented by contracts and agreements with the federal government and its agencies and with other organizations, including private industry, and through organizations that may be formed jointly by the state, the federal government or its agencies, and private industry to *establish a regional integrated waste treatment and disposal demonstration facility* [~~conduct developmental and demonstration projects~~] in such organizational form or legal entity deemed appropriate by the participants.

(3) This policy may be implemented by the expenditure of state funds for the preliminary engineering and planning, design, construction and operation of *a regional integrated waste treatment and disposal demonstration facility project* [~~developmental and demonstrative projects~~] in Kentucky, [~~including pilot and demonstration plants,~~] and for the acquisition and improvement of land, construction of roads, and provision of other public facilities incidental and necessary to the accomplishment of *this project* [~~developmental and demonstrative projects~~] in Kentucky.

(4) This policy may be implemented by the sale or lease of state property or property rights to organizations engaged in *a regional integrated waste treatment and disposal demonstration facility project* [~~developmental and demonstrative projects~~] in Kentucky, either for a fair and reasonable consideration or solely or partly as all or a portion of the state's participation in *this project* [~~developmental and demonstrative projects~~].

(5) This policy may be implemented by acquisition, by purchase, or by option to purchase [~~and if the Commonwealth is unable to contract or agree with the owner after a good faith effort to do so, by the exercise of eminent domain~~] the fee simple title to, or any acceptable lesser interest in such lands, rights of way, franchises, or easements, including submerged lands and riparian rights that are necessary for the construction, use or operation of any authorized *regional integrated waste treatment and disposal demonstration facility* [~~demonstration~~] project [~~or projects~~] and for the construction and operation of a line of railroad, truck road, overhead conveyor, or other transportation facilities together with the necessary rights of ingress and egress to construct, examine, alter, repair, maintain, operate, or remove such transportation facilities. [~~The proceedings for condemnation shall be as provided in KRS 416.540 to 416.670.~~]

(6) This policy may be implemented by contracts and agreements for the Commonwealth to purchase all or a portion of the usable output of *this project* [~~developmental and demonstration projects~~], either for a fair and reasonable consideration or solely or partly as all or a portion of the state's participation in *the project* [~~developmental and demonstrative projects~~], and to dispose of this output by use in state facilities or by resale at fair market value.

Section 9. KRS 224.213 is amended to read as follows:

(1) The *secretaries of the commerce cabinet and the department of energy,* [~~secretary of the department of energy~~] with the approval of the governor, may execute contracts *pursuant to KRS 224.212* [~~to design, construct, or operate development or demonstration projects~~].

(2) No agreements or contracts may be entered into before a regional integrated waste treatment and disposal demonstration facility has received a certificate of environmental safety and public necessity from the board established in Section 2 of this Act.

Section 10. KRS 68.178 is amended to read as follows:

(1) The fiscal court of any county may license off-site waste management facilities located within the county with the imposition of a license fee at a percentage rate not to exceed two percent (2%) per annum of the gross receipts of such a waste management facility owned or operated by self-employed individuals, partnerships, or corporations. The proceeds from the license fee shall be used to defray the general revenue requirements of the county where the facility is located. For purposes of assessing the licensing fee provided for in this section, off-site waste management shall consist of establishing and operating a facility whose principal purpose is treatment, storage, disposal, or a combination of these activities but shall not include those treatment, storage, or disposal activities which occur incidental to or which are not otherwise distinguishable from a broader manufacturing operation at the site of said operation.

(2) In the case of hazardous waste facilities involving land disposal, the rate levied under this section shall be not more than five percent (5%) per annum of the gross receipts and shall be calculated so as to produce sufficent revenue to compensate the county for any additional costs incurred by it from having a hazardous waste facility located in its jurisdiction, including, but not limited to the loss of ad valorem property tax revenues from the property on which the facility is located, the loss of ad valorem property tax revenues from abutting properties or other affected properties, the cost of providing any additional emergency services, the cost of monitoring air, surface water, ground water to the extent that other monitoring

data is not available, and other costs established as being associated with the facility and for which the county is not otherwise compensated.

Section 11. KRS 224.855 is amended to read as follows:

(1) No permit shall be issued until a complete application has been submitted to and approved by the department and notice of the application for a waste disposal site or facility has been published at the expense of the applicant in a manner reasonably calculated to inform that portion of the public which is most likely to be affected by the operation of the proposed waste disposal site or facility. The publication shall take place after the department has made a preliminary determination of the application.

(2) At a minimum, publication shall be made at least once by advertisement in a daily or weekly newspaper of general circulation in the locality where the proposed site is to be located.

(3) The contents of the public notice of an application for a waste disposal site or facility shall include the following:

(a) The name and address of the applicant;

(b) A brief description of the activity for which a permit is being sought;

(c) A description of the proposed location;

(d) The name and address of this department; and

(e) The following statement: "Any person who may be aggrieved by the issuance of a permit for this proposed waste disposal site or facility may file with the department a petition which sets forth the grounds of the objection and demand a hearing pursuant to KRS 224.081(2)." Such hearing shall be held within the county where the waste disposal site or facility is proposed.

(4) No permit shall be issued until at least thirty (30) days have expired following publication of the application. The applicant for a permit must establish the date of publication by a verified affidavit from the newspaper which publishes the advertisement. If a hearing is requested, no permit shall be issued prior to a completed hearing. In the case of hazardous waste landfills and other sites or facilities for the land disposal of hazardous waste no permit shall be approved or issued prior to notification of the department by the local unit of government of its actions pursuant to subsection (5) of this section.

(5) The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste landfill or other site or facility for the land disposal of hazardous waste is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste landfill or other site or facility for the land disposal of hazardous waste within thirty (30) days after the hearing described in subsections (3) and (4) of this section. If no hearing is requested under the provisions of subsections (3) and (4) of this section, the fiscal court, urban-county government, or governing body of an incorporated municipality shall conduct such public hearing and vote to approve or disapprove the hazardous waste landfill or other site or facility for the land disposal of hazardous waste within sixty (60) days following publication of the application. In making a determination the fiscal court, urban-county government, or governing body of an incorporated municipality shall consider the social and economic impacts of the proposed hazardous waste landfill or other site or facility for the land disposal of hazardous waste on the affected community, including changes in property values, community perception and other psychic costs; costs and availability of public services, facilities and improvements required to support the landfill or other site or facility and protect public health, safety and the environment; and the relationship of the proposed hazardous waste landfill or other site or facility for the land disposal of hazardous waste to local planning and existing development. After a fiscal court or urban-county government or governing body of an incorporated municipality has voted to approve or disapprove a hazardous waste landfill or other site or facility for the land disposal of hazardous waste, the court, urban-county government, or governing body of an incorporated municipality shall so notify the department in writing within ten (10) days. If a hazardous waste landfill or other site or facility for the land disposal of hazardous waste is disapproved by the court, urban-county government, or governing body of an incorporated municipality, the reasons for disapproval shall be set forth clearly and concisely, and so recorded in the minutes. No permit shall be issued by the department if a fiscal court, urban-county government or governing body of an incorporated municipality disapproves the hazardous waste landfill or other site or facility for the land disposal of hazardous waste in the manner prescribed herein.

(6) The provisions of subsection (5) of this section shall not apply to a proposed regional integrated waste treatment and disposal demonstration facility.

Section 12. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first obtaining construction and operation permits from the department. The department shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste disposal facility *or a regional integrated waste treatment and disposal demonstration facility* be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste landfill or other site or facility for the

land disposal of hazardous waste be approved or issued prior to notification of the department by the local unit of government of its actions pursuant to KRS 224.855(5) *except when the landfill is part of a regional integrated waste treatment and disposal demonstration facility. The department shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity.* A person desiring a construction permit shall file an application on forms supplied by the department which shall contain such information as the department deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the department. The department may consider past performance in this or related fields by the applicant. The department, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in subsections (b) and (c) of this section; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5)*; in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to Section 2 of this Act.*

(2) Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that in either case may cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness or pose a substantial present or potential hazard to human health or the environment.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The department shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall deposit into an interest bearing account pursuant to an escrow agreement with the department a closure fund. Such closure fund shall be cash, irrevocable credit or other sureties satisfactory to the department in an amount equal to the cost estimate for closure. A bank or other financial institution approved by the department shall act as the escrow agent of the closure fund. The escrow agreement shall provide that disbursement is permissible only upon written approval of the department and whenever, on the basis of any information, the department determines that the owner or operator is in violation of any of the closure requirements for the facility, that the department shall have the right to use part or all of the closure fund to carry out the closure requirements. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. When the applicant has ceased operations at the facility and has completed closure of the site, he may apply to the department for return of the principle and interest in the closure fund. Upon determination that closure has been satisfactorily accomplished, the department shall release to the applicant all remaining funds accumulated in the closure fund.

(b) Any applicant for a hazardous waste disposal permit shall file with the department as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The department shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the annual cash payments during the life of the facility or over twenty (20) years whichever is shorter into a post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of twenty (20) years after facility closure. The post-closure monitoring and maintenance fund shall be established by an escrow agreement with the department and annual payments shall be placed in an interest bearing escrow account in a bank or other financial institution approved by the department which shall act as the escrow agent for the fund. The escrow agreement shall provide that whenever, on the basis of any information, the department determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the department shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of twenty (20) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the department be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year and the interest accumulated on that portion of the fund for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the department may authorize the release of the funds to the applicant in writing. Any funds remaining in the escrow account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) Before a permit can be issued the applicant for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the department for the purpose of satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the department. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination.

The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be three million dollars ($3,000,000) per occurrence with an annual aggregate of six million dollars ($6,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The department shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of twenty (20) years after closure of the facility, and may apply to the department for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least twenty (20) years. Upon receipt of such application the department shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The department shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the department may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

Section 13. KRS 224.868 is amended to read as follows:

(1) (a) For purposes of this section and KRS 224.876(6) "special wastes" mean those hazardous wastes of high volume and low hazard which include but are not limited to mining wastes, utility wastes (fly ash, bottom ash, scrubber sludge), sludge from water treatment facilities and sewage treatment facilities, cement kiln dust, gas and oil drilling muds and oil production brines and any other waste so designated by the department.

(b) Disposal sites or facilities for special wastes shall be exempt from the provisions of KRS 224.866 *and the provisions of Sections 1-9 of this Act* but may be regulated by the department consistent with P.L. 94-580 and regulations issued pursuant thereto unless a specified site or facility poses or may pose a threat of imminent hazard to public health or substantial environmental impact in which case the site or facility may be required by the department to comply with the provisions of KRS 224.866.

(c) Generators of special wastes shall register with the department and be subject to the provisions of KRS 224.866, except for generators of coal mining wastes which shall be regulated pursuant to the provisions of KRS Chapter 350.

(d) The department shall promulgate special waste regulations that recognize the distinct differences between the category of special wastes and other hazardous and solid wastes due to the fact that special wastes have large volume but low hazardousness. The department's regulations for the generation, transport, record keeping, reporting, storage and disposal shall reflect those distinct differences. The department's regulations shall recognize and incorporate where appropriate and if consistent with the policies of KRS 224.864 to 224.874 any deadline extensions, studies, and specialized requirements for specific kinds of special wastes that are or may be undertaken at the federal or other levels of government.

(2) Generators of waste oil shall be exempt from the provisions of KRS 224.864 and 224.866 but may be regulated by the department consistent with P.L. 94-580 and regulations issued pursuant thereto.

Section 14. The following KRS sections are repealed:

224.214 Limitations on liability.
224.215 Termination of projects.
224.216 Eligibility requirements.

Committee Substitute to **SB 279** is as follows:

SB 279, AN ACT relating to the environment.

WHEREAS, the problem of the proper transportation, treatment and disposal of hazardous waste is a serious one that affects the health, safety and environment of the citizens of the Commonwealth; and

WHEREAS, high technology facilities that provide safer and more environmentally sound alternatives to the disposal of hazardous waste than do conventional land disposal methods require a waste stream of sufficient size to make their development feasible; and

WHEREAS, treatment and disposal facilities for hazardous waste must be located on suitable geological, seismological, and hydrological sites and must be monitored and maintained to assure their proper functioning; and

WHEREAS, even the use of high technology treatment facilities may result in residues that require land disposal; and

WHEREAS, the location of a variety of treatment and disposal technologies at a single location provides for the maximum use of suitable sites, the opportunity to treat and dispose of each type of waste in the safest and most environmentally sound manner, the opportunity for consolidating waste streams making the proper high technology alternatives feasible and reducing the number of facilities in need of monitoring and long term maintenance, reduces the risk from transportation by restricting the routes potentially in use between generators and dispersed treatment and disposal facilities, and overall reduces the long term risks to Kentucky citizens; and

WHEREAS, the development of a model integrated facility should be undertaken to demonstrate the feasibility of such a project and to provide for the management of hazardous waste in the Commonwealth in the safest possible manner; and

WHEREAS, it is the policy of the Commonwealth to promote the development of efficient, environmentally acceptable and commercially feasible technologies, techniques and processes for resource recovery and energy generation from hazardous waste (KRS 224.212) and such projects have not been undertaken in a timely manner by the private sector;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The temporary members of the board shall be appointed by the county judge/executive of the county in which a regional integrated waste treatment and disposal demonstration facility is proposed to be located and shall be bona fide residents of the county. The temporary members of the board shall be appointed within thirty (30) days of the declaration of intent required by Section 3 and Section 4 of this Act; however, failure of the appropriate appointing authority to appoint temporary members of the board within thirty (30) days shall not preclude the board from acting upon applications for certificates of environmental safety and public necessity. Temporary members of the board shall have all the rights and privileges of membership on the board while acting upon those applications for certificates for which they were appointed, but shall not participate in the transaction of other business by the board.

(5) The permanent members of the board shall choose from among their membership a chairperson of the board.

SECTION 3. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The Kentucky regional integrated waste treatment and disposal facility siting board shall have the power, duty and authority to:

(1) Adopt by-laws governing the organization and operation of the board.

(2) Require applicants to submit such information as may be reasonably necessary to permit the board to act upon the application, including but not limited to the following:

(a) The location of the proposed facility and a map of the proposed location;

(b) A description of the design and capacity of the proposed facility;

(c) The anticipated sources of materials to be received at the facility, the proposed methods of transportation to and from the facility and the routes to be traversed;

(d) The experience and qualifications of the applicant;

(e) A detailed analysis of the local impacts of the facility including consideration of those factors identified in Section 4 of this Act.

(3) Adopt regulations establishing a fee or schedule of fees for the cost of processing applications for certificates of environmental safety and public necessity which shall include the costs of public notices, hearings and all associated administrative costs required under this Act.

(4) Adopt regulations prescribing the manner in which the board shall process applications for certificates of environmental safety and public necessity. Such regulations shall include but not be limited to the following:

(a) A requirement that, within ten (10) days of receipt of a complete application of the proposed site, a notice shall be published in a local newspaper in the county where a regional integrated waste treatment and disposal demonstration facility is proposed to be located and in all counties contiguous to said host county in the manner set forth in KRS Chapter 424 and the board shall provide written notice by certified mail to the county judge/executive of the county in which the facility is proposed to be located;

(b) A requirement that no less than thirty (30) days and no more than forty-five (45) days after publication of notice of receipt of a complete application, the board shall conduct a hearing in the county in which the facility is proposed to be located to determine whether a certificate of environmental safety and public necessity should be issued, unless the applicant requests a delay.

(5) Issue or deny a certificate of environmental safety and public necessity. If the board denies the certificate, it shall state in writing the basis for its decision. The board may issue, revoke, or suspend certificates subject to such conditions as it may deem appropriate consistent with Section 4 of this Act including, where appropriate, provision for mitigation of local impacts. Such mitigation may include provisions for payment of sums by the holder of the certificate to public entities as compensation for local social and economic impacts.

(6) Issue only one (1) certificate of environmental safety and public necessity. In order to carry out the purposes of Sections 1 through 8 of this Act, the board may establish deadlines for applications, compare proposed facility and site applications, evaluate the applications against the state's hazardous waste management needs, and shall issue a certificate to that facility which is most consistent with the purposes and goals of Sections 1 through 8 of this Act. The board may request action by the General Assembly to authorize the issuance of certificates of environmental safety and public necessity for additional regional integrated waste treatment and disposal facilities upon a showing that such facilities can treat and dispose of hazardous waste in a safe and environmentally sound manner with a minimal amount of risk to the public, upon a showing of cause for the need for such additional facilities, and upon a showing of the ability of the Commonwealth to properly monitor and regulate such facilities.

SECTION 4. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) No person shall construct or operate a regional integrated waste treatment and disposal demonstration facility without having first obtained from the board a certificate of environmental safety and public necessity for the siting of a facility. A person desiring a certificate of environmental safety and public necessity shall submit an application to the board only after the secretary has declared the intent to issue a construction permit for a regional integrated waste treatment and disposal demonstration facility. A construction permit for a regional integrated waste treatment and disposal demonstration facility pursuant to KRS 224.866 shall not be issued before the certificate of environmental safety and public necessity has been obtained. Applications shall be submitted and processed and a certificate shall be issued in accordance with procedures established under regulations promulgated by the board pursuant to Section 3 of this Act.

(2) In issuing a certificate of environmental safety and public necessity, the board shall consider the following factors:

(a) The social and economic impacts of the proposed facility on the affected community including changes in property values, community perception and other psychic costs;

(b) Costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(c) The relationship of the proposed facility to local planning and existing development; the relationship of the proposed facility to any state-owned commercial low level nuclear waste disposal site, to major transportation arteries and to existing state primary and secondary roads, and to the hydrology of the area;

(d) The location of the proposed facility in relationship to the existing industries in the Commonwealth that generate large volumes of hazardous waste and to the areas projected to be areas of generation of large volumes of hazardous waste based on known potential industrial locations within the Commonwealth, so as to minimize the transportation distance between the major generators of hazardous waste and the proposed facility. The department shall provide the board with data concerning said existing and projected areas of hazardous waste generation in the Commonwealth;

(e) The impact of the proposed facility on public safety and provisions made to minimize the risk to public health and safety;

(f) The consistency of the proposed facility with any state hazardous waste management plan established under KRS 224.033(24);

(g) The policies, findings and purposes contained in Section 8 of this Act.

(3) No certificate of environmental safety and public necessity shall be issued until the board has presented its findings at a meeting of the interim joint committee of the legislative research commission with jurisdiction in the area of hazardous waste management or if the general assembly is in session, at a joint meeting of the house and senate standing committees with jurisdiction in the area of hazardous waste management. The board shall notify the chairperson or chairpersons of said appropriate joint committees in writing of its intent to issue a certificate of environmental safety and public necessity. The chairperson or chairpersons shall call a meeting of said joint committee within thirty (30) days of the date of receipt of such notification by the board to hear the findings of the board.

(4) All other provisions of state or local law or ordinance to the contrary notwithstanding, the issuance of a certificate of environmental safety and public necessity by the board and the issuance of applicable permits by the department shall constitute the exclusive governmental approval or land use determination required for the siting, location or use of a regional integrated waste treatment and disposal demonstration facility. Any facility holding a certificate of environmental safety and public necessity shall be exempt from regulation under KRS 67.083 and KRS Chapter 100. The board and the department may set standards for monitoring, operations, maintenance, record keeping, closure, post-closure, and liability coverage for the release or escape of waste into the environment that are more stringent than requirements for other hazardous waste facilities in order to evaluate the technologies in use at the site, to assure proper maintenance, and to protect public health and the environment.

(5) Appeals may be taken from the issuance or denial of certificates of environmental safety and public necessity. Such appeals shall be taken to the Franklin Circuit Court within thirty (30) days from the board's decision of issuance or denial. The party or parties affected by the issuance or denial of the certificate shall file in the circuit court a petition which states fully the grounds upon which a review is sought and assign all errors relied on. The board shall be named respondent, and service shall be had on the chairperson of the board. Summons shall issue upon the petition directing the board to send its entire record, properly bound, to the clerk of the circuit court after certifying that such record is its entire original record or a true copy thereof, which shall be filed by the clerk of the circuit court and such record shall then become and be considered by the circuit court on the review. After the case has been properly docketed in the circuit court, any party directly affected by the issues on appeal may, upon notice to the parties and upon proper showing and in the discretion of the court, be permitted to intervene. Upon hearing of the appeal, the findings of the board shall be prima facie evidence of the facts found therein. The court shall review the entire record and the findings and decision of the board.

SECTION 5. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) All treatment and disposal technologies comprising a regional integrated waste treatment and disposal demonstration facility shall be located on contiguous property.

(2) A hazardous waste shall be landfilled at a regional integrated waste treatment and disposal demonstration facility only if:

(a) The hazardous waste cannot be recycled or incinerated by commercially feasible technologies; and

(b) The hazardous waste cannot be rendered nonhazardous by commercially feasible treatment technologies; and

(c) The hazardous waste meets the additional criteria set forth in KRS 224.866(2).

(3) No waste shall be deposited in a landfill that is part of a regional integrated waste treatment and disposal demonstration facility if:

(a) It has been shown to cause acute or chronic detrimental effects on humans; or

(b) It degrades very slowly when placed in the land; or

(c) It is a persistent substance that is not readily excreted by living organisms but is retained and often concentrated by organisms higher in the food chain; or

(d) It migrates rapidly through clays and soils or dissolves other hazardous components of waste increasing their mobility; or

(e) It evaporates into the air causing toxic air pollution or smog; or

(f) It is in a liquid form or is water soluble.

SECTION 6. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) It is the intent of the general assembly that a regional integrated waste treatment and disposal demonstration facility contain an industrial park component. The approved site for a regional integrated waste treatment and disposal demonstration facility shall be of sufficient size to accommodate new industrial and commercial concerns that can utilize the energy by-products of the treatment technologies.

(2) It shall be the responsibility of the commerce cabinet in coordination with the Kentucky department of energy to establish a plan for and develop the industrial park component of a regional integrated

waste treatment and disposal demonstration facility. The industrial park component, located on property contiguous with the treatment and disposal technologies, shall be designed so as to utilize energy generated from the waste treatment technologies.

SECTION 7. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The department shall submit a report to the legislative research commission on October 1 of each year regarding the status of a regional integrated waste treatment and disposal demonstration facility, including but not limited to:

(1) The types and amounts of hazardous waste being treated and disposed of at the facility.

(2) The percentages of wastes received at the facility that are recycled, treated, incinerated and landfilled.

(3) The percentage of waste received from instate generators as compared to out of state generators.

(4) Any changes in the projected operational life of the landfill.

Section 8. KRS 224.212 is amended to read as follows:

(3) This policy may be implemented by the expenditure of state funds for the preliminary engineering and planning, design, construction and operation of *a regional integrated waste treatment and disposal demonstration facility project* [~~developmental and demonstrative projects~~] in Kentucky, [~~including pilot and demonstration plants,~~] and for the acquisition and improvement of land, construction of roads, and provision of other public facilities incidental and necessary to the accomplishment of *this project* [~~developmental and demonstrative projects~~] in Kentucky.

(4) This policy may be implemented by the sale [~~or lease~~] of state property [~~or property rights~~] to organizations engaged in *a regional integrated waste treatment and disposal demonstration facility project* [~~developmental and demonstrative projects~~] in Kentucky, either for a fair and reasonable consideration or solely or partly as all or a portion of the state's participation in *this project* [~~developmental and demonstrative projects~~].

(5) This policy may be implemented by acquisition, by purchase, or by option to purchase [~~and if the Commonwealth is unable to contract or agree with the owner after a good faith effort to do so, by the exercise of eminent domain~~] the fee simple title to, or any acceptable lesser interest in such [~~lands,~~] rights of way, franchises, or easements, including submerged lands and riparian rights that are necessary for the construction, use or operation of any authorized *regional integrated waste treatment and disposal demonstration facility* [~~demonstration~~] project [~~or projects~~] and for the construction and operation of a line of railroad, truck road, overhead conveyor, or other transportation facilities together with the necessary rights of ingress and egress to construct, examine, alter, repair, maintain, operate, or remove such transportation facilities. Section 9. KRS 224.213 is amended to read as follows:

(1) The *secretaries of the commerce cabinet and the department of energy,* [~~secretary of the department of energy~~] with the approval of the governor *and the legislative research commission,* may execute contracts *pursuant to KRS 224.212* [~~to design, construct, or operate development or demonstration projects~~].

(2) No agreements or contracts may be entered into before a regional integrated waste treatment and disposal demonstration facility has received a certificate of environmental safety and public necessity from the board established in Section 2 of this Act.

SECTION 10. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The commerce cabinet and the department of energy shall provide the department with the information deemed necessary by the department to project hazardous waste generation in the Commonwealth as required by KRS 224.033(24) and Section 4(2)(d) of this Act.

SECTION 11. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

A regional integrated waste treatment and disposal demonstration facility shall not be located in an area underlain by devonian shale where said shale is found within fifty (50) feet of the surface.

Section 12. KRS 68.178 is amended to read as follows:

(1) The fiscal court of any county may license off-site waste management facilities located within the county with the imposition of a license fee at a percentage rate not to exceed two percent (2%) per annum of the gross receipts of such a waste management facility owned or operated by self-employed individuals, partnerships, or corporations. The proceeds from the license fee shall be used to defray the general revenue requirements of the county where the facility is located. For purposes of assessing the licensing fee provided for in this section, off-site waste management shall consist of establishing and operating a facility whose principal purpose is treatment, storage, disposal, or a combination of these activities but shall not include those treatment, storage, or disposal activities which occur incidental to or which are not otherwise distinguishable from a broader manufacturing operation at the site of said operation.

(2) In the case of hazardous waste facilities involving land disposal, the rate levied under this section shall not be limited by the two percent (2%) maximum set forth in subsection (1) of this section but shall be calculated so as to produce suffcent revenue to compensate the county for any additional costs incurred by it from having a hazardous waste facility located in its jurisdiction, including, but not limited to the loss of ad valorem property tax revenues from the property on which the facility is located, the loss of ad valorem property tax revenues from abutting properties or other affected properties, the cost of providing any additional emergency services, the cost of monitoring air, surface water, ground water to the extent that other monitoring data is not available, and other costs established as being associated with the facility and for which the county is not otherwise compensated. The rate initially levied under this subsection shall not be changed for the life of the project.

Section 13. KRS 224.855 is amended to read as follows:

(1) No permit shall be issued until a complete application has been submitted to and approved by the department and notice of the application for a waste disposal site or facility has been published at the expense of the applicant in a manner reasonably calculated to inform that portion of the public which is most likely to be affected by the operation of the proposed waste disposal site or facility. The publication shall take place after the department has made a preliminary determination of the application.

(2) At a minimum, publication shall be made at least once by advertisement in a daily or weekly newspaper of general circulation in the locality where the proposed site is to be located.

(3) The contents of the public notice of an application for a waste disposal site or facility shall include the following:

(a) The name and address of the applicant;

(b) A brief description of the activity for which a permit is being sought;

(c) A description of the proposed location;

(d) The name and address of this department; and

(e) The following statement: "Any person who may be aggrieved by the issuance of a permit for this proposed waste disposal site or facility may file with the department a petition which sets forth the grounds of the objection and demand a hearing pursuant to KRS 224.081(2)." Such hearing shall be held within the county where the waste disposal site or facility is proposed.

(4) No permit shall be issued until at least thirty (30) days have expired following publication of the application. The applicant for a permit must establish the date of publication by a verified affidavit from the newspaper which publishes the advertisement. If a hearing is requested, no permit shall be issued prior to a completed hearing. In the case of hazardous waste landfills and other sites or facilities for the land disposal of hazardous waste no permit shall be approved or issued prior to notification of the department by the local unit of government of its actions pursuant to subsection (5) of this section.

(5) The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste landfill or other site or facility for the land disposal of hazardous waste is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste landfill or other site or facility for the land disposal of hazardous waste within thirty (30) days after the hearing described in subsections (3) and (4) of this section. If no hearing is requested under the provisions of subsections (3) and (4) of this section, the fiscal court, urban-county government, or governing body of an incorporated municipality shall conduct such public hearing and vote to approve or disapprove the hazardous waste landfill or other site or facility for the land disposal of hazardous waste within sixty (60) days following publication of the application. In making a determination the fiscal court, urban-county government, or governing body of an incorporated municipality shall consider the social and economic impacts of the proposed hazardous waste landfill or other site or facility for the land disposal of hazardous waste on the affected community, including changes in property values, community perception and other psychic costs; costs and availability of public services,

facilities and improvements required to support the landfill or other site or facility and protect public health, safety and the environment; and the relationship of the proposed hazardous waste landfill or other site or facility for the land disposal of hazardous waste to local planning and existing development. After a fiscal court or urban-county government or governing body of an incorporated municipality has voted to approve or disapprove a hazardous waste landfill or other site or facility for the land disposal of hazardous waste, the court, urban-county government, or governing body of an incorporated municipality shall so notify the department in writing within ten (10) days. If a hazardous waste landfill or other site or facility for the land disposal of hazardous waste is disapproved by the court, urban-county government, or governing body of an incorporated municipality, the reasons for disapproval shall be set forth clearly and concisely, and so recorded in the minutes. No permit shall be issued by the department if a fiscal court, urban-county government or governing body of an incorporated municipality disapproves the hazardous waste landfill or other site or facility for the land disposal of hazardous waste in the manner prescribed herein.

(6) The provisions of subsection (5) of this section shall not apply to a proposed regional integrated waste treatment and disposal demonstration facility.

Section 14. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first obtaining construction and operation permits from the department. The department shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste disposal facility *or a regional integrated waste treatment and disposal demonstration facility* be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the department by the local unit of government of its actions pursuant to KRS 224.855(5) *except when the landfill is part of a regional integrated waste treatment and disposal demonstration facility. The department shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity.* A person desiring a construction permit shall file an application on forms supplied by the department which shall contain such information as the department deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the department. The department may consider past performance in this or related fields by the applicant. The department, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in subsections (b) and (c) of this section; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5)*; in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to Section 2 of this Act.*

(2) Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that in either case may cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness or pose a substantial present or potential hazard to human health or the environment.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The department shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall deposit into an interest bearing account pursuant to an escrow agreement with the department a closure fund. Such closure fund shall be cash, irrevocable credit or other sureties satisfactory to the department in an amount equal to the cost estimate for closure. A bank or other financial institution approved by the department shall act as the escrow agent of the closure fund. The escrow agreement shall provide that disbursement is permissible only upon written approval of the department and whenever, on the basis of any information, the department determines that the owner or operator is in violation of any of the closure requirements for the facility, that the department shall have the right to use part or all of the closure fund to carry out the closure requirements. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. When the applicant has ceased operations at the facility and has completed closure of the site, he may apply to the department for return of the principle and interest in the closure fund. Upon determination that closure has been satisfactorily accomplished, the department shall release to the applicant all remaining funds accumulated in the closure fund.

(b) Any applicant for a hazardous waste disposal permit shall file with the department as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The department shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the annual cash payments during the life of the facility or over twenty (20) years whichever is shorter into a post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of twenty (20) years after facility closure. The post-closure monitoring and maintenance fund shall be established by an escrow agreement with the department and annual payments shall be placed in an interest bearing escrow account in a bank or other financial institution approved by the department which shall act as the escrow agent for the fund. The escrow agreement shall provide that whenever, on the basis of any information, the department determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the department shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of twenty (20) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the department be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year and the interest accumulated on that portion of the fund for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the department may authorize the release of the funds to the applicant in writing. Any funds remaining in the escrow account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) Before a permit can be issued the applicant for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the department for the purpose of satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the department. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination.

The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be three million dollars ($3,000,000) per occurrence with an annual aggregate of six million dollars ($6,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The department shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of twenty (20) years after closure of the facility, and may apply to the department for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least twenty (20) years. Upon receipt of such application the department shall provide notice to the public and to the owner or operator and an opportunity for

a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The department shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the department may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

Section 15. KRS 224.868 is amended to read as follows:

(1) (a) For purposes of this section and KRS 224.876(6) "special wastes" mean those hazardous wastes of high volume and low hazard which include but are not limited to mining wastes, utility wastes (fly ash, bottom ash, scrubber sludge), sludge from water treatment facilities and sewage treatment facilities, cement kiln dust, gas and oil drilling muds and oil production brines and any other waste so designated by the department.

(b) Disposal sites or facilities for special wastes shall be exempt from the provisions of KRS 224.866 *and the provisions of Sections 1-11 of this Act* but may be regulated by the department consistent with P.L. 94-580 and regulations issued pursuant thereto unless a specified site or facility poses or may pose a threat of imminent hazard to public health or substantial environmental impact in which case the site or facility may be required by the department to comply with the provisions of KRS 224.866.

(c) Generators of special wastes shall register with the department and be subject to the provisions of KRS 224.866, except for generators of coal mining wastes which shall be regulated pursuant to the provisions of KRS Chapter 350.

(d) The department shall promulgate special waste regulations that recognize the distinct differences between the category of special wastes and other hazardous and solid wastes due to the fact that special wastes have large volume but low hazardousness. The department's regulations for the generation, transport, record keeping, reporting, storage and disposal shall reflect those distinct differences. The department's regulations shall recognize and incorporate where appropriate and if consistent with the policies of KRS 224.864 to 224.874 any deadline extensions, studies, and specialized requirements for specific kinds of special wastes that are or may be undertaken at the federal or other levels of government.

(2) Generators of waste oil shall be exempt from the provisions of KRS 224.864 and 224.866 but may be regulated by the department consistent with P.L. 94-580 and regulations issued pursuant thereto.

Section 16. The following KRS sections are repealed:

224.214 Limitations on liability.
224.215 Termination of projects.
224.216 Eligibility requirements.

(2) "Natural resources impact county" shall mean a county in which natural resources were not severed within the meaning of KRS Chapter 143 or 143A after July 1, 1982, but one through which natural resources are regularly transported over public highways, roads, and streets designated as a part of the natural resources road system by the department of transportation. On or before August 15, 1983 and each year thereafter, the department of transportation shall publish a directory, including supporting maps and other documents, designating the official natural resources road system in natural resources impact and natural resources producing counties which shall include all public highways, roads, and streets over which quantities of natural resources have been transported as reported in the transportation plan required by KRS 350.060. The department shall further publish the total county mileage of the offical natural resources road system and the total ton/miles within each natural resources impact and natural resources producing county.

(3) "Natural resources", for purposes of this Act, shall mean all forms of minerals including but not limited to rock, stone, limestone, coal, shale, gravel, sand, clay, oil, fluorspar, zinc, natural gas, and natural gas liquids which are contained in or on the soils or waters of this state.

(4) The department of revenue shall review the forms submitted pursuant to subsection (3) of this section and upon the determination that a discrepancy exists between natural resources transported and natural resources severed may recommend an investigation into the activity and records of the permit holder by the department of transportation.

SECTION 4. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

(1) The secretary shall establish a motor carrier regulatory board to receive information transmitted by the department of revenue pursuant to Section 3(4) of this Act and hold hearings regarding violations of the resource recovery road hauling permits.

that such violations are willfully caused by the permittee, *provided further that failure to attend a hearing shall be excused for good cause shown*; and

(5) To adopt rules and regulations to allow the state to administer and enforce the initial and permanent regulatory programs of Public Law 95-87, "surface mining control and reclamation act of 1977" provided that such rules and regulations shall be no more stringent than required by such law*; provided further that nothing in this chapter shall be construed as superseding, amending, modifying, or repealing any of the Acts listed in Section 702(a) of Public Law 95-87, or any rule or regulation promulgated thereunder.*

Section 3. KRS 350.060, 1980 Acts Chapter 62, Section 5, operative on approval of primacy, is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the department a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the department may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the department and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The department for natural resources and environmental protection shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight-month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the department under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the department within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered. [~~The department shall not accept interim permit applications after August 1, 1980 or after December 1, 1980 if the United States secretary of the interior has not approved the Commonwealth's permanent regulatory program by September 3, 1980. The department shall receive and act on all substantially complete permit applications tendered to it on or before August 1, 1980 or December 1, 1980, whichever date is applicable, under the interim program.~~]

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the department finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5) An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) *a* [~~if known,~~] ten percent (10%) or more *interest* [~~of any class of stock~~] of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify;

(h) A listing of any and all violations of this chapter, P.L. 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three-year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(6) The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(7) The application for a permit shall be accompanied by copies, in numbers satisfactory to the department, of a United States geological survey topographic map or such other map acceptable to the department on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(8) The application for a permit shall be accompanied by copies, in numbers satisfactory to the department, of an enlarged United States geological survey topographic map or such other map acceptable to the department meeting the requirements of the subsections below. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) below, *except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection*;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining*;* [~~and~~]

(d) Show the boundaries of surface properties and names of owners on the affected area and adjacent to any part of the affected area;

(e)[~~(d)~~] Be of a scale of 1:24,000 or larger;

(f)[~~(e)~~] Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(g)[~~(f)~~] Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(h)[~~(g)~~] Show the date on which the map was prepared, the north point and the quadrangle name; and

(i)[~~(h)~~] Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(9) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the department of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(10) All certifications required by this chapter to be made by professional engineers [~~shall state that the information or documentation contained in the application is correct, and shall show that to the best of his or her knowledge and belief all the information required by the applicable laws and regulations of this state is included. The certification shall be signed and notarized. The department may reject any document or map as incomplete if its accuracy is not so attested. The certification~~] shall be done in the form prescribed by the department *and shall be reasonably specific as to the work being certified. The department may reject any document or map as incomplete if it is not properly certified.*

(11) The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the department of transportation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and

the accuracy of the specifications of weight limits on such highways and bridges. All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.

(12) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(13) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the department for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the department. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(14) A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed two hundred fifty dollars ($250) plus a fee set by regulation but not to exceed fifty dollars ($50) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued. The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the department. In determining the amount of the bond the department shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the department in the event of forfeiture. The department shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where [~~a surface coal mining operation affects two (2) acres or less and~~] the circumstances are such as to warrant an exception, the department, in its discretion, may reduce the amount of the bond for a *two (2) acre* [~~particular~~] operation to less than the required minimum.

(15) Surface coal mining and reclamation operations which affect two (2) acres or less shall be exempt from the requirements of this chapter, except that the department shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, *revegetation,* refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in no event shall the department require that the highwalls left by such operations be eliminated. In no event shall the bond be more than one thousand dollars ($1,000) per acre. The department shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days. All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted and permits granted pursuant to this subsection. The department shall enforce this subsection consistent with KRS Chapter 350 except that the department shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(16) The department shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The department shall recognize the distinct differences between the surface effects of underground mining and *strip* [~~surface coal~~] mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the department shall require, *for underground mines that are greater than two (2) acres under subsection (15) of this section, that all of the areas overlying underground workings be permitted but* that the areas *overlying* [~~overlaying~~] underground workings not affected by *operations and facilities occurring on the surface* [~~the operation be permitted only for purposes of subsidence control and~~] shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section *or of KRS 350.151; provided, however, that applications for operations of two (2) acres or less filed under subsection (15) of this section shall clearly identify the boundaries of the proposed deep mine operation.*

(17) Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the department are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the department might require; or

(e) Any additional revised or updated information required by the department has not been provided; Prior to the approval of any renewal of permit the department shall provide notice to the appropriate public authorities.

(18) If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(19) Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(20) Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the department may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(21) Each application for a permit or revision for auger mining on a previously mined area must contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the department determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The department shall, consistent with all applicable requirements of KRS Chapter 350, issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The department shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum of four (4) feet above the coal seam being mined.

(22) All operations involving the crushing, screening, or loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter.

Section 4. KRS 350.062 is amended to read as follows:

(1) Applicants for permits may submit such hydrologic information on the general area prior to mining as may be made available by the department pursuant to subsection (7) of this section and employ such information in any reasonable mathematical water modeling formulation, logical extrapolation from existing data on the same or similar watershed or other reasonable predictive techniques which regionalize and synthetize historical, geologic and hydrologic parameters on the general area to determine surface ground water conditions, together with site specific data in determining the probable hydrologic consequences of the proposed mining.

(2) Climatological data, average seasonable precipitation, average direction and velocity of prevailing winds or seasonable temperature ranges, shall be submitted by the applicant only when requested by the department on a site-by-site basis.

(3) A statement of the result of test borings or core samplings from the permit area, including logs of the drill holes; the thickness of the coal seam found; an analysis of the chemical properties of such coal; the sulfur content of any coal seam to be disturbed; chemical analysis of potentially acid or toxic forming sections of the overburden; or chemical analysis of the stratum lying immediately underneath the coal seam to be mined, may be waived by the department with respect to the specific application by a written determination that such requirements are unnecessary.

(4) Applicants may submit fish and wildlife information within the proposed mine plan area and adjacent areas in the form of published data or data otherwise available from state and federal fish and wildlife management, conservation or regulatory agencies and site-specific information unless the department requires such information based on reasonable grounds to believe that the available data is inaccurate.

(5) The department shall provide in its regulations that notwithstanding an operator's detailed estimated timetable for the reclamation plan in the application, as long as the operator is in compliance with the contemporaneous reclamation requirements of its regulations, a failure to adhere to said timetable shall not be an independent basis for a violation.

(6) The department shall provide in its regulations establishing environmental protection, performance standards that an operator may augment subsoil strata with chemical or organic soil supplement materials produced on site or elsewhere for the purpose of complying with the topsoiling requirements of this chapter if topsoil is of insufficient quality or of poor quality for sustaining vegetation.

(7) The department shall compile by September 1, 1980, available background hydrologic information concerning the general areas in which surface coal mining has or may be conducted in the Commonwealth as may be available in standard published form, research reports, studies or data compiled by other state or federal agencies including state-supported colleges and universities, the department's own files, including, at a minimum, quality and quantity of water in surface and ground water systems; minimum, maximum and average discharge quantities at peak and critical low flow and seasonal variations; dissolved and suspended solids, acidity, ph, iron and manganese under seasonal flow conditions; and any other background hydrologic information required by the department concerning the hydrologic regime of a general area prior to mining for purposes of making a determination of the probable consequences of the mining; and shall make available to an operator such data and information concerning general areas within ten (10) days of a request in writing.

(8) The department shall classify all abandoned mine land program reclamation projects as government financed construction and not surface coal mining operations and the extraction of coal as an incidental part of such projects shall be exempt from the requirements of this chapter and regulations promulgated pursuant thereto.

(9) The department shall not arbitrarily deny or unreasonably delay any permit application based upon the information required in this section if the registered professional engineer or geologist or other qualified person has utilized or developed a procedure or analytical method that differs from departmental technical guidelines; provided, that the registered professional engineer or geologist or other qualified person shall design a sampling and testing program based on all available information and on a site-specific basis. The reasons for denial shall be given in writing and shall be reasonably specific. The requirements contained in subsection (3) of this section may be waived for locations where the department determines that adequate information is already available to the department.

Section 5. KRS 350.093, 1980 Acts, Chapter 62, Section 10, operative on approval of primacy, is amended to read as follows:

(1) As determined by regulations of the department, time limits shall be established requiring backfilling, grading and planting to be kept current, such that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable under regulations promulgated by the department. All backfilling and grading shall be completed before necessary equipment is moved from the operation; provided however that the department may for good cause approve the moving of equipment before all backfilling and grading is completed.

(2) *The department may allow an operator to defer contemporaneous reclamation requirements on specified areas if the operator can demonstrate that said deferment is necessary to address at least one (1) of the following:*

(a) Adverse condition including weather, labor and other conditions clearly beyond the operator's control;

(b) Other bona fide mining operations carried out on a strip mined area, pursuant to KRS 350.080;

(c) Coal marketing problems.

Application for a deferment pursuant to this section shall be in the form prescribed by the department. Approval of the deferment request shall be made in writing. The approval shall state that the deferment is justified and that no environmental damage will occur during the period of deferment. Reclamation deferments may be approved for a period reasonably related to the specified conditions justifying the deferment, but in no event shall the aggregate deferral period exceed thirty (30) months, nor shall the deferral extend beyond the expiration date of the permit. The department shall periodically reexamine and update the amount of the bond on the permit area so that the amount of the bond is sufficient to assure completion of reclamation if the work had to be performed by the department in the event of forfeiture.

(3) If the operator or other person desires to conduct drift mining or other underground mining upon the premises or use the openings for haulageways or other lawful purposes, the operator may designate locations to be used for such purposes at which places it will not be necessary to backfill as herein provided for until such drift or other underground mining or other use is completed, during which time the bond on file for that portion of the operation shall not be released. That portion of such locations shall be described and designated on the map attached thereto; provided, that where the operator or other person wishes to combine surface operations with underground mining operations to assure maximum practical recovery of coal

resources, the department may grant a variance, pursuant to regulations promulgated by the department, for specific areas within the reclamation plan from the requirement that reclamation efforts proceed pursuant to subsection (1) of this section so as to permit underground mining operations prior to reclamation.

(4)[~~(3)~~] The department may release in whole or in part the reclamation bond or deposit for a particular operation if the department is satisfied that the reclamation covered by the bond or deposit or portion thereof has been accomplished as required by this chapter. Such bond releases shall be made in accordance with the following schedule:

(a) When the operator completes the backfilling, regrading, and drainage control of a bonded area in accordance with his approved reclamation plan, the release of sixty percent (60%) of the bond or collateral for the applicable permit area.

(b) After revegetation has been established on the regraded mined lands in accordance with the approved reclamation plan. When determining the amount of bond to be released after successful revegetation has been established, the department shall retain that amount of the bond for the revegetated area which would be sufficient for a third party to cover the cost of reestablishing revegetation; such amount shall be retained for the period specified for operator responsibility for reestablishing revegetation. No part of the bond or deposit shall be released under this subsection so long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of requirements set by this chapter or until soil productivity for prime farm lands has returned to levels of yield equivalent to those of unmined land of the same soil type in the surrounding area under equivalent management practices as determined from such soil surveys as may be required to be included in the permit application. Where a sedimentation pond is to be retained as a permanent impoundment, the portion of bond may be released under this subsection so long as provisions for sound future maintenance by the operator or the landowner have been made with the department.

(c) When the operator has completed successfully all surface coal mining and reclamation activities, the release of the remaining portion of the bond, but not before the expiration of the period specified for operator responsibility. Provided, however, that no bond shall be fully released until all reclamation requirements of this chapter are fully met.

(5)[~~(4)~~] Upon application by a permittee for total or partial bond release, the department shall notify the municipality where the surface coal mining operation is located, pursuant to regulations promulgated by the department.

(6)[~~(5)~~] (a) Upon receipt of the notification and request, the department shall within thirty (30) days conduct an inspection and evaluation of the reclamation work involved. Such evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface or subsurface water is occurring, the probability of continuance of future occurrence of such pollution, and the estimated cost of abating such pollution. The department shall notify the permittee in writing of its decision to release or not to release all or part of the performance bond or deposit within sixty (60) days from the filing of the request, if no public hearing is held pursuant to subsection *(7)*[~~(6)~~] of this section, and if there has been a public hearing held pursuant to subsection *(7)*[~~(6)~~] of this section, within thirty (30) days thereafter.

(b) If the department disapproves the application for release of the bond or portion thereof, the department shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to serve said release and allowing opportunity for a public hearing.

(7)[~~(6)~~] Any person having a valid legal interest which might be adversely affected by release of the bond, and the responsible officer or head of any governmental agency so designated by department regulations, shall have the right to file written objections to the proposed bond release with the department, and to request a hearing in accordance with procedural regulations promulgated by the department.

Section 6. KRS 350.130, 1980 Acts Chapter 62, Section 14, operative on approval of primacy, is amended to read as follows:

(1) When any of the requirements of this chapter or rules or regulations adopted pursuant thereto or the orders of the department have not been complied with, the department shall forthwith cause a notice of noncompliance to be issued upon the *person or* operator. The department shall set forth in its notice a reasonable time period but not more than ninety (90) days for the abatement of the violation. If any person or operator has not abated the violation within the time prescribed in the notice of noncompliance, the secretary or other authorized personnel of the department shall issue to said operator or person an order for immediate compliance and cessation of any mining activities or operations which are contributing to the violation. Such order shall require the person or operator to abate the violation in the most expeditious manner possible. The secretary is authorized to promulgate reasonable regulations for the implementation of this section. [~~Where found necessary, the secretary shall after hearing (except as provided in KRS 224.071) order the suspension of a permit or operation.~~] Such notice or order shall be handed to the person in charge of the operation, and the operator *or person engaged in coal exploration operations* [~~in person~~] or sent by certified mail, return receipt requested or by registered mail addressed to the permanent address shown on the application for a permit or if no address is shown on the application, then to the address known to the department.

The notice of noncompliance or order *for immediate compliance and cessation* [~~of suspension~~] shall specify in what respects the *person or* operator has failed to comply with this chapter or the regulations or orders of the department and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the surface coal mining and reclamation operation to which the notice or order applies. If the *person or* operator has not reached an agreement with the department or has not complied with the requirements set forth in the notice of noncompliance or order *for immediate compliance and cessation* [~~of suspension~~] within time limits set therein, the permit may be revoked or the operation terminated, after *an opportunity for a* hearing, by order of the department and the performance bond, if any, shall then be forfeited to the department, except as provided in subsection (2) of this section and in KRS 350.110, *provided that failure to attend a hearing shall be excused for good cause shown.*

(2) When a bond is forfeited pursuant to the provisions of this chapter, the secretary shall give notice to the attorney general, who shall collect the forfeiture. Bond forfeitures collected in cases where the surface rights have been severed from the mineral rights shall be paid to the surface owner for the purpose of reclaiming in accordance with the provisions of this chapter the same area of land included under the bond; provided, that no payment shall be made until the reclamation has been accomplished in the manner required by the department, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of reclamation. Provided further, that this section shall not apply in cases where the owner cannot be located, or does not desire or is unable to accomplish the work in the manner required by the department.

(3) An operator or person whose mining permit or operation has been revoked, suspended, or terminated or is at the time of the application in violation of this chapter or other applicable requirements as set forth in KRS 350.085 shall not be eligible to receive another permit or begin another operation or to have suspended permits or operations reinstated until he shall have complied with all the requirements of this chapter or submitted proof satisfactory to the department under KRS 350.085 that such violation has been corrected or is in the process of being corrected in respect to all permits issued him, provided, further, that no operator or person shall be eligible to receive another permit or begin another operation who has forfeited any bond unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator or person has paid such sum as the department finds is adequate to reclaim such lands. The department shall not issue any permits to or allow future operations by any operator or person who has demonstrated a pattern of willful violations of this chapter of such nature and duration with such resulting irreparable damage to the environment as to indicate an intent not to comply with the provisions of this chapter, provided that no permit shall be denied on this basis without an opportunity for a hearing. The secretary shall promulgate regulations which implement this section. For the purposes of this section, if a corporate permittee has demonstrated a pattern of willful violations, then any subsequent application for a permit by that corporation, or any person who controls or has controlled that corporation, shall be denied.

(4) [~~Whenever the secretary or authorized representatives of the department, pursuant to the general authority of KRS 224.071, exercises such authority to order the discontinuance, abatement, alleviation, or cessation of conditions or operations which present a danger to the health or welfare of the people or which result in or are likely to result in damage to natural resources or the environment~~] In *the* exercise of the secretary's enforcement powers and authority under this chapter, the secretary, or an authorized representative of the department, after inspection shall immediately order the cessation of such condition or operation when he determines that the condition or operation creates an imminent danger to the health or safety of the public or that the condition or operation is causing or can reasonably be expected to cause significant imminent environmental harm in violation of this chapter or the regulations pursuant to this chapter, or any permit condition. For purposes of this subsection, "imminent danger to the health and safety of the public" means the existence of any condition or practice, or any violation of a permit or other requirement of this chapter in a surface coal mining and reclamation operation, which condition, practice, or violation could reasonably be expected to cause substantial physical harm to persons outside the permit area before such condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose himself or herself to the danger during the time necessary for abatement.

(5) Each provision of this section shall be interpreted and applied consistently with due process of law.

(6) The secretary, or authorized representatives of the department, shall have the power to vacate, amend, modify, or terminate notices of noncompliance and cessation orders, pursuant to regulations promulgated by the department.

Section 7. KRS 350.450, 1980 Acts Chapter 62, Section 33, operative on approval of primacy, is amended to read as follows:

(1) If the area proposed to be mined contains prime farmland as defined in Public Law 95-87, "surface mining control and reclamation act of 1977," then no permit shall be issued unless it complies with Section 510(d)(1) therein. Nothing in this subsection shall apply to any permit issued prior to August 3, 1977, or to any revisions or renewals thereof, or to any existing surface coal mining operations for which a permit

was issued prior to August 3, 1977. Nothing herein shall be construed as authorizing the department to promulgate regulations more stringent than those promulgated pursuant to PL 95-87 relating to prime farmland.

(2) Where a surface coal mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining, the operation shall comply with the requirements of subsections (2)(c) and (d) of this section without regard to the requirements of KRS 350.410 or 350.445(2) and (3) with respect to lands from which overburden and the coal seam being mined have not been removed; provided, however, the department shall establish internal procedures pursuant to which it shall permit surface coal mining operations for the purposes set forth in subsection (2)(b) of this section.

(a) Where an applicant meets the requirements of subsections (2)(b) and (c) of this section a permit without regard to the requirements to restore to approximate original contour set forth in KRS 350.410 or 350.445(2) and (3) may be granted for the surface coal mining operations where the mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill, except as provided in subsection (2)(c)(1.) of this section, by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining and capable of supporting postmining uses in accord with the requirements of this subsection.

(b) In cases where an industrial, commercial, agricultural, residential, or public facility (including recreational facilities) use is proposed for the postmining use of the affected land, the department may grant a permit for a surface coal mining operation of the nature described in subsection (2)(a) of this section where:

1. After consultation with the appropriate land use planning agencies, if any, the proposed postmining land use is deemed by the department to constitute an equal or better economic or public use of the affected land as compared with premining use;

2. The applicant presents specific plans for the proposed postmining land use and appropriate assurances that the land use will be:

a. Compatible with adjacent land uses;

b. Obtainable according to data regarding expected need and market;

c. Assured of investment in necessary public facilities;

d. Supported by commitments from public agencies where appropriate;

e. Practicable with respect to private financial capability for completion of the proposed use;

f. Planned pursuant to a schedule attached to the reclamation plan so as to integrate the mining operation and reclamation with the postmining land use; and

g. Designed by a registered engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site;

3. The proposed use would be consistent with adjacent land uses and existing state and local land use plans;

4. The department provides the governing body of the unit of general-purpose government in which the land is located, and any state or federal agency which the department in its discretion determines to have an interest in the proposed use, an opportunity of not more than thirty (30) days to review and comment on the proposed use; and

5. All other requirements of this chapter will be met.

(c) In granting any permit pursuant to this subsection the following requirements apply:

1. The toe of the lowest coal seam and the overburden associated with it are retained in place as a barrier to slides and erosion;

2. The reclaimed area is stable;

3. The resulting plateau or rolling contour drains inward from the outslopes except at specified points;

4. No damage will be done to natural watercourses;

5. Spoil will be placed on the mountaintop bench as is necessary to achieve the planned postmining land use; provided, that all excess spoil material not retained on the mountaintop shall be placed in accordance with the provisions of KRS 350.440; and

6. Insure stability of the spoil retained on the mountaintop and meet the other requirements of this chapter.

(d) The regulatory authority shall promulgate specific regulations to govern the granting of permits in accord with the provisions of this subsection.

(e) All permits granted under the provisions of this subsection shall be reviewed not more than three (3) years from the date of issuance of the permit, unless the applicant affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the approved schedule and reclamation plan.

(3) (a) The department shall adopt procedures pursuant to which it may permit variances from the requirements of KRS 350.410 for the purposes set forth in subsection (3)(c) of this section, provided that

the watershed control of the area is improved, and further provided, complete backfilling with spoil material shall be required to cover completely the highwall, which material will maintain stability following mining and reclamation.

(b) Where an applicant meets the requirements of subsections (3)(c) and (d) of this section, a variance from the requirement to restore the approximate original contour set forth in KRS 350.410 and 350.445(2) may be granted for surface coal mining operations where the owner of the surface knowingly requests in writing, as a part of the permit application, that such a variance be granted so as to render the land, after reclamation, suitable for an industrial, commercial, residential, or public use, including recreational facilities.

(c) After consultation with the appropriate land use planning agencies, if any, the potential use of the affected land shall:

1. Be deemed by the department to constitute an equal or better economic or public use;

2. Be designed and certified by a qualified registered professional engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site; and

3. The watershed of the affected land be deemed by the department to be improved.

(d) In granting a variance pursuant to subsection (3)(b) of this section, the department shall require that only such amount of spoil will be placed off the mine bench as is necessary to achieve the planned postmining land use, insure stability of the spoil retained on the bench, meet all other requirements of this chapter, and require all spoil placement off the mine bench to comply with KRS 350.440.

(e) The department shall promulgate specific regulations as it deems necessary, if any, to govern the granting of variances in accord with the provisions of this subsection and may impose such additional requirements as it deems to be necessary.

(f) All exceptions granted under the provisions of this subsection shall be reviewed not more than three (3) years from the date of issuance of the permit, unless the permittee affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the reclamation plan.

(4) The department shall adopt programs, regulations, and procedures designed to provide technical assistance to assist the small coal operator with the permitting and environmental protection performance standards for surface coal mining operations within the Commonwealth. Such programs shall be directed towards eliminating delays in the processing of permits by establishing a special administrative program to review small operator's permit applications and by establishing a procedure for providing the small operator the technical services of public and private agencies in addition to the services provided pursuant to KRS 350.465(2)(f) necessary for completing the permit application. Specifically, notwithstanding any other provision of this chapter or regulations adopted pursuant thereto, for the purpose of this program, the department shall:

(a) *Develop a simplified small operator permit application. The department shall notify all applicants of deficiencies in the form of the application by certified mail within ten (10) working days after the filing in the regional office. The applicant shall have ten (10) working days after the receipt of the notification to repair the deficiencies. Upon failure of the applicant to repair the deficiencies within ten (10) working days after receipt of the notification, the department may return the application as incomplete* [~~Allow a small operator to pay the cost of the permit and acreage fees in not less than four (4) equal installments over the term of the permit.~~

~~(b) Develop a simplified small operator permit application. The department shall notify the applicant of all deficiencies in the form of the application by certified mail within ten (10) working days after the filing. The applicant shall have ten (10) working days after the receipt of the notification to repair the deficiencies. Upon failure of the applicant to repair the deficiencies within ten (10) working days after receipt of the notification, the department may return the application as incomplete~~].

(b)[~~(c)~~] Provide in the abandoned mine land program for small operators having mined coal under a state permit or license in the previous three (3) years, participation consisting at least of the following:

1. That lands acquired or reclaimed by the state containing coal, coal refuse or other marketable minerals which should be removed in order to maximize the utilization, recoverability or conservation of solid fuel resources or to protect against adverse water quality impacts and which, once reclaimed, cannot be disturbed again by mining, shall be reclaimed by small operators unless the department determines, after advertisement and advance opportunity to bid, that the reclamation project cannot be performed by the small operator bidders;

2. That the department shall establish procedures for maximizing participation by small operators in all reclamation projects including:

a. Designing and establishing project specifications and setting forth in the annual request for federal funding under the state reclamation plan not less than twenty percent (20%) of said projects on cost basis to be performed by small operators;

b. Advance advertising, soliciting, evaluating bids and awarding contracts on all state reclamation projects for small operators.

3. In the event no bids are submitted by small operators for small operator projects, said projects will be thereafter open for public bidding and no longer designated as small operator projects but shall satisfy that portion of the twenty percent (20%) set aside.

(c)[~~(d)~~] For the purposes of this subsection, a small coal operator is one who is anticipated to mine less than two hundred thousand (200,000) tons per year, and the department in determining tonnage for qualification shall consider all production from common ownership of other corporations or operations.

(d)[~~(e)~~] Upon written notification by the small coal operator to the department stating that no more mining will take place under a permit, the department shall release a portion of the bond in accordance with KRS 350.070. In making its determinations pursuant to KRS 350.070 the department shall:

1. Determine the percentage of the permitted acreage in the area of reduction in relation to the initial acreage of the permit;

2. Examine the land which has been disturbed and estimate the cost of reclamation;

3. When the estimated cost of reclamation does not exceed ten thousand dollars ($10,000) then the department shall return all bond money in excess of the ten thousand dollars ($10,000);

4. When the estimated cost of reclamation exceeds ten thousand dollars ($10,000) the department shall retain the amount estimated and shall return all bond money in excess of the estimated amount but in no case shall the department return more than the amount determined by multiplying the percentage determined under paragraph 1. of this subsection times the original total bond amount.

Section 8. KRS 350.610 is amended to read as follows:

(1) The secretary of the department for natural resources and environmental protection is hereby authorized to establish a planning process enabling objective decisions based upon competent and scientifically sound data as to which, if any, lands of the Commonwealth are unsuitable for all or certain types of surface coal mining operations pursuant to the standards set forth in this chapter; provided, that any such designation shall not prevent coal or other mineral exploration of any area so designated.

(2) Upon petition and hearing pursuant to subsection (6) of this section, the secretary shall designate an area as unsuitable for all or certain types of surface coal mining operations, if the secretary determines that reclamation pursuant to this chapter is not technologically and economically feasible.

(3) Upon petition and hearing pursuant to subsection (6) of this section, a surface area may be designated unsuitable for certain types of surface coal mining operations if such operations will:

(a) Be incompatible with existing state and local land use plans; or

(b) Affect fragile or historic lands in which such operations could result in significant damage to important historic, cultural, scientific, and aesthetic values, and natural systems; or

(c) Affect renewable resource lands in which such operations could result in a substantial loss or reduction of long range productivity of water supply or food or fiber products, and such lands to include aquifers and aquifer recharge areas; or

(d) Affect natural hazard lands in which such operations could substantially endanger life and property, such lands to include areas subject to frequent flooding and areas of unstable geology.

(4) Determinations of the unsuitability of land for surface coal mining shall be integrated as closely as possible with present and future land use planning and regulation processes at any appropriate level of government, including but not limited to any valid exercise of authority of a municipality or county, acting independently or jointly, pursuant to KRS Chapter 100.

(5) The requirements of this section shall not apply to lands on which coal mining operations were being conducted on August 3, 1977 or under a permit issued pursuant to this chapter or where substantial legal and financial commitments in such operation were in existence prior to January 4, 1977.

(6) Other provisions of this chapter relating to hearings to the contrary notwithstanding, any person having an interest which is or may be adversely affected shall have the right to petition the department to the extent such a petition would be consistent with subsections (2) and (3) of this section, to have an area designated as unsuitable for surface coal mining operations, or to have such a designation terminated. Such a petition shall contain allegations of facts *which shall be specific as to the petitioner's designated area and shall be based upon objective evidence which would tend to establish the allegations. The department shall make a determination or finding whether the petition is complete, incomplete or frivolous* [~~with supporting evidence which would tend to establish the allegations~~]. Within ten (10) months after the receipt of the petition, the department shall hold a public hearing in the locality of the affected area, after appropriate notice and publication of the date, time, and location of such hearing, pursuant to regulations promulgated by the department to implement this section provided that when a permit application is pending before the department and such application involves an area in a designation petition, the department shall hold the hearing on the petition within ninety (90) days of its receipt. After a person having an interest which is or may be adversely affected has filed a petition and before the hearing, any person may intervene by filing allegations of facts with supporting evidence which would tend to establish the allegations. Within sixty (60) days after such a hearing, the department shall issue and furnish to the petitioner and any other party to the hearing, a written decision regarding the petition, and the reasons therefor. In the event that all petitioners stipulate

agreement prior to the requested hearing and withdraw their request, such hearing need not be held. *Within thirty (30) days after receipt of an order, determination, finding or decision by the department or the secretary hereunder, any applicant, or any person with an interest which is or may be adversely affected and who is aggrieved by the order, determination, finding or decision of the department or secretary may obtain judicial review thereof by appealing to the circuit court of Franklin County pursuant to the provisions of KRS 224.085.*

(7) Prior to designating any land areas as unsuitable for surface coal mining operations, the department shall prepare a detailed statement on:

(a) The potential coal resources of the area;
(b) The demand for coal resources; and
(c) The impact of such designation on the environment, the economy, and the supply of coal.

(8) Subject to subsection (5) of this section, the department shall not issue a permit to conduct surface coal mining and reclamation operations in contravention of any designation or any decision on any petition pursuant to subsection (6) of this section regarding any surface area designated unsuitable for mining; nor shall the department issue a permit to conduct surface coal mining and reclamation operations in an area under study for such designation in an administrative proceeding already commenced under subsection (6) of this section.

Section 9. KRS 350.990, 1980 Acts Chapter 62, Section 35, operative on approval of primacy, is amended to read as follows:

(1) Any person or operator who violates any of the provisions of this chapter or regulations adopted pursuant thereto or who fails to perform the duties imposed by these provisions, except the refusal or failure to obtain a permit or other authorization as provided herein, or who violates any determination or order promulgated pursuant to the provisions of this chapter, may be liable to a civil penalty of not more than five thousand dollars ($5,000) for said violation, and an additional civil penalty of not more than five thousand dollars ($5,000) for each day during which such violation continues, and in addition, may be enjoined from continuing such violations as hereinafter provided in this section; provided, however, that any operator or person who fails to abate a violation noted in a notice of noncompliance *or an order for immediate compliance and cessation* within the time period prescribed for such abatement shall be assessed a civil penalty of not less than seven hundred fifty dollars ($750) for each day during which such violation continues. A civil penalty of not more than five thousand dollars ($5,000) for each day shall be assessed against any person issued an order pursuant to KRS 350.130(4). Each day of continuing violation may be deemed a separate violation for purposes of penalty assessment. *The department shall develop a method for calculating monetary penalties and shall promulgate it as a regulation. The secretary or a designated representative, upon his or her own initiative or upon written request received within fifteen (15) days after the department mails its proposed penalty assessment, may waive the use of such method for calculating monetary penalties if he or she determines that, taking into account exceptional factors present in the particular case, the penalty is demonstrably unjust. The basis for every waiver shall be fully explained and documented in the records of the case. If the secretary or his or her designated representative waives the use of the formula, he or she shall determine the appropriate penalty upon consideration of the permittee's history of previous violations at the particular surface coal mining operation, the seriousness of the violation, whether the permittee was negligent, and the demonstrated good faith of the permittee charged in attempting to achieve rapid compliance after notification of the violation.* Such penalties shall be recoverable in an action brought in the name of the Commonwealth of Kentucky by the department's office of general counsel, or upon the secretary's request, by the attorney general. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the department or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the department promulgated pursuant thereto. All sums recovered shall be placed in the state treasury.

(2) Any person who engages in surface coal mining *operations* without first securing a permit, as provided in KRS 350.060, or any person who engages in operations without proper authorization, as required by the department pursuant to KRS 350.151 shall be liable to a civil penalty for damages to the Commonwealth of not less than five thousand dollars ($5,000) nor more than twenty-five thousand dollars ($25,000) and in addition, may be enjoined from continuing such violations as hereinafter provided. Each day shall constitute a separate violation. However, the penalties provided for in subsection (1) of this section shall apply in lieu of the penalties provided for in this subsection where an operator through inadvertence has exceeded the boundaries of the permit in effect at that time.

(3) It shall be the duty of the department's office of general counsel or, upon the secretary's request, of the attorney general to bring an action for the recovery of the penalties herein provided for and to bring an action for a restraining order, temporary or permanent injunction, against any operator or other person violating or threatening to violate any of the provisions of this chapter or violating or threatening to violate any order or determination promulgated pursuant to the provisions of this chapter. The Franklin Circuit

Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the department or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the department promulgated pursuant thereto.

(4) Any person who shall knowingly and willfully violate any of the provisions of this chapter, except as provided in subsection (5) or any determination or order promulgated pursuant to the sections of this chapter which have become final shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars ($10,000) or by imprisonment for not more than one (1) year, or both. Each day on which such violation occurs may constitute a separate offense.

(5) Any person who, in violation of KRS 350.060, willfully and knowingly engages in surface coal mining without first obtaining a permit from the department or any person who willfully and knowingly engages in operations without proper authorization, as required by the department pursuant to KRS 350.151 with the intent to violate such laws shall be guilty of a Class A misdemeanor and upon conviction thereof shall be imprisoned for a term of up to one (1) year.

(6) Any person who violates any of the provisions of this section or regulations promulgated pursuant thereto shall be subject to civil penalties of not more than twenty-five thousand dollars ($25,000). Each day of continuing violation shall be deemed a separate violation.

(7) Any person who knowingly makes any false statement, representation or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained by the department, shall upon conviction be guilty of a misdemeanor and shall be imprisoned for a term of up to one (1) year, or be fined not more than ten thousand dollars ($10,000), or both.

(8) Except as permitted by law, any person who shall willfully resist, prevent, impede, or interfere with the secretary or other personnel of the department in the performance of duties pursuant to this chapter shall, upon conviction, be fined not more than five thousand dollars ($5,000) or imprisoned for not more than one (1) year, or both.

(9) Whenever a corporate permittee violates any provision of this chapter or regulation issued pursuant thereto or fails or refuses to comply with any final order issued by the secretary, any director, officer, or agent of such corporation who willfully and knowingly authorized, ordered, or carried out such violation, failure or refusal shall be subject to the same civil penalties, fines, and imprisonment as may be imposed upon a person pursuant to this section.

(10) Any person found in violation of KRS 350.060 shall be fined not more than five hundred dollars ($500) for each violation, nor less than fifty dollars ($50).

Section 10. KRS 350.400, Applicability, is repealed.

Section 11. The general assembly finds and declares that it is vitally important to the Commonwealth that the statutes relating to surface coal mining be cohesive and administratively workable. Therefore, the general assembly finds and declares that an emergency exists and that this legislation shall become validly enacted law when signed by the governor, and the provisions of this Act shall become operative simultaneously with the approval of the state's proposed permanent program by the secretary of the interior pursuant to Public Law 95-87, the surface mining control and reclamation act of 1977. In the event that the secretary of the interior approves the permanent program before this legislation is signed by the governor, then the provisions of this Act shall become effective immediately upon the signing of this Act by the governor.

SB 267, AN ACT relating to coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Surface coal mining operations shall also include the areas

upon which such activities occur or where such activities disturb the natural land surface. Such areas shall also include any adjacent land the use of which is incidental to any such activities, all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and for haulage, and excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas and other areas upon which are sited structures, facilities, or other property or materials on the surface resulting from or incident to such activities. (2) "Strip mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter; any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location; and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him; the extraction of coal as an incidental part of federal, state or local government financed highway or other construction under regulations established by the department nor shall it include the surface effects or surface impacts of underground coal mining;

(3) "Surface coal mining and reclamation operations" means surface coal mining operations and all activities necessary and incident to the reclamation of such operations as required by this chapter;

(4) "Overburden" means all of the earth and other materials which lie above a natural deposit of coal and also means such earth and other material after removal from their natural state in the process of surface coal mining;

(5) "Area of land affected" means the area of land from which overburden is to be or has been removed and upon which the overburden is to be or has been deposited and shall include all lands affected by the construction of new roads or the improvement or use of existing roads other than public roads, to gain access and to haul coal;

(6) "Operations" means surface coal mining operations, all of the premises, facilities, roads and equipment used in the process of producing coal from a designated area or removing overburden for the purpose of determining the location, quality or quantity of a natural coal deposit or the activity to facilitate or accomplish the extraction or the removal of coal;

(7) "Method of operation" means the method or manner by which the cut or open pit is made, the overburden is placed or handled, water is controlled and other acts are performed by the operator in the process of uncovering and removing the coal;

(8) "Operator" means any person, partnership or corporation engaged in surface coal mining and reclamation operations who removes or intends to remove more than two hundred fifty (250) tons of coal from the earth by surface coal mining within twelve (12) successive calendar months or who removes overburden for the purpose of determining the location, quality or quantity of a natural coal deposit;

(9) "Person" means any persons, partnership, corporation, association, society, joint stock company, firm, company or other business organization;

(10) "Department" means the department for natural resources and environmental protection;

(11) "Secretary" means the secretary of the department for natural resources and environmental protection;

(12) "Reclamation" means the reconditioning of the area affected by surface coal mining operations under a plan approved by the department;

(13) "Degree" when used in this chapter shall mean from the horizontal, and in each case shall be subject to a tolerance of five percent (5%) of error;

(14) "Bench" means the ledge, shelf or terrace formed in the contour method of strip mining;

(15) "Fill bench" means that portion of the bench which is formed by depositing overburden beyond the cut section;

(16) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls and spoil piles eliminated; water impoundments may be permitted where the department determines that they are in compliance with KRS 350.455.

SB 380, AN ACT relating to surface mining and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.425 is amended to read as follows:

The operator shall design, locate, construct, operate, maintain, enlarge, modify, and remove or abandon, in accordance with the standards and criteria developed pursuant to subsection (f) of Section 515 of Public Law 95-87, "Surface Mining Control and Reclamation Act of 1977," all existing and new coal mine waste piles consisting of mine wastes, tailings, coal processing wastes, or other liquid and solid wastes, and used either temporarily or permanently as dams or embankments. *The Kentucky bureau of surface mining through KRS Chapter 350 shall have exclusive jurisdiction over KRS Chapter 151 concerning the regulation of dams, levees, embankments, dikes, bridges, fills, or other obstructions across or along any stream or in the floodway of any stream, which structures or obstructions are permitted under this chapter.*

Section 2. KRS 151.250 is amended to read as follows:

(1) Notwithstanding any other provision of law, no person and no city, county, or other political subdivision of the state, including levee districts, drainage districts, flood control districts or systems, or similar bodies, shall commence the construction, reconstruction, relocation or improvement of any dam, embankment, levee, dike, bridge, fill or other obstruction (except those constructed by the state highway department) across or along any stream, or in the floodway of any stream, unless the plans and specifications for such work have been submitted by the person or political subdivision responsible for the construction, reconstruction or improvement and such plans and specifications have been approved in writing by the department and a permit issued. However, the department by regulation, may exempt those dams, embankments or other obstructions which are not of such size or type as to require approval by the department in the interest of safety or retention of water supply.

(2) No person, city, county or other political subdivision of the state shall commence the filling of any area with earth, debris, or any other material, or raise the level of any area in any manner, or place a building, barrier or obstruction of any sort on any area located adjacent to a river or stream or in the floodway of the stream so that such filling, raising or obstruction will in any way affect the flow of water in the channel or in the floodway of the stream unless plans and specifications for such work have been submitted to and approved by the department and a permit issued as required in subsection (1) above.

(3) Nothing in this section is intended to give the department any jurisdiction or control over the construction, reconstruction, improvement, enlargement, maintenance or operation of any drainage district, ditch, or system established for agricultural purpose, or to require approval of the same except where such obstruction of the stream or floodway is determined by the department to be a detriment or hindrance to the beneficial use of water resources in the area, and the person or political subdivision in control thereof so notified. *The Kentucky bureau of surface mining through KRS Chapter 350 shall have exclusive jurisdiction over KRS Chapter 151 concerning the regulation of dams, levees, embankments, dikes, bridges, fills, or other obstructions across or along any stream or in the floodway of any stream which structures are permitted under KRS Chapter 350 for surface coal mining operations.*

Section 3. The general assembly finds and declares that it is vitally important to the Commonwealth that the statutes relating to surface coal mining be cohesive and administratively workable. Therefore, the general assembly finds and declares that an emergency exists and that this legislation shall become validly enacted law when signed by the governor, and the provisions of this Act shall become operative simultaneously with the approval of the state's proposed permanent program by the secretary of the interior pursuant to Public Law 95-87, the surface mining control and reclamation act of 1977. In the event that the secretary of the interior approves the permanent program before this legislation is signed by the governor, then the provisions of this Act shall become effective immediately upon the signing of this Act by the governor.

SB 385, AN ACT relating to underground coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 351.125-351.130 IS CREATED TO READ AS FOLLOWS:

(1) A certified emergency medical technician trained as defined by the commissioner with such training provided for by the commissioner shall be employed at every coal mine with twenty-five (25) or more employes engaged in the extraction, production, or preparation of coal. An additional emergency medical technician shall be employed for every additional one hundred (100), or majority fraction thereof, employes who are engaged in the extraction, production, or preparation of coal. If these emergency medical technicians are also employed in other capacities at the coal mine, they shall be available for quick response to emergencies and shall have available to them at all times the equipment necessary to respond to emergencies, as prescribed by the commissioner.

(2) If the operator does not have a sufficient number of certified emergency medical technicians in its employ to meet the requirements of subsection (1) of this section, persons to be trained as emergency

medical technicians shall be selected from the operator's existing employes by the operator from the employes engaged in the extraction, production, or preparation of coal. Persons so selected who attend training requisite to becoming an emergency medical technician shall be paid their regular wages during training.

SB 396, AN ACT relating to coal.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 351 IS CREATED TO READ AS FOLLOWS:

(1) No person shall drill coal or detonate explosives within a mine using the method of shooting coal from the solid until that person successfully completes a training program administered by the department and has passed a test prescribed by the commissioner.

(2) No person shall be issued a certificate in accordance with subsection (1) of this section unless he or she presents valid evidence to the commissioner of having one (1) year of practical underground coal mine experience.

SECTION 2. A NEW SECTION OF KRS CHAPTER 351 IS CREATED TO READ AS FOLLOWS:

No miner will be required to operate any unsafe equipment. If the miner invokes his or her safety rights under this section, the miner shall have the right to be relieved from the assignment in dispute. No other miner shall be assigned to perform this job until the dispute is settled. The miner's authorized representative, and the company shall review the condition immediately and attempt to resolve the dispute. Should the miner not have an authorized representative, by may represent himself in the dispute. If the dispute is not settled by the company and the miner or his or her authorized representative, either party reserves the right to call in the commissioner or his authorized representative immediately and the dispute shall be settled on the basis of the inspector's finding with a written copy of his finding given to the company and the miner and his authorized representative. No disciplinary action shall be taken against the miner before the miner or his authorized representative and the company reviews the disputed condition.

Section 3. KRS 351.090 is amended to read as follows:

(4) Neither explosives nor detonators shall be transported on flight or shaking conveyors, scrapers, mechanical loading machines, locomotives, cutting machines, drill tracks, or any self-propelled mobile equipment; provided, however, that this does not prohibit the transportation of explosives or detonators in special substantial covered containers as used in subsection (2) of this section in shuttle cars or in equipment designed especially to transport such explosives or detonators.

(5) When supplies of explosives and detonators for use in one or more sections are stored underground, they shall be kept in section boxes or magazines of substantial construction with no metal exposed on the inside, located at least twenty-five (25) feet from roadways and power wires, and in a reasonably dry, well-rock-dusted location protected from falls of roof. In pitching beds, where it is not possible to comply with the location requirement, such boxes shall be placed in niches cut into the solid coal or rock.

(6) When explosives or detonators are stored in the section, they shall be kept preferably in separate boxes or magazines not less than five (5) feet apart; if kept in the same box or magazine, they shall be separated by at least a four (4) inch substantially fastened hardwood partition or the equivalent. Not more than a forty-eight (48) hour supply of explosives or detonators shall be stored underground in any one (1) section in such boxes or magazines.

(7) Explosives and detonators stored near the working faces shall be in separate closed containers, and shall be in a location out of line of blast not less than fifty (50) feet from the face and fifteen (15) feet from any pipeline, powerline, rail or conveyor; except that if kept in niches in the rib, the distance from pipeline, powerline, rail or conveyor shall be at least fifteen (15) feet. (8) Explosives and detonators shall be kept in their containers until immediately before use at the working faces.

(9) Only nonmetallic tools shall be used for opening wooden explosives containers. Tools or other materials shall not be stored with explosives or detonators.

(10) All explosives used underground in underground mines except in sinking shafts and slopes from the surface shall be of the permissible type, specifically designed and manufactured for underground use, and shall be used as follows:

(a) Fired only with electric detonators of proper strength;

(b) Fired with *a* permissible shot-firing *unit of adequate capacity to fire all caps; however, if firing is done from the surface when all men are out of the mine firing unit does not need to meet specifications of permissibility* [~~units, unless firing is done from the surface when all men are out of the mine~~];

(c) Where the coal or clay is cut, shots shall not be fired if the blast hole is drilled beyond the limits of the cut;

(d) Boreholes shall be cleaned, and they shall be checked to see that they are placed properly and are of correct depth, in relation to the cut, before being charged;

(e) All blasting charges shall have a burden of at least eighteen (18) inches in all directions if the height of the seam permits;

(f) Boreholes shall be stemmed with at least twenty-four inches (24) of incombustible material, or at least one-half (½) of the length of the hole shall be stemmed if the hole is less than four (4) feet in depth unless other permissible stemming devices or methods are used;

(g) Examinations for gas shall be made immediately before firing each shot or group of multiple shots and after blasting is completed;

(h) Shots shall not be fired in any place where methane can be detected with a flame safety lamp when tested at a point not less than twelve (12) inches from the roof, face or rib;

(i) Charges exceeding one and one-half (1 ½) pounds, but not exceeding three (3) pounds, shall be used only if boreholes are six (6) feet or more in depth, the explosives are charged in a continuous train, with no cartridges deliberately deformed or crushed, with all cartridges in contact with each other and with the end cartridges touching the back of the hole and the stemming respectively; Provided, however, That the three (3) pound limit does not apply to special solid rock work if the mine is evacuated or if approved by the department;

(j) Shots shall be charged and fired by certified shot firers designated by the mine foreman;

(k) Boreholes shall not be charged while any other work is being done at the face, and the shot or shots shall be fired before any other work is done in the zone of danger from blasting except that which is necessary to safeguard the employes;

(l) Only nonmetallic tamping bars shall be used for charging and tamping boreholes. This does not prohibit the use of a nonmetallic tamping bar with a nonsparking metallic scraper on one (1) end;

(m) The leg wires of electric detonators shall be kept shunted until ready to connect to the firing cable;

(n) Shots shall not be fired from the power of signal circuit while any men are in the mine;

(o) The roof and ribs of working places shall be tested before and after firing each shot or group of multiple shots;

(p) Ample warning shall be given before shots are fired, and care shall be taken to ascertain that all persons are in the clear. Men shall be removed from adjoining working places when there is danger of a shot blowing through;

(q) Mixed types or brands of explosives shall not be charged or fired in any borehole;

(r) Mudcaps (adobes) or other unconfined shots shall not be fired underground in a mine;

(s) Before blasting, the continuity of the blasting circuits shall be tested with a permissible blaster's galvanometer specifically designed for this purpose;

(t) No instantaneous detonator shall be connected in a circuit containing short-period delay detonators. The first charge in a sequence shall be initiated by a short period delay detonator having a nominal delay period of not less than twenty-five (25) milliseconds;

(u) All short period delay detonators shall be wired in series;

(v) Each primer shall be made with care to insure that the detonator is inserted properly and does not protrude from the wrapping and that the leg wires are secured to the cartridge in a manner so that the detonator will not become dislodged in handling and charging;

(w) In making a primer, a powder punch of non-sparking material shall be used. The hole in the cartridge shall be at least one-half (½) inch deeper than the detonator used. Rolling the end of a cartridge to receive a detonator is prohibited;

(x) The primer shall be placed in the borehole first pointing outward and the rest of the charge shall be pushed in a continuous train to the back of the borehole to prevent cuttings from getting between the cartridges;

(y) Suitable clean-up of loose coal and coal dust with adequate rock dusting or wetting down at the face of each working place shall be completed prior to charging shot holes.

(11) Blasting cables shall be:

(a) Well insulated and as long as may be necessary to permit the shot firer to get in a safe place around a corner;

(b) Short-circuited at the battery end until ready to attach to the blasting unit;

(c) Staggered as to length or the ends kept well separated when attached to the detonator leg wires;

(d) Kept clear of power wires and all other possible sources of active or stray electric current.

(12) Where misfires occur with electric detonators, a waiting period of at least five (5) minutes shall elapse before anyone returns to the shot. After such failure, the blasting cable shall be disconnected from the source of power and the battery ends short-circuited before electric connections are examined.

(13) Explosives shall be removed by firing a separate charge at least two (2) feet away from, and parallel to, the misfired charge or by washing the stemming and the charge from the borehole with water, or by inserting and firing a new primer after the stemming has been washed out.

(14) A very careful search of the working place, and, if necessary, of the blasted material after it reaches the surface shall be made after blasting a misfired hole, to recover any undetonated explosive.

(15) The handling of a misfired shot shall be under the direct supervision of the mine foreman or a competent person designated by him.

(16) Where compressed air is used for blasting or breaking coal or clay, the following shall apply:

(a) Compressed air shall be conducted from the compressor to within a practical working distance of the face by steel airlines tested to withstand an approximate pressure of twenty thousand (20,000) pounds per square inch;

(b) Airlines shall be grounded at the compressor and, if possible, at other low-resistance ground connections along the lines, such as at borehole casings. They shall not be connected in any way to tracks, waterlines, or other electric power return conductors and shall be suitably insulated where they cross electric wires or underneath the track;

(c) Shutoff valves shall be installed every one thousand (1,000) feet in all compressed-air blasting lines and in all branch lines at a point near the main lines;

(d) Compressed-air blasting lines shall be protected at places where equipment passes over, under, or adjacent to them;

(e) Steel, copper, or other lines shall not be handled or repaired when air pressure is in the line;

(f) Airlines shall be examined periodically for kinks or other weaknesses and replaced immediately when defects are found;

(g) Copper tubing shall be coiled and uncoiled properly. The part of the tubing that is affected by frequent coiling and uncoiling shall be renewed periodically because of the dangers from kinks and crystallization;

(h) Blowdown valves shall not be less than forty-five (45) feet from the face and shall be around a right angle;

(i) Holes for compressed-air tubes shall be within the limits of the cut;

(j) When blowdown valves are opened to discharge the tube, they shall remain open until time to place the tube in the next borehole except where shear-strip or shear-pin tubes are used;

(k) After breaking down the coal or clay in any one (1) place, the tube shall be disconnected at once from the airline and not reconnected until ready to be used in the next place;

(l) When a differential-pressure-type tube fails to discharge, the line leading to the tube shall be disconnected at the blowdown valve, and the tube shall be dragged by means of the line to an inactive place, marked with warning signs, and left one (1) hour before any repair work is done thereon;

(m) All persons shall be removed from adjoining working places where there is danger of breaking through and shall be at a safe distance around a right angle while coal or clay breaking is in progress.

Section 6. KRS 352.260 is amended to read as follows:

(1) Any operator of a mine shall designate only certified persons as shotfirers to prepare the cartridge and set off and discharge the shots.

(2) Shotfirers shall at all times be under the direction of the mine foreman.

(3) *The following conditions apply when shooting coal from the solid:*

(a) After July 15, 1982, all coal mine operators engaged in shooting coal from the solid shall submit an application for a permit to the commissioner on a form prescribed by the department.

(b) Before said permit is issued by the commissioner he shall have an investigation conducted of the mine to determine the adequacy of the proposed solid blasting plan in complying with all state laws and regulations applicable to blasting underground coal.

(c) The mine inspector shall have the authority to stop production at the mine by the issuance of a closure order to any operator who fails to obtain a permit when shooting coal from the solid. [~~The mine inspector may prescribe the conditions under which solid blasting may be done in any mine.~~]

(4) When using the method of solid blasting, no more than one (1) face shall be charged or detonated simultaneously.

(5) When shooting coal from the solid, not more than two (2) adjacent openers or cut holes shall be primed with detonators having the same delay period. The nominal delay intervals between the succeeding rows of horizons shall not be less than fifty (50) milliseconds nor more than one hundred (100) milliseconds.

Section 8. KRS 351.104, Certification of miners employed prior to date of training program establishment, is repealed.

SB 397, AN ACT relating to coal.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 351 IS CREATED TO READ AS FOLLOWS:

The commissioner shall have the following authority to appoint a special task force to investigate illegal mining relative to violations of KRS Chapters 351 and 352:

(1) A sufficient number of mine inspectors and support personnel shall be assigned for the purpose of this section. Such inspectors shall be responsible for enforcement of the provisions of KRS Chapters 351 and 352 relating to criminal offenses.

(2) To assist with the enforcement of the duties of this section, the department shall contract with the Kentucky state police for services of a sufficient number of police officers who possess adequate training and who shall be empowered to arrest any person either violating or in violation of the provisions of KRS Chapters 351 or 352 that constitute criminal offenses.

(3) In addition to penalties prescribed in KRS 351.990, authorized representatives of the special task force for illegal mining established by this section shall be empowered with the authority to seize and take possession of any equipment being used for the purpose of illegal mining of coal without a valid mine license as required by KRS 351.175.

(4) Upon conviction of any person for violation of mining of coal without a valid mine license as required by KRS 351.175, the court shall order any equipment used in the crime forfeited and sold by sealed bids. Proceeds from such sale shall be deposited in the illegal mining fund as established in subsection (9) of this section.

(5) All property seized under this section shall be subject to the right of any owner or lienor, whose lien is valid and recorded, to intervene and, upon trial or special hearing held for that purpose before the court, establish his rights in the property by proving that the property was being used in connection with mining without a permit without the knowledge, consent or approval of the owner or lienor. If the owner of the property does so prove, the court may order the property restored to him. If the lienor so proves, the court may order a sale of the property by sealed bid with the lienor receiving from such sale the amount of his outstanding lien. However, the department shall deliver any seized property to a lienor whose claim has been established by order of a court of competent jurisdiction upon payment to the department of the difference between the fair market value of the property so seized and the recorded claim of the lienor.

(6) If the defendant is acquitted, all property seized in connection with the arrest of the defendant shall be ordered returned to the rightful owner unless previously returned under subsection (5) of this section.

(7) All expenses associated with the seizure, storing, and if applicable, sale of such property shall be the responsibility of the defendant if he is convicted.

(8) It shall be the duty of all peace officers and other public officers or officials having knowledge of the lawful owner or claimant of property subject to forfeiture to report the same to the court before the act of forfeiture occurs.

(9) There is established a special fund to be known as the "illegal mining fund" which shall be under the control of the department.

(10) The fund shall consist of all monies from the court ordered sale or forfeiture of said equipment.

(11) Monies contained in the illegal mining fund shall be deemed a trust and agency account and shall be used solely for the purpose of enforcement of KRS Chapters 351 and 352 by the department.

(12) The department shall have access to and control of the monies held in the illegal mining fund, but shall expend such monies only for the purpose set forth in subsection (11) of this section.

Representative Kenton moved the adoption of the following Legislative Citation No. 64:

The House of Representatives of the Commonwealth of Kentucky hereby recognizes the admirable induction of Kentucky's number one specie, "the Frog", into the ranks of breeders of the Commonwealth paralleling other distinguished notables. The lovable frog has been so nobly enshrined in the hearts of all Kentuckians. It is noteworthy to observe that the Bullitt County Fair will be known as the "Frog Jumping

Capital" of the Commonwealth of Kentucky, in legend, story, song and deed. The infinite sensitivity of sportsmanship, good humor and concern for all frogdom is recognized by this august body, second to none. Kentucky lauds the privilege of being the first in innovative pursuits, thus being the first to initiate and implement a suitable award in recognition of the frog jumping phenomena. It is admirable that an award will be presented known as "Frank's Grand Frog Award" which is a "jar of succulent lettuce" so admired by frogs of all persuasions. We salute Representative Frank Smith, the gentleman from Bullitt, who has the high distinction of being selected by his colleagues to present the prestigious award to the Championship winner. A similar award is to be presented to Representative Frank Smith by his legislative friends as a laudable memento of the 1982 legislative session. Registration of a broker-dealer automatically constitutes registration of any agent who is a partner, officer or director or a person occupying a similar status or performing similar functions (except any partner, officer or director or other such person whose registration as an agent is denied, suspended or revoked under subsection (12)) without the filing of applications for registration as agents or the payment of fees for registration as agents. (3) If no denial order is in effect and no proceeding is pending under subsection (12), registration becomes effective at noon of the thirtieth day after an application is filed. The director may specify an earlier effective date and he may by order defer the effective date until noon of the thirtieth day after the filing of any amendment. *The director may by rule establish a procedure for transfer of an agent whereby registration may become effective prior to the filing of an application; but any registration so transferred shall not be effective for more than thirty (30) days, unless within that thirty (30) days a properly completed application is filed.*

(4) The director may require as a condition of registration that the applicant (and, in the case of a corporation or partnership, the officers, directors or partners) pass a written examination as evidence of knowledge of the securities business.

(5) The director may by rule require the existence and maintenance of a minimum liquid net capital for registered broker-dealers and investment advisers and a minimum ratio between net capital and aggregate indebtedness, or both.

(6) The director may by rule require registered broker-dealers, agents and investment advisers to post surety bonds in an amount up to $25,000, and may determine their conditions, except under this subsection that no such bond may be required of any registrant whose net capital exceeds $100,000. An appropriate deposit of cash or securities shall be accepted in lieu of any required surety bond. Every surety bond shall provide for suit thereon by any person who has a cause of action under KRS 292.480, and every such bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within two (2) years after the sale or other act upon which it is based.

(8) Every registration of a broker-dealer, agent or investment adviser shall be effective until *December 31* [~~March 1~~] of the [~~following~~] year *of registration unless the director by rule extends or lessens such registration* and may be renewed as hereinafter provided. *The director may by rule increase or reduce the registration fee set forth in subsection (10) of this section should such registration period be extended or lessened.* The registration of an agent is not effective during any period when he is not associated with an issuer or a registered broker-dealer specified in his application or a notice filed with the director *or the director's designee.* When an agent begins or terminates a connection with an issuer or registered broker-dealer, the agent and the issuer or broker-dealer shall promptly notify the director *or the director's designee.*

(9) Registration of a broker-dealer, agent or investment adviser may be renewed by filing with the director *or the director's designee* prior to the expiration thereof an application containing such information as the director may require to indicate any material change in the information contained in the original application or any renewal application for registration as a broker-dealer, agent or investment adviser filed with the director *or the director's designee* by the applicant, payment of the prescribed fee and, in the case of a broker-dealer, a financial statement showing the financial condition of such broker-dealer as of a date within ninety (90) days. A registered broker-dealer or investment adviser may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the year without payment of any fee.

(10) The fee for initial or renewal registration shall be one hundred dollars ($100) for a broker-dealer, *one hundred* [~~fifty~~] dollars *($100)* [~~($50.00)~~] for an investment adviser, *fifty* [~~fifteen~~] dollars *($50)* [~~($15.00)~~] for an agent, and *fifty* [~~five~~] dollars *($50)* [~~($5.00)~~] for transfer of an agent, none of which fees shall be refundable.

(11) (a) Every registered broker-dealer and investment adviser shall make and keep all accounts, correspondence, memoranda, papers, books, and other records which the director by rule prescribes. All records required shall be preserved for three (3) years unless the director by rule prescribes otherwise for particular types of records. All required records shall be kept within this state or shall, at the request of the director, be made available at any time for examination by him either in the principal office of the registrant or by production of exact copies thereof in this state.

(b) Every registered broker-dealer and investment adviser shall file such reports as the director by rule prescribes.

(c) If the information contained in any document filed with the director *or the director's designee* is or becomes inaccurate or incomplete in any material respect, the broker-dealer shall promptly file a correcting amendment.

(d) The director may make periodic examinations, within or without this state, of each broker-dealer and investment adviser at such times and in such scope as he determines. These examinations may be made without prior notice to the broker-dealer or investment adviser. The expense reasonably attributable to any such examination shall be paid by the broker-dealer or investment adviser whose business is examined but the expense so payable shall not exceed an amount which the director by rule prescribes. For the purpose of avoiding unnecessary duplication of examinations, the director, insofar as he deems it practicable in administering this subsection, may cooperate with securities administrators of other states, the securities and exchange commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934.

(e) The director may by rule prohibit unreasonable charges, profits, commissions or other compensation of broker-dealers and investment advisers.

(f) The director may prescribe rules for the conduct of business by broker-dealers and investment advisers which he finds appropriate in the public interest and for the protection of investors.

(g) The director may enter into an arrangement, agreement, or other working relationship with federal, other state and self-regulatory authorities whereby documents may be filed and maintained in a central depository system with the National Association of Securities Dealers or other agencies or authorities. It is the intent of this paragraph that the director be provided power to reduce duplication of filings, reduce administrative costs and establish uniform procedures, forms, and administration with the states and federal authorities. The director may permit initial and renewal registration filings required under this chapter to be filed with the securities and exchange commission, the National Association of Securities Dealers or other similar authorities. The director may accept uniform securities examinations or other procedures designed to implement a uniform national securities regulatory system or facilitate common practices and procedures among the states.

(12) (a) The director may by order deny, suspend or revoke registration of any broker-dealer, agent or investment adviser if he finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer, or investment adviser, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment adviser:

1. Has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

2. Has wilfully violated or wilfully failed to comply with any provision of this chapter or a predecessor law or any rule or order under this chapter or a predecessor law;

3. Has been convicted, within the past ten (10) years, of any misdemeanor involving a security or any aspect of the securities business, or any felony, *or has pending against him any such criminal charge*;

4. Is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

5. Is the subject of an order of the director denying, suspending, or revoking registration as a broker-dealer, agent, or investment adviser;

6. Is the subject of an order entered within the past five (5) years by the securities administrator of any other state or by the securities and exchange commission denying or revoking registration as a broker-dealer or agent, or the substantial equivalent of those terms as defined in this chapter, or is the subject of an order of the securities and exchange commission suspending or expelling him from a national securities exchange or national securities association registered under the Securities Exchange Act of 1934, or is the subject of a United States post-office fraud order; but a. the director may not institute a revocation or suspension proceeding under this paragraph more than one (1) year from the date of the order relied on, and b.

he may not enter any order under this paragraph on the basis of an order unless that order was based on facts which would currently constitute a ground for an order under this section;

7. Has engaged in dishonest or unethical practices in the securities business;

8. Is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the director may not enter an order against a broker-dealer or investment adviser under this paragraph without a finding of insolvency as to the broker-dealer or investment adviser; or

9. Is not qualified on the basis of such factors as training, experience, or knowledge of the securities business, except as provided in paragraph (b) below; or the director may by order, deny, suspend or revoke any registration if he finds that the order is in the public interest and that the applicant or registrant:

a. Has failed reasonably to supervise his agents if he is a broker-dealer or his employes if he is an investment adviser; or

b. Has failed to pay the proper filing fee; but the director may enter only a denial order under this clause, and he shall vacate any such order when the deficiency has been corrected. The director may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to him when registration became effective unless the proceeding is instituted within the next thirty (30) days.

(b) The following provisions govern the application of subparagraph 9 of paragraph (a) of this subsection:

1. The director may not enter an order against a broker-dealer on the basis of the lack of qualification of any person other than the broker-dealer himself if he is an individual or an agent of the broker-dealer;

2. The director may not enter an order against an investment adviser on the basis of the lack of qualification of any person other than the investment adviser himself if he is an individual or any other person who represents the investment adviser in doing any of the acts which make him an investment adviser;

3. The director may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both;

4. The director shall consider that an agent who will work under the supervision of a registered broker-dealer need not have the same qualifications as a broker-dealer;

5. The director shall consider that an investment adviser is not necessarily qualified solely on the basis of experience as a broker-dealer or agent. When he finds that an applicant for initial or renewal registration as a broker-dealer is not qualified as an investment adviser, he may by order condition the applicant's registration as a broker-dealer upon his not transacting business in this state as an investment adviser;

6. The director may by rule provide for an examination, which may be written or oral or both, to be taken by any class of or all applicants, as well as persons who represent or will represent an investment adviser in doing any of the acts which make him an investment adviser.

(c) The director may by order summarily postpone or suspend registration pending final determination of any proceeding under this section. Upon the entry of the order, the director shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is an agent, that it has been entered and of the reasons therefor and that within fifteen (15) days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the director, the order will remain in effect until it is modified or vacated by the director. If a hearing is requested or ordered, the director, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.

(d) If the director finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, agent, or investment adviser, or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian, or cannot be located after reasonable search, the director may by order cancel the registration or application.

(e) Withdrawal from registration as a broker-dealer, agent, or investment adviser becomes effective thirty (30) days after receipt of an application to withdraw or within such shorter period of time as the director may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within thirty (30) days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the director by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the director may nevertheless institute a revocation or suspension proceeding under subparagraph 2. of paragraph (a) of this subsection within one (1) year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective.

(f) No order may be entered under any part of this section except the first sentence of paragraph (c) of this subsection without appropriate prior notice to the applicant or registrant (as well as the employer or prospective employer if the applicant or registrant is an agent), opportunity for hearing, and written findings of fact and conclusions of law.

Section 3. KRS 292.330, effective July 1, 1982, is amended to read as follows:

(1) It is unlawful for any person to transact business in this state as a broker-dealer or agent, unless he is registered under this chapter. It is unlawful for any broker-dealer or issuer to employ an agent unless the agent is registered. It is unlawful for any person to transact business in this state as an investment adviser unless:

(a) he is so registered under this chapter, or

(b) he is registered as a broker-dealer under this chapter, or

(c) his only clients in this state are investment companies as defined in the Investment Company Act of 1940 or insurance companies.

(2) A broker-dealer, agent, or investment adviser may apply for registration by filing with the director *or the director's designee* an application together with a consent to service of process pursuant to KRS 292.430 and payment of the fee prescribed in subsection (10). Registration of a broker-dealer automatically constitutes registration of any agent who is a partner, officer or director or a person occupying a similar status or performing similar functions (except any partner, officer or director or other such person whose registration as an agent is denied, suspended or revoked under subsection (12)) without the filing of applications for registration as agents or the payment of fees for registration as agents. The application shall contain whatever information the director requires concerning such matters as:

(a) The applicant's form and place of organization;

(b) The applicant's proposed method of doing business;

(c) The qualifications and business history of the applicant and in the case of a broker-dealer or investment adviser, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment adviser; and in the case of an investment adviser, the qualifications and business history of an employe;

(d) Any injunction or administrative order or conviction of a misdemeanor involving a security or any aspect of the securities business and any conviction of a felony; and

(e) The applicant's financial condition and history.

(3) If no denial order is in effect and no proceeding is pending under subsection (12), registration becomes effective at noon of the thirtieth day after an application is filed. The director may specify an earlier effective date and he may by order defer the effective date until noon of the thirtieth day after the filing of any amendment. *The director may by rule establish a procedure for transfer of an agent, whereby registration may become effective prior to the filing of an application; but any registration so transferred shall not be effective for more than thirty (30) days unless within that thirty (30) days a properly completed application is filed.*

(4) The director may require as a condition of registration that the applicant (and, in the case of a corporation or partnership, the officers, directors or partners) pass a written examination as evidence of knowledge of the securities business.

(5) The director may by rule require the existence and maintenance of a minimum liquid net capital for registered broker-dealers and investment advisers and a minimum ratio between net capital and aggregate indebtedness, or both.

(6) The director may by rule require registered broker-dealers, agents and investment advisers to post surety bonds in an amount up to $25,000, and may determine their conditions, except under this subsection that no such bond may be required of any registrant whose net capital exceeds $100,000. An appropriate deposit of cash or securities shall be accepted in lieu of any required surety bond. Every surety bond shall provide for suit thereon by any person who has a cause of action under KRS 292.480, and every such bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within two (2) years after the sale or other act upon which it is based.

(7) The director may by rule require registered broker-dealers to carry fidelity bonds, covering its agents, general partners, and officers, in such form, covering such risks, and in such amounts (not exceeding $250,000) as he deems necessary for the protection of the public; and he may by rule require registered broker-dealers to furnish satisfactory evidence that they have such bonds.

(8) Every registration of a broker-dealer, agent or investment adviser shall be effective until *December 31* [~~March 1~~] of the [~~following~~] year *of registration unless the director by rule extends or lessens such registration* and may be renewed as hereinafter provided. *The director may by rule increase or reduce the registration fee set forth in subsection (10) of this section should such registration period be extended or lessened.* The registration of an agent is not effective during any period when he is not associated with an issuer or a registered broker-dealer specified in his application or a notice filed with the director. When an agent begins or terminates a connection with an issuer or registered broker-dealer, the agent and the issuer or broker-dealer shall promptly notify the director *or the director's designee.*

(9) Registration of a broker-dealer, agent or investment adviser may be renewed by filing with the director *or the director's designee* prior to the expiration thereof an application containing such information as the director may require to indicate any material change in the information contained in the original application or any renewal application for registration as a broker-dealer, agent or investment adviser filed with

the director *or the director's designee* by the applicant, payment of the prescribed fee and, in the case of a broker-dealer, a financial statement showing the financial condition of such broker-dealer as of a date within ninety (90) days. A registered broker-dealer or investment adviser may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the year without payment of any fee.

(10) The fee for initial or renewal registration shall be one hundred dollars ($100) for a broker-dealer, *one hundred* [~~fifty~~] dollars *($100)* [~~($50.00)~~] for an investment adviser, *fifty* [~~fifteen~~] dollars *($50)* [~~($15.00)~~] for an agent, and *fifty* [~~five~~] dollars *($50)* [~~($5.00)~~] for transfer of an agent, none of which fees shall be refundable.

(11) (a) Every registered broker-dealer and investment adviser shall make and keep all accounts, correspondence, memoranda, papers, books, and other records which the director by rule prescribes. All records required shall be preserved for three (3) years unless the director by rule prescribes otherwise for particular types of records. All required records shall be kept within this state or shall, at the request of the director, be made available at any time for examination by him either in the principal office of the registrant or by production of exact copies thereof in this state.

(b) Every registered broker-dealer and investment adviser shall file such reports as the director by rule prescribes.

(c) If the information contained in any document filed with the director *or the director's designee* is or becomes inaccurate or incomplete in any material respect, the broker-dealer shall promptly file a correcting amendment.

(d) The director may make periodic examinations, within or without this state, of each broker-dealer and investment adviser at such times and in such scope as he determines. These examinations may be made without prior notice to the broker-dealer or investment adviser. The expense reasonably attributable to any such examination shall be paid by the broker-dealer or investment adviser whose business is examined but the expense so payable shall not exceed an amount which the director by rule prescribes. For the purpose of avoiding unnecessary duplication of examinations, the director, insofar as he deems it practicable in administering this subsection, may cooperate with securities administrators of other states, the securities and exchange commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934.

(e) The director may by rule prohibit unreasonable charges, profits, commissions or other compensation of broker-dealers and investment advisers.

(f) The director may prescribe rules for the conduct of business by broker-dealers and investment advisers which he finds appropriate in the public interest and for the protection of investors.

(g) The director may enter into an arrangement, agreement, or other working relationship with federal, other state and self-regulatory authorities whereby documents may be filed and maintained in a central depository system with the National Association of Securities Dealers or other agencies or authorities. It is the intent of this paragraph that the director be provided power to reduce duplication of filings, reduce administrative costs and establish uniform procedures, forms, and administration with the states and federal authorities. The director may permit initial and renewal registration filings required under this chapter to be filed with the securities and exchange commission, the National Association of Securities Dealers or other similar authorities. The director may accept uniform securities examinations or other procedures designed to implement a uniform national securities regulatory system or facilitate common practices and procedures among the states.

(12) (a) The director may by order deny, suspend or revoke registration of any broker-dealer, agent or investment adviser if he finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer, or investment adviser, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment adviser:

1. Has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

2. Has wilfully violated or wilfully failed to comply with any provision of this chapter or a predecessor law or any rule or order under this chapter or a predecessor law;

3. Has been convicted, within the past ten (10) years, of any misdemeanor involving a security or any aspect of the securities business, or any felony, *or has pending against him any such criminal charge*;

4. Is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

5. Is the subject of an order of the director denying, suspending, or revoking registration as a broker-dealer, agent, or investment adviser;

6. Is the subject of an order entered within the past five (5) years by the securities administrator of any other state or by the securities and exchange commission denying or revoking registration as a broker-dealer or agent, or the substantial equivalent of those terms as defined in this chapter, or is the subject of an order of the securities and exchange commission suspending or expelling him from a national securities exchange or national securities association registered under the Securities Exchange Act of 1934, or is the subject of a United States post-office fraud order; but a. the director may not institute a revocation or suspension proceeding under this paragraph more than one (1) year from the date of the order relied on, and b. he may not enter any order under this paragraph on the basis of an order unless that order was based on facts which would currently constitute a ground for an order under this section;

7. Has engaged in dishonest or unethical practices in the securities business;

8. Is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the director may not enter an order against a broker-dealer or investment adviser under this paragraph without a finding of insolvency as to the broker-dealer or investment adviser; or

9. Is not qualified on the basis of such factors as training, experience, or knowledge of the securities business, except as provided in paragraph (b) below; or the director may by order, deny, suspend or revoke any registration if he finds that the order is in the public interest and that the applicant or registrant:

a. Has failed reasonably to supervise his agents if he is a broker-dealer or his employes if he is an investment adviser; or

b. Has failed to pay the proper filing fee; but the director may enter only a denial order under this clause, and he shall vacate any such order when the deficiency has been corrected.

The director may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to him when registration became effective unless the proceeding is instituted within the next thirty (30) days.

(b) The following provisions govern the application of subparagraph 9 of paragraph (a) of this subsection:

1. The director may not enter an order against a broker-dealer on the basis of the lack of qualification of any person other than the broker-dealer himself if he is an individual or an agent of the broker-dealer;

2. The director may not enter an order against an investment adviser on the basis of the lack of qualification of any person other than the investment adviser himself if he is an individual or any other person who represents the investment adviser in doing any of the acts which make him an investment adviser;

3. The director may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both;

4. The director shall consider that an agent who will work under the supervision of a registered broker-dealer need not have the same qualifications as a broker-dealer;

5. The director shall consider that an investment adviser is not necessarily qualified solely on the basis of experience as a broker-dealer or agent. When he finds that an applicant for initial or renewal registration as a broker-dealer is not qualified as an investment adviser, he may by order condition the applicant's registration as a broker-dealer upon his not transacting business in this state as an investment adviser;

6. The director may by rule provide for an examination, which may be written or oral or both, to be taken by any class of or all applicants, as well as persons who represent or will represent an investment adviser in doing any of the acts which make him an investment adviser.

(c) The director may by order summarily postpone or suspend registration pending final determination of any proceeding under this section. Upon the entry of the order, the director shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is an agent, that it has been entered and of the reasons therefor and that within fifteen (15) days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the director, the order will remain in effect until it is modified or vacated by the director. If a hearing is requested or ordered, the director, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.

(d) If the director finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, agent, or investment adviser, or is subject to an adjudication of mental disability or to the control of a conservator, or guardian, or cannot be located after reasonable search, the director may by order cancel the registration or application.

(e) Withdrawal from registration as a broker-dealer, agent, or investment adviser becomes effective thirty (30) days after receipt of an application to withdraw or within such shorter period of time as the director may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within thirty (30) days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the director by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the director may nevertheless institute a revocation or suspension proceeding under subparagraph 2. of paragraph (a) of this subsection within one (1) year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective.

(f) No order may be entered under any part of this section except the first sentence of paragraph (c) of this subsection without appropriate prior notice to the applicant or registrant (as well as the employer or prospective employer if the applicant or registrant is an agent), opportunity for hearing, and written findings of fact and conclusions of law.

Section 4. KRS 292.350 is amended to read as follows:

(1) The following securities may be registered by notification, whether or not they are also eligible for registration by coordination under KRS 292.360:

(a) Any security whose issuer and any predecessors have been in continuous operation for at least five (5) years if:

1. There has been no default during the current fiscal year or within the three (3) preceding fiscal years in the payment of principal, interest, or dividends on any security of the issuer (or any predecessor) with a fixed maturity or a fixed interest or dividend provision; and

2. The issuer and any predecessors during the past three (3) fiscal years have had average net earnings, determined in accordance with generally accepted accounting practices, which are applicable to all securities without a fixed maturity or a fixed interest or dividend provision and which equal at least five per cent (5%) of the amount of securities without a fixed maturity or a fixed interest or dividend provision outstanding at the date the registration statement is filed (as measured by the maximum offering price or the market price on a day selected by the registrant within thirty (30) days before the date of filing the registration statement, whichever is higher, or if there is neither a readily determinable market price nor an offering price, book value on a day selected by the registrant within ninety (90) days of the date of filing the registration statement), or if the issuer and any predecessors have not had any securities without a fixed maturity or a fixed interest or dividend provision outstanding for three (3) full fiscal years, equal at least five per cent (5%) of the amount (as measured by the maximum public offering price) of such securities which will be outstanding if all the securities being offered or proposed to be offered (whether or not they are proposed to be registered or offered in this state) are issued;

(b) Any security registered for nonissuer distribution if any security of the same class has ever been registered under this chapter or a predecessor law, or the security being registered was originally issued pursuant to an exemption under this chapter or a predecessor law or, if previously publicly offered and sold, was not offered and sold within this state.

(2) A registration statement under this section shall contain the following information and be accompanied by the following documents, in addition to payment of the registration fee prescribed in KRS 292.380 and, if required under KRS 292.430, a consent to service of process meeting the requirements of that section:

(a) A statement demonstrating eligibility for registration by notification;

(b) With respect to the issuer: its name, address, and form of organization; the state (or foreign jurisdiction) and the date of its organization; and the general character and location of its business;

(c) With respect to any person on whose behalf any part of the offering is to be made, if such person is an officer, director, partner or any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the issuer, his name and address; the amount of securities held by him as of the date of the filing of the registration statement; and a statement of his reasons for making the offering;

(d) A description of the securities being registered;

(e) Total amount of securities to be offered and amount of securities to be offered in this state;

(f) The price at which the securities are to be offered for sale to the public, if other than at the market price thereof; any known variation therefrom at which any portion of the offering is to be made to any persons, other than as underwriting and selling discounts or commissions; and the estimated maximum aggregate underwriting and selling discounts or commissions and finders' fees (including cash, securities, or anything else of value, if any);

(g) Names and addresses of the managing underwriters, if any, and a description of the plan of distribution, if any, of any securities which are to be offered otherwise than through an underwriter;

(h) Description of any security options outstanding or to be created in connection with the offering;

(i) Any adverse order, judgment or decree previously entered in connection with the securities being registered by any court or securities and exchange commission;

(j) A copy of any offering circular or prospectus, if any, intended, or ordered by the director, to be used in connection with the offering;

(k) In the case of any registration under paragraph (b) of subsection (1) which does not also satisfy the conditions of paragraph (a) of subsection (1), a certified balance sheet of the issuer as of its last fiscal year ended and a balance sheet of the issuer as of a date within four (4) months prior to the filing of the registration statement and a statement of income for each of the two (2) fiscal years preceding the date of the certified balance sheet, the last of which is to be certified, and for any period between the close of the last fiscal year and the date of the last balance sheet or for the period of the issuer's and any predecessor's existence if less than two (2) years; and

(l) Such additional information as the director may by rule or order require.

(3) If no stop order is in effect and no proceeding is pending under KRS 292.390, a registration statement under this section automatically becomes effective at three o'clock eastern standard time in the afternoon (3:00 p.m.) of the *fifth* [~~second~~] full business day after the filing of the registration statement or the last amendment, or at such earlier time as the director determines.

Section 5. KRS 292.380 is amended to read as follows:

(1) Except as otherwise expressly provided in this chapter a registration statement under this chapter becomes effective when the director so orders. The director may require as a condition of registration under this chapter that a prospectus containing any designated part of the appropriate information specified in this chapter be sent or given to each person to whom an offer is made before or concurrently with:

(a) The first written offer made to him (otherwise than by means of a public advertisement) by or for the account of the issuer or any other person on whose behalf the offering is being made, or by any underwriter or broker-dealer who is offering part of an unsold allotment or subscription taken by him as a participant in the distribution,

(b) The confirmation of any sale made by or for the account of any such person,

(c) Payment pursuant to any such sale, or

(d) Delivery of the security pursuant to any such sale, whichever first occurs; but the director shall accept for use under any such requirement a current prospectus or offering circular regarding the same securities filed under the Securities Act of 1933 or regulations thereunder.

(2) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered broker-dealer. Any document filed under this chapter or a predecessor law within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate. The director may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(3) The director may require as a condition of registration by qualification or coordination that:

(a) The proceeds from the sale of the registered security be impounded until the issuer receives a specified amount or

(b) Any security issued within the past three years, or to be issued, to a promoter for a consideration substantially different from the public offering price, or to any person for a consideration other than cash, be delivered in escrow. The director may by rule or order determine the conditions of any escrow or impounding required hereunder. The director shall not reject a depository solely because of location in another state. All securities delivered in escrow to the director or some other depository satisfactory to him prior to January 1, 1968 which have not previously been released shall be released from escrow and all securities delivered in escrow to the director or some other depository satisfactory to him subsequent to January 1, 1968 which have not previously been released shall be released from escrow no later than ten (10) years after the date of delivery into escrow.

(4) The director may also require as a condition of registration by qualification that the issuer undertake to keep the securities registered under this chapter for a period of up to five years or until the securities become exempt securities under KRS 292.410, and that the issuer forward to its security holders audited annual financials during the period for which the shares are registered. The director may by rule or order impose other undertakings.

(5) For the registration of securities by notification or coordination, or qualification, there shall be paid to the director an examination fee of one hundred dollars and a registration fee of one-twentieth of one percent of the aggregate offering price of the securities which are to be offered in this state, but the registration fee shall in no case be less than fifty dollars nor more than one thousand dollars. The examination fee and the registration fee shall be payable in separate checks. When a registration statement is withdrawn before the effective date or a pre-effective stop order is entered under KRS 292.390, the director shall retain the examination fee. For the registration of securities issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust, as those terms are defined in the Investment Company Act of 1940, a new registration fee and examination fee shall be paid each year that the registration remains in effect, based upon the aggregate offering price of such securities which are to be offered in this state during that year, even though the maximum fee was paid the preceding year; and the registration statement for such securities may be amended to increase the amount of securities to be offered. For a registration by notification for market-making purposes only the examination fee need be paid.

(6) When securities are registered by notification or by coordination or by qualification, they may be offered and sold by the issuer, any other person on whose behalf they are registered or by any registered broker-dealer. Every registration statement is effective for one year from its effective date, or any longer

period during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or broker-dealer who is still offering part of an unsold allotment or subscription taken by him as a participant in the distribution, except during the time a stop order is in effect under KRS 292.390. All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any nonissuer transaction (1) so long as the registration statement is effective and (2) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under KRS 292.390 (if the registration statement did not relate in whole or in part to a nonissuer distribution) and one year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the director.

(7) The director may require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose the progress of the offering. The director shall impose a fee of *ten* [~~five~~] dollars *($10)* for each such report filed with him.

Section 6. KRS 292.400 is amended to read as follows:

KRS 292.340 to 292.390 shall not apply to any of the following:

(1) Any security (including a revenue obligation) issued or guaranteed by the United States, any state, any political subdivision of a state, or any agency or corporate or other instrumentality of one or more of the foregoing; or any certificate of deposit for any of the foregoing;

(2) Any security issued or guaranteed by Canada, any Canadian province, any political subdivision of any such province, any agency or corporate or other instrumentality of one or more of the foregoing, or any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor;

(3) Any security issued by and representing an interest in or a debt of, or guaranteed by, any bank organized under the laws of the United States, or any bank, savings institutions, or trust company organized and supervised under the laws of any state;

Upon entry of a summary order, the director shall promptly notify all interested parties that it has been entered and of the reasons therefor and that within fifteen (15) days of the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the director, the order will remain in effect until it is modified or vacated by the director. If a hearing is requested or ordered, the director, after notice of and opportunity for hearing to all interested persons, may modify or vacate the order to extend it until final determination. No order under this subsection may operate retroactively. No person may be considered to have violated this chapter by reason of any offer or sale effected after the entry of an order under this subsection if he sustains the burden of proof that he did not know, and in the exercise of reasonable care could not have known of the order. In any proceeding under this chapter, the burden of proving an exemption from a definition is upon the person claiming it.

Section 8. KRS 292.415 is amended to read as follows:

(1) Before any security may be issued as an exempt security under subsections [~~(4), (5), (6),~~] (9), (12), (13) or (14) of KRS 292.400, or offered for sale or sold as an exempt transaction under KRS 292.410(1)(i)[~~, (j),~~] or (k), a claim of exemption must first be filed with the director and the director by order shall not have determined that the exemption is unavailable within the next *ten (10)* [~~five (5)~~] full business days. A claim of exemption filed under this section shall be in such form and contain such information as the director by rule or order requires and each offering shall be effective for a maximum of twelve (12) consecutive months unless the director by rule or order extends such period of time, not to exceed five (5) years.

(2) For every claim of exemption filed with the director there shall be paid to the director a filing fee of one hundred dollars ($100), except that for a claim of exemption filed under subsection (9) of KRS 292.400 the filing fee is one-tenth (1/10) of one percent (1%) of the maximum aggregate offering price at which the securities are to be offered in this state, but the fee shall in no case be less than one hundred dollars ($100) or more than five hundred dollars ($500). The director shall have authority to amend or rescind under this subsection such filing fees by rule or order if the director determines that such fee is excessive under the circumstances.

(3) Any person who fails to comply with this section shall be liable for a fee in the amount of five (5) times the initial filing fee and the director may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of an exemption, if he finds that the order is in the public interest and that any security has been or is about to be offered or sold in violation of this section. If the director finds it appropriate in the public interest or necessary for the protection of investors, the director may order any issuer in violation of this section to make an offer of rescission.

(4) Failure by any person to file a claim of exemption under this section shall not give rise to a private right of action under KRS 292.330(1), 292.340 or 292.480 which would not otherwise be available under the provisions of this chapter.

(5) Any person who fails to file a claim of exemption under this section, unless he does so intentionally, shall not be subject to KRS 292.991.

Section 9. KRS 292.420 is amended to read as follows:

(1) In any proceeding under this chapter, the burden of proving an exemption or an exception from a definition is upon the person claiming it.

(2) The director may require any person, who is selling or offering for sale or who is about to sell or offer for sale or who has sold or offered for sale any security within this state, to file a statement of the claim of exemption, if any, upon which such person is relying, and if any time, in the opinion of the director, the information contained in such statement filed is misleading, incorrect, inadequate, or fails to establish the right of exemption, he may require such person, agent, or investment adviser to file such information as may in his opinion be necessary to establish the claimed exemption. The refusal to furnish information as required by order of the director pursuant to the provisions of this subsection, within a reasonable time to be fixed by the director, shall be proper ground for the entry of an order by the director suspending and/or cancelling the registration of the broker-dealer, agent or investment adviser.

(3) The director shall have authority at all times to consider and determine whether any proposed sale, transaction, issue or security is entitled to an exemption or an exception from the definition accorded by this chapter, provided, however, that the director in his discretion may decline to exercise such authority as to any proposed sale, transaction, issue, or security. Any interested party desiring the director to exercise such authority shall submit to the director a verified statement of all material facts relating to the proposed sale, transaction, issue or security, which verified statement shall be accompanied by a request for a ruling as to the particular exemption or exception from definition, together with a filing fee of *one hundred* [~~fifty~~] dollars *($100)* [~~($50) except for a request for a ruling or order pursuant to KRS 292.410(1)(i) which shall be accompanied by a filing fee of one hundred dollars ($100)~~]. After such notice to interested parties as the director shall deem proper and after a hearing, if any, the director may enter an order finding the proposed

sale, transaction, issue or security entitled or not entitled to the exemption or the exception from definition as claimed. An order so entered, unless an appeal be taken therefrom in the manner prescribed in this chapter, shall be binding upon the director, provided that the proposed sale, transaction, issue or security when consummated or issued conforms in every relevant and material particular with the facts as set forth in the verified statement as submitted.

Section 10. KRS 292.440 is amended to read as follows:

It is unlawful for any person to make or cause to be made, in any document filed with the director *or the director's designee* or in any proceeding under this chapter, any statement which is, at the time and in the light of the circumstances under which it is made, false or misleading in any material respect.

No provision of this chapter authorizes the director or any of his officers or employes to disclose any such information except among themselves or when necessary or appropriate in a proceeding or investigation under this chapter. No provision of this chapter either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the director or any of his officers or employes.

(3) The director may from time to time make, amend, and rescind such rules, forms and orders as are necessary to carry out the provisions of this chapter, including rules and forms governing registration statements, applications, and reports and defining any terms, whether or not used in this chapter, insofar as the definitions are not inconsistent with the provisions of this chapter. For the purpose of rules and forms, the director may classify securities, persons, and matters within his jurisdiction, and prescribe different requirements for different classes.

(4) No rule, form, or order may be made, amended, or rescinded unless the director finds that the action is necessary or appropriate in the public interest or for the protection of investors and consistent with the purposes fairly intended by the policy and provision of this chapter. In prescribing rules and forms the director may cooperate with the securities administrators of the other states and the Securities and Exchange Commission with a view to effectuating the policy of this statute to achieve maximum uniformity in the form and content of registration statement, applications, and reports whenever practicable.

(5) The director may by rule or order prescribe the form and content of financial statements required under this chapter and the circumstances under which *consolidated* [~~consolidation~~] financial statements shall be certified by [~~independent, public or~~] certified public accountants. All financial statements shall be prepared in accordance with generally accepted accounting standards.

(6) All rules and forms of the director shall be published.

(7) No provision of this chapter imposing any liability applies to any act done or omitted in good faith in conformity with any rule, form, or order of the director, notwithstanding that the rule, form or order may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

(8) A document is filed when it is received by the director *or when the director receives confirmation that a document has been filed pursuant to KRS 292.330.*

(9) Every hearing in an administrative proceeding shall be public unless the director in his discretion grants a request joined in by all the respondents that the hearing be conducted privately.

(10) The director shall keep a register of all applications for registration and registration statements which are or have ever been effective under this chapter and all denial, suspension, or revocation orders which have ever been entered under this chapter. The register shall be open for public inspection.

(11) The information contained in or filed with any registration statement, application, or report may be made available to the public under such rules as the director prescribes.

(12) Upon request and at such reasonable charges as he prescribes, the director shall furnish to any person photostatic or other copies (certified under his seal of office if requested) of any entry in the register or any document which is a matter of public record. In any proceeding or prosecution under this chapter, any copy so certified is prima facie evidence of the contents of the entry or document certified.

(13) The director in his discretion may honor requests from interested persons for interpretative opinions.

Section 12. KRS 292.610 is amended to read as follows:

An offeror is subject to the liabilities and penalties applicable to a seller, and an offeree is entitled to the remedies applicable to a purchaser, as set forth in KRS *292.480 and* 292.991.

Section 14. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1978, a member of the retirement system may qualify for service retirement by meeting either of the following requirements:

(a) Attainment of age fifty-five (55) years and completion of five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, or

(2) Any member shall be automatically retired as of July 1 next following his seventieth (70th) birthday, providing, however, that a member reaching age seventy (70) and having fewer than five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, shall receive a refund of the member's accumulated contributions as provided in KRS 161.470(6) in lieu of a retirement annuity.

(3) Any person who has been a teacher in Kentucky for thirty (30) years or more and who withdraws from teaching after July 1, 1941, and before reaching the age of sixty-five (65) years may continue to pay into the fund each year, until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during his last full year as a teacher. If he so elects he shall at any time be entitled to receive a retirement allowance as provided in KRS 161.620. No member shall make contributions as provided for above if such member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(4) Service credit in the Kentucky employes retirement system, the state police retirement system, *the legislators' retirement plan,* the county employes or the judicial retirement system may be used in meeting the service requirements of subsections (1)(a) and (1)(b) of this section, provided such service is subsequent to July 1, 1956.

(5) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with regulations of the board of trustees.

(6) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to his death.

Section 15. KRS 61.680 is amended to read as follows:

(1) Every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS *6.500 to 6.535,* 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof.

(2) (a) Notwithstanding any other provisions of KRS *6.500 to 6.535,* 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement a member's accounts under the *legislators' retirement plan,* state police retirement system, Kentucky employes retirement system, county employes retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system. If the member has prior service in more than one system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of subsection (2)(a) of this section shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes retirement system or county employes retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes retirement system or county employes retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes retirement system, state police retirement system or the county employes retirement system who enters the service of a department, board, agency or instrumentality of the Commonwealth whereby such person would be eligible for membership in the judicial retirement system may elect to retain membership in the system in which he is a member, either the Kentucky employes retirement system, state police retirement system or the county employes retirement system. When such an election is made, the agency employing the member shall withhold employe contributions, make employer contributions and remit these contributions to the system in which the member retained his membership.

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes retirement system or the county employes retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes retirement system or the county employes retirement system.

(b) Any person who has elected to retain membership in the teachers' retirement system as provided in subsection (a) of this section may cancel his election and participate in the system under which his position would normally participate, provided he elects to cancel his option prior to January 1, 1977.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system may elect to retain membership in the teachers' retirement system during his term of office rather than participate in the Kentucky employes retirement system. Such election to retain membership in the teachers' retirement system must be filed in writing within ninety (90) days after his term of office begins or he will participate in the Kentucky employes retirement system during his term of office. No contributions may be made to the teachers' retirement system for the same period of service under the Kentucky employes retirement system as a member of the general assembly, *but contributions made to the teachers' retirement system while a member of the general assembly shall be transferred to the legislators' retirement plan as provided for in KRS 6.535 when the member elects to join the legislators' retirement plan, and service credit in the legislators' retirement plan shall be granted as provided for in KRS 6.505(2).*

(5) Effective July 1, 1974 any member of the Kentucky employes retirement system or county employes retirement system who is working in a position covered by one (1) of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Any member of the Kentucky employes retirement system or county employes retirement system who is working in more than one position covered by one of these retirement systems, will have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, then an accumulation of all hours worked will be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section and KRS 21.375, a person entering membership of the judicial retirement system with service credit in the state police retirement system, Kentucky employes retirement system, county employes retirement system or teachers' retirement system will become vested for early and normal retirement benefits in each system in which he has service credit when his combined service credit in all systems is equal to that required for vesting in each respective system."

The secretary of the department of finance shall issue warrants authorizing the treasurer of the Commonwealth of Kentucky to pay to the treasurer of each institution any amounts due by virtue of the annual state appropriations for that institution, or transfer the amount due electronically if electronic transfer is authorized by statute. The transfer of funds shall be handled in a manner to assure a zero balance in the general fund account at the university.

SECTION 3. A NEW SECTION OF KRS CHAPTER 164A IS CREATED TO READ AS FOLLOWS:

(1) The governing boards of the public institutions of higher education electing to perform in accordance with this Act regarding the acquisition of funds, accounting, purchasing, capital construction and affiliated corporations shall do so by regulation. The responsibility for this election is vested with the governing boards, any other statute to the contrary notwithstanding. The anticipated investment earnings which have been credited to the general fund and the anticipated investment earnings on funds in the capital construction account, excluding revenue bonds, for fiscal year 1982-83 and 1983-84 may be deducted from the respective institution's trust and agency funds on deposit prior to the issuance of a check or transfer to the governing board.

(2) The governing boards of institutions may elect to receive, deposit, collect, retain, invest, disburse, and account for all funds received or due from any source including, but not limited to, state and federal appropriations for the support or maintenance of the general operations or special purpose activities of such institutions. SECTION 4. A NEW SECTION OF KRS CHAPTER 164A IS CREATED TO READ AS FOLLOWS:

(1) The governing board of each university making the election authorized in Section 3 of this Act shall as a condition of such election install an accrual basis accounting system conforming with generally accepted accounting principles and procedures established for colleges and universities by the national association of college and university business officers and the american institute of certified public accountants. 3. Funds set aside for debt service charges and retirement of indebtedness on institutional plant.

(2) A record of each general fund appropriation shall be maintained so as to identify the institutional budgets to which such funds are allotted. Any uncommitted state general funds remaining after the close of business on the last day of the fiscal year shall lapse and be returned to the treasury of the Commonwealth. Each appropriation shall be used for the intended purpose and where questions of intent arise, subject to the provisions of KRS 45.750 and KRS 45.800 in the case of capital construction projects and major items of equipment as defined by these sections, the decision of the secretary of finance, based upon budget work papers, shall be final.

(3) A separate account showing sources of revenue and all expenditures shall be maintained for each capital construction project. At the end of each fiscal year, a report containing a listing of all capital construction projects, with sources of funds, expenditures and current status for each, shall be submitted to the capital construction and equipment purchase oversight committee.

(4) Within thirty (30) days after the effective date of this Act, the secretary of finance shall submit to the capital construction and equipment purchase oversight committee a complete record of all funds and project records transferred to institutions under the provisions of this Act.

The secretary of finance may prescribe the minimum scope of any such audit. The opinion, with the findings and recommendations, shall be forwarded to the governor, the secretary of the department of finance, the auditor of public accounts, the director of the legislative research commission, the executive director of the council on higher education, and members of the governing board.

(3) The governing board shall require the institution to take and maintain inventories of plant and equipment.

(4) The governing board shall establish procedures to identify items of common general usage among all departments to foster volume purchasing. It shall establish and enforce schedules for purchasing supplies, materials, and equipment.

In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the secretary of state along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(9) For capital construction projects, the bidding may be on a total design-bid basis, a package system commonly referred to as "turnkey", or construction management, whichever in the judgment of the board offers the lowest real cost to the taxpayer. Bids shall be reviewed by the institution's engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(10) The governing board shall attempt in every practicable way to insure the institution's supplying its real needs at the lowest possible cost. To accomplish this the board may enter into cooperative agreements with other public or private institutions of education or health care.

Real estate acquired by purchase or condemnation shall be paid for out of money appropriated to the *institution* [~~university or college. Each board of regents may, when it regards it best for the school, sell and convey any real estate, buildings or equipment owned by it, but the proceeds arising from the sale must be reinvested in other real estate, buildings and equipment for the use of the university or college~~].

(2) The governing board of each institution shall periodically review the assets of the institution and shall sell and convey those assets not necessary for implementing the institutional mission. Proceeds from the disposition shall be deposited in the unexpended plant fund account or in the fund for excellence authorized by this Act.

(2) Review of construction plans for conformance with the uniform state building code shall be conducted by the department of housing, buildings and construction. The board shall not approve any such

project requiring its approval in any instance where it finds that the project is not needed, or that the proposed method of financing is not sound, or in cases where the project will exceed the amount of the funds available therefor, or the work contemplated will be insufficient to accomplish the purpose of the project, or that after providing for the ordinary recurring expenses of administration and debt service and for payments under existing allotments for extraordinary expenses and capital outlay, cash will not be available in the treasury to promptly pay for the work or that the work is to be done by employes of the institution.

(3) Any capital construction project, except as provided in subsection 4, shall be contracted for on a competitive bid basis, and the execution of such contracts shall be approved and authorized by the board. (3) The governing board shall negotiate a contract with the highest qualified firm for architectural and engineering services at compensation which the governing board determines in writing to be fair and reasonable to the Commonwealth. In making this decision, the governing board shall take into account the estimated value of the services to be rendered, the scope, complexity, and professional nature thereof. Should the governing board be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price it determines to be fair and reasonable to the institution, negotiations with that firm shall be formally terminated. The governing board shall then undertake negotiations with the second most qualified firm. (f) Any first party claimant or third party claimant bringing an action under this section must bring such action within one (1) year after any action or proceeding by the commissioner of insurance has been terminated or within five (5) years after the violation of this section, whichever is later. However, no third party claimant shall bring an action under this subsection until any action between the third party claimant and the insured is concluded.

SECTION 3. A NEW SECTION OF SUBTITLE 29 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(b) Wilfully violated or wilfully failed to comply with any lawful regulation of the commissioner; or

(c) Wilfully violated any provision of this code other than those for violation of which suspension or revocation is mandatory; or

(b) With such frequency as to indicate its general business practice in this state:

1. Has without just cause failed to pay, or delayed payment of, claims arising under its policies, whether the claim is in favor of an insured or is in favor of a third person with respect to the liability of an insured to such third person; or

2. Without just cause compels insureds or claimants to accept less than the amount due them or to employ attorneys or to bring suit against the insurer or such an insured to secure full payment or settlement of such claims*; or*

3. Has committed any unfair claims settlement practice as defined in subtitle 12 or regulations promulgated thereunder.

(d) Has failed to pay any final judgment rendered against it in this state upon any policy, bond, recognizance or undertaking as issued or guaranteed by it, within thirty (30) days after the judgment became final or within thirty (30) days after dismissal of an appeal before final determination, whichever date is the later.

(e) Has actual knowledge by the chief executive officer or person in charge of Kentucky operations that an agent employed by the insurer has engaged or is engaging in conduct in violation of this code and the insurer has failed to report such conduct to the department.

(3) The commissioner may, in his discretion and without advance notice or a hearing thereon, immediately suspend the certificate of authority of any insurer as to which proceedings for receivership, conservatorship, rehabilitation or other delinquency proceedings have been commenced in any state by the public insurance supervisory officer of such state."

Floor Amendment No. 4 to **SB 74,** by Representative LeMaster:

Amend printed copy of **SB 74,** page 3, after line 16, by adding the following:

"Section 2. KRS 304.20-020 is amended to read as follows:

(1) No automobile liability or motor vehicle liability policy of insurance insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in KRS 304.39-110 under provisions approved by the commissioner, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom[~~; Provided That the named insured shall have the right to reject in writing such coverage; and Provided further That, unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured had rejected the coverage in connection with a policy previously issued to him by the same insurer~~].

(2) For the purpose of this coverage the term "uninsured motor vehicle" shall, subject to the terms and conditions of such coverage, be deemed to include an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency; an insured motor vehicle with respect to which the amounts provided, under the bodily injury liability bond or insurance policy applicable at the time of the accident with respect to any person or organization legally responsible for the use of such motor vehicle, are less than the limits described in KRS 304.39-110; and an insured motor vehicle to the extent that the amounts provided in the liability coverage applicable at the time of the accident is denied by the insurer writing the same.

(3) Protection against an insurer's insolvency shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one (1) year after such an accident. Nothing herein contained shall be construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to its insureds than is provided hereunder.

(4) In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of such person against any person or organization legally responsible for the bodily injury for which such payment is made, including the proceeds recoverable from the assets of the insolvent insurer.

Section 3. KRS 304.39-110 is amended to read as follows:

(1) The requirement of security for payment of tort liabilities is fulfilled by providing:

(a) Liability coverage of not less than ten thousand dollars ($10,000) for all damages arising out of bodily injury sustained by any one person as a result of any one accident, and not less than twenty thousand dollars ($20,000) for all damages arising out of bodily injury sustained as a result of any single accident caused by accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(b) Liability coverage of not less than five thousand dollars ($5,000) for all damages arising out of damage to or destruction of property, including the loss of use thereof, as a result of any one accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(c) That the liability coverages apply to accidents during the contract period in a territorial area not less than the United States of America, its territories and possessions, and Canada; [~~and~~]

(d) Basic reparation benefits as defined in KRS 304.39-020(2)*;*

(e) Underinsured motorist coverage, whereby subject to the terms and conditions of such coverage, the insurance company agrees to pay its own insured for such uncompensated damages as he may recover on account of injury due to a motor vehicle accident because the judgment recovered against the owner of the other vehicle exceeds the policy limits thereon, to the extent of the policy limits on the vehicle of the party recovering, less the amount paid by the liability insurer of the party recovered against. His insurance company shall be subrogated to any amounts it so pays, and upon payment shall have an assignment of the judgment against the other party to the extent of the money it pays; and

(f) Uninsured motorist coverage as required by KRS 304.20-020.

(2) Subject to the provisions on approval of terms and forms, the requirement of security for payment of tort liabilities may be met by a contract the coverage of which is secondary or excess to other applicable valid and collectible liability insurance. To the extent the secondary or excess coverage applies to liability within the minimum security required by this subtitle it must be subject to conditions consistent with the system of required liability insurance established by this subtitle.

(3) Security for a motorcycle is fulfilled by providing only the coverages set forth in subsections (1)(a), (b) and (c) of this section.

Section 4. KRS 304.39-050 is amended to read as follows:

(1) The basic reparation insurance applicable to bodily injury to which this subtitle applies is the security covering the vehicle occupied by the injured person at the time of the accident or, if the injured person is a pedestrian, the security covering the vehicle which struck such pedestrian. If the reparation obligor providing such insurance fails to make payment for loss within thirty (30) days after receipt of reasonable proof of the fact and the amount of loss sustained, the injured person shall be entitled to payment under any contract of basic reparation insurance under which he is a basic reparation insured and the insurer making such payments shall be entitled to full reimbursement from the reparation obligor providing the security covering the vehicle. A pedestrian, as used herein, means any person who is not making "use of a motor vehicle" at the time his injury occurs.

(2) If there is no security covering the vehicle, any contract of basic reparation insurance under which the injured person is a basic reparation insured shall apply.

(3) *Notwithstanding any other provision of this subtitle, a person may stack basic reparation benefits* [~~No person shall recover basic reparation benefits from more than one reparation obligor as a result of the same accident, except as provided in KRS 304.39-140(4) nor in excess of ten thousand dollars ($10,000) as the result of the same accident~~].

Section 5. KRS 304.39-020 is amended to read as follows:

As used in this subtitle:

(1) "Added reparation benefits" mean benefits provided by optional added reparation insurance.

(2) "Basic reparation benefits" mean benefits providing reimbursement for net loss suffered through injury arising out of the operation, maintenance or use of a motor vehicle, subject, where applicable, to the limits, deductibles, exclusions, disqualifications and other conditions provided in this subtitle. The maximum amount of basic reparation benefits payable for all economic loss resulting from injury to any one person as the result of one (1) accident shall be ten thousand dollars ($10,000), regardless of the number of persons entitled to such benefits or the number of providers of security obligated to pay such benefits. Basic reparation benefits consist of one (1) or more of the elements defined as "loss."

(3) "Basic reparation insured" means:

(a) A person identified by name as an insured in a contract of basic reparation insurance complying with this subtitle; and

(b) While residing in the same household with a named insured, the following persons not identified by name as an insured in any other contract of basic reparation insurance complying with this subtitle: a spouse or other relative of a named insured; and a minor in the custody of a named insured or of a relative residing in the same household with the named insured if he usually makes his home in the same family unit, even though he temporarily lives elsewhere.

(4) "Injury" and "injury to person" mean bodily harm, sickness, disease, or death.

(5) "Loss" means accrued economic loss consisting only of medical expense, work loss, replacement services loss, and, if injury causes death, survivor's economic loss and survivor's replacement services loss. Noneconomic detriment is not loss. However, economic loss is loss although caused by pain and suffering or physical impairment.

(a) "Medical expense" means reasonable charges incurred for reasonably needed products, services, and accommodations, including those for medical care, physical rehabilitation, rehabilitative occupational training, and other remedial treatment and care. "Medical expense" may include non-medical remedial treatment rendered in accordance with a recognized religious method of healing. The term includes a total charge not in excess of one thousand dollars ($1,000) per person for expenses in any way related to funeral, cremation, and burial. It does not include that portion of a charge for a room in a hospital, clinic, convalescent or nursing home, or any other institution engaged in providing nursing care and related services, in excess of a reasonable and customary charge for semi-private accommodations, unless intensive care is medically required. Medical expense shall include all healing arts professions licensed by the Commonwealth of Kentucky. There shall be a presumption that any medical bill submitted is reasonable.

(b) "Work loss" means loss of income from work the injured person would probably have performed if he had not been injured, and expenses reasonably incurred by him in obtaining services in lieu of those he would have performed for income, reduced by any income from substitute work actually performed by him.

(c) "Replacement services loss" means expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the injured person would have performed, not for income but for the benefit of himself or his family, if he had not been injured.

(d) "Survivor's economic loss" means loss after decedent's death of contributions of things of economic value to his survivors, not including services they would have received from the decedent if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of decedent's death.

(e) "Survivor's replacement services loss" means expenses reasonably incurred by survivors after decedent's death in obtaining ordinary and necessary services in lieu of those the decedent would have performed for their benefit if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of the decedent's death and not subtracted in calculating survivor's economic loss.

(6) "Use of a motor vehicle" means any utilization of the motor vehicle as a vehicle including occupying, entering into and alighting from it. It does not include (i) conduct within the course of a business of repairing, servicing, or otherwise maintaining motor vehicles unless the conduct occurs off the business premises, or (ii) conduct in the course of loading and unloading the vehicle unless the conduct occurs while occupying, entering into, or alighting from it.

(7) "Motor vehicle" means any vehicle which transports persons or property upon the public highways of the Commonwealth, propelled by other than muscular power except road rollers, road graders, farm tractors, vehicles on which power shovels are mounted, such other construction equipment customarily used only on the site of construction and which is not practical for the transportation of persons or property upon the highways, such vehicles as travel exclusively upon rails and such vehicles as are propelled by electrical power obtained from overhead wires while being operated within any municipality or where said vehicles do not travel more than five (5) miles beyond the said limits of any municipality. Motor vehicle shall not mean moped as defined in this section.

(8) "Moped" means a pedal bicycle with a helper motor rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour.

(9) "Public roadway" means a way open to the use of the public for purposes of motor vehicle travel.

(10) "Net loss" means loss less benefits or advantages, from sources other than basic and added reparation insurance, required to be subtracted from loss in calculating net loss.

(11) "Noneconomic detriment" means pain, suffering, inconvenience, physical impairment, and other nonpecuniary damages recoverable under the tort law of this Commonwealth. The term does not include punitive or exemplary damages.

(12) "Owner" means a person, other than a lienholder or secured party, who owns or has title to a motor vehicle or is entitled to the use and possession of a motor vehicle subject to a security interest held by another person. The term does not include a lessee under a lease not intended as security.

(13) "Reparation obligor" means an insurer, self-insurer, or obligated government providing basic or added reparation benefits under this subtitle.

(14) "Survivor" means a person identified in KRS 411.130 as one entitled to receive benefits by reason of the death of another person.

(15) A "user" means a person who resides in a household in which any person owns or maintains a motor vehicle.

(16) "Maintaining a motor vehicle" means having legal custody, possession or responsibility for a motor vehicle by one other than an owner or operator.

(17) "Security" means any continuing undertaking complying with this subtitle, for payment of tort liabilities, basic reparation benefits, and all other obligations imposed by this subtitle.

(18) "Stack" or "stacking" means the accumulating of coverages when there are separate policies for each vehicle covered and the insured has paid a premium on each policy.

Section 6. KRS 304.39-320, Underinsured motorist coverage, is repealed."

"Section 2. KRS 304.20-020 is amended to read as follows:

(1) No automobile liability or motor vehicle liability policy of insurance insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in KRS 304.39-110 under provisions approved by the commissioner, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom[~~; Provided That the named insured shall have the right to reject in writing such coverage; and Provided further That, unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured had rejected the coverage in connection with a policy previously issued to him by the same insurer~~].

(2) For the purpose of this coverage the term "uninsured motor vehicle" shall, subject to the terms and conditions of such coverage, be deemed to include an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency; an insured motor vehicle with respect to which the amounts provided, under the bodily injury liability bond or insurance policy applicable at the time of the accident with respect to any person or organization legally responsible for the use of such motor vehicle, are less than the limits described in KRS 304.39-110; and an insured motor vehicle to the extent that the amounts provided in the liability coverage applicable at the time of the accident is denied by the insurer writing the same.

(3) Protection against an insurer's insolvency shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one (1) year after such an accident. Nothing herein contained shall be construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to its insureds than is provided hereunder.

(4) In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of such person against any person or organization legally responsible for the bodily injury for which such payment is made, including the proceeds recoverable from the assets of the insolvent insurer.

Section 3. KRS 304.39-110 is amended to read as follows:

(1) The requirement of security for payment of tort liabilities is fulfilled by providing:

(a) Liability coverage of not less than ten thousand dollars ($10,000) for all damages arising out of bodily injury sustained by any one person as a result of any one accident, and not less than twenty thousand dollars ($20,000) for all damages arising out of bodily injury sustained as a result of any single accident caused by accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(b) Liability coverage of not less than five thousand dollars ($5,000) for all damages arising out of damage to or destruction of property, including the loss of use thereof, as a result of any one accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(c) That the liability coverages apply to accidents during the contract period in a territorial area not less than the United States of America, its territories and possessions, and Canada; [~~and~~]

(d) Basic reparation benefits as defined in KRS 304.39-020(2)*;*

His insurance company shall be subrogated to any amounts it so pays, and upon payment shall have an assignment of the judgment against the other party to the extent of the money it pays; and

(f) Uninsured motorist coverage as required by KRS 304.20-020.

(2) Subject to the provisions on approval of terms and forms, the requirement of security for payment of tort liabilities may be met by a contract the coverage of which is secondary or excess to other applicable valid and collectible liability insurance. To the extent the secondary or excess coverage applies to liability within the minimum security required by this subtitle it must be subject to conditions consistent with the system of required liability insurance established by this subtitle.

(3) Security for a motorcycle is fulfilled by providing only the coverages set forth in subsections (1)(a), (b) and (c) of this section.

Section 4. KRS 304.39-050 is amended to read as follows:

(1) The basic reparation insurance applicable to bodily injury to which this subtitle applies is the security covering the vehicle occupied by the injured person at the time of the accident or, if the injured person is a pedestrian, the security covering the vehicle which struck such pedestrian. If the reparation obligor providing such insurance fails to make payment for loss within thirty (30) days after receipt of reasonable proof of the fact and the amount of loss sustained, the injured person shall be entitled to payment under any contract of basic reparation insurance under which he is a basic reparation insured and the insurer making such payments shall be entitled to full reimbursement from the reparation obligor providing the security covering the vehicle. A pedestrian, as used herein, means any person who is not making "use of a motor vehicle" at the time his injury occurs.

(2) If there is no security covering the vehicle, any contract of basic reparation insurance under which the injured person is a basic reparation insured shall apply.

(3) *Notwithstanding any other provision of this subtitle, a person may stack basic reparation benefits* [~~No person shall recover basic reparation benefits from more than one reparation obligor as a result of the same accident, except as provided in KRS 304.39-140(4) nor in excess of ten thousand dollars ($10,000) as the result of the same accident~~].

The maximum amount of basic reparation benefits payable for all economic loss resulting from injury to any one person as the result of one (1) accident shall be ten thousand dollars ($10,000), regardless of the number of persons entitled to such benefits or the number of providers of security obligated to pay such benefits. (3) "Basic reparation insured" means:

(a) A person identified by name as an insured in a contract of basic reparation insurance complying with this subtitle; and

(b) While residing in the same household with a named insured, the following persons not identified by name as an insured in any other contract of basic reparation insurance complying with this subtitle: a spouse or other relative of a named insured; and a minor in the custody of a named insured or of a relative residing in the same household with the named insured if he usually makes his home in the same family unit, even though he temporarily lives elsewhere.

(4) "Injury" and "injury to person" mean bodily harm, sickness, disease, or death.

(5) "Loss" means accrued economic loss consisting only of medical expense, work loss, replacement services loss, and, if injury causes death, survivor's economic loss and survivor's replacement services loss. "Section 9. KRS 304.20-020 is amended to read as follows:

(1) No automobile liability or motor vehicle liability policy of insurance insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in KRS 304.39-110 under provisions approved by the commissioner, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom[~~; Provided That the named insured shall have the right to reject in writing such coverage; and Provided further That, unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured had rejected the coverage in connection with a policy previously issued to him by the same insurer~~].

(2) For the purpose of this coverage the term "uninsured motor vehicle" shall, subject to the terms and conditions of such coverage, be deemed to include an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency; an insured motor vehicle with respect to which the amounts provided, under the bodily injury liability bond or insurance policy applicable at the time of the accident with respect to any person or organization legally responsible for the use of such motor vehicle, are less than the limits described

in KRS 304.39-110; and an insured motor vehicle to the extent that the amounts provided in the liability coverage applicable at the time of the accident is denied by the insurer writing the same.

(3) Protection against an insurer's insolvency shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one (1) year after such an accident. Nothing herein contained shall be construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to its insureds than is provided hereunder.

(4) In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of such person against any person or organization legally responsible for the bodily injury for which such payment is made, including the proceeds recoverable from the assets of the insolvent insurer.

Section 10. KRS 304.39-110 is amended to read as follows:

(1) The requirement of security for payment of tort liabilities is fulfilled by providing:

(a) Liability coverage of not less than ten thousand dollars ($10,000) for all damages arising out of bodily injury sustained by any one person as a result of any one accident, and not less than twenty thousand dollars ($20,000) for all damages arising out of bodily injury sustained as a result of any single accident caused by accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(b) Liability coverage of not less than five thousand dollars ($5,000) for all damages arising out of damage to or destruction of property, including the loss of use thereof, as a result of any one accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(c) That the liability coverages apply to accidents during the contract period in a territorial area not less than the United States of America, its territories and possessions, and Canada; [~~and~~]

(d) Basic reparation benefits as defined in KRS 304.39-020(2)*;*

(e) Underinsured motorist coverage, whereby subject to the terms and conditions of such coverage, the insurance company agrees to pay its own insured for such uncompensated damages as he may recover on account of injury due to a motor vehicle accident because the judgment recovered against the owner of the other vehicle exceeds the policy limits thereon, to the extent of the policy limits on the vehicle of the party recovering, less the amount paid by the liability insurer of the party recovered against. His insurance company shall be subrogated to any amounts it so pays, and upon payment shall have an assignment of the judgment against the other party to the extent of the money it pays; and

(f) Uninsured motorist coverage as required by KRS 304.20-020.

(2) Subject to the provisions on approval of terms and forms, the requirement of security for payment of tort liabilities may be met by a contract the coverage of which is secondary or excess to other applicable valid and collectible liability insurance. To the extent the secondary or excess coverage applies to liability within the minimum security required by this subtitle it must be subject to conditions consistent with the system of required liability insurance established by this subtitle.

(3) Security for a motorcycle is fulfilled by providing only the coverages set forth in subsections (1)(a), (b) and (c) of this section.

Section 11. KRS 304.39-050 is amended to read as follows:

(1) The basic reparation insurance applicable to bodily injury to which this subtitle applies is the security covering the vehicle occupied by the injured person at the time of the accident or, if the injured person is a pedestrian, the security covering the vehicle which struck such pedestrian. If the reparation obligor providing such insurance fails to make payment for loss within thirty (30) days after receipt of reasonable proof of the fact and the amount of loss sustained, the injured person shall be entitled to payment under any contract of basic reparation insurance under which he is a basic reparation insured and the insurer making such payments shall be entitled to full reimbursement from the reparation obligor providing the security covering

the vehicle. A pedestrian, as used herein, means any person who is not making "use of a motor vehicle" at the time his injury occurs.

(2) If there is no security covering the vehicle, any contract of basic reparation insurance under which the injured person is a basic reparation insured shall apply.

(3) *Notwithstanding any other provision of this subtitle, a person may stack basic reparation benefits* [~~No person shall recover basic reparation benefits from more than one reparation obligor as a result of the same accident, except as provided in KRS 304.39-140(4) nor in excess of ten thousand dollars ($10,000) as the result of the same accident~~].

Section 12. KRS 304.39-020 is amended to read as follows:

As used in this subtitle:

(2) "Basic reparation benefits" mean benefits providing reimbursement for net loss suffered through injury arising out of the operation, maintenance or use of a motor vehicle, subject, where applicable, to the limits, deductibles, exclusions, disqualifications and other conditions provided in this subtitle. The maximum amount of basic reparation benefits payable for all economic loss resulting from injury to any one person as the result of one (1) accident shall be ten thousand dollars ($10,000), regardless of the number of persons entitled to such benefits or the number of providers of security obligated to pay such benefits. Basic reparation benefits consist of one (1) or more of the elements defined as "loss."

(3) "Basic reparation insured" means:

(a) A person identified by name as an insured in a contract of basic reparation insurance complying with this subtitle; and

(b) While residing in the same household with a named insured, the following persons not identified by name as an insured in any other contract of basic reparation insurance complying with this subtitle: a spouse or other relative of a named insured; and a minor in the custody of a named insured or of a relative residing in the same household with the named insured if he usually makes his home in the same family unit, even though he temporarily lives elsewhere.

(4) "Injury" and "injury to person" mean bodily harm, sickness, disease, or death.

(5) "Loss" means accrued economic loss consisting only of medical expense, work loss, replacement services loss, and, if injury causes death, survivor's economic loss and survivor's replacement services loss. "Medical expense" may include non-medical remedial treatment rendered in accordance with a recognized religious method of healing. (c) "Replacement services loss" means expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the injured person would have performed, not for income but for the benefit of himself or his family, if he had not been injured.

(d) "Survivor's economic loss" means loss after decedent's death of contributions of things of economic value to his survivors, not including services they would have received from the decedent if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of decedent's death.

(e) "Survivor's replacement services loss" means expenses reasonably incurred by survivors after decedent's death in obtaining ordinary and necessary services in lieu of those the decedent would have performed for their benefit if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of the decedent's death and not subtracted in calculating survivor's economic loss.

(6) "Use of a motor vehicle" means any utilization of the motor vehicle as a vehicle including occupying, entering into and alighting from it. It does not include (i) conduct within the course of a business of repairing, servicing, or otherwise maintaining motor vehicles unless the conduct occurs off the business premises, or (ii) conduct in the course of loading and unloading the vehicle unless the conduct occurs while occupying, entering into, or alighting from it.

(7) "Motor vehicle" means any vehicle which transports persons or property upon the public highways of the Commonwealth, propelled by other than muscular power except road rollers, road graders, farm tractors, vehicles on which power shovels are mounted, such other construction equipment customarily used only on the site of construction and which is not practical for the transportation of persons or property upon the highways, such vehicles as travel exclusively upon rails and such vehicles as are propelled by electrical power obtained from overhead wires while being operated within any municipality or where said vehicles do not travel more than five (5) miles beyond the said limits of any municipality. Motor vehicle shall not mean moped as defined in this section.

(8) "Moped" means a pedal bicycle with a helper motor rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour.

(9) "Public roadway" means a way open to the use of the public for purposes of motor vehicle travel.

(10) "Net loss" means loss less benefits or advantages, from sources other than basic and added reparation insurance, required to be subtracted from loss in calculating net loss.

(11) "Noneconomic detriment" means pain, suffering, inconvenience, physical impairment, and other nonpecuniary damages recoverable under the tort law of this Commonwealth. The term does not include punitive or exemplary damages.

(12) "Owner" means a person, other than a lienholder or secured party, who owns or has title to a motor vehicle or is entitled to the use and possession of a motor vehicle subject to a security interest held by another person. The term does not include a lessee under a lease not intended as security.

(13) "Reparation obligor" means an insurer, self-insurer, or obligated government providing basic or added reparation benefits under this subtitle.

(14) "Survivor" means a person identified in KRS 411.130 as one entitled to receive benefits by reason of the death of another person.

(15) A "user" means a person who resides in a household in which any person owns or maintains a motor vehicle.

(16) "Maintaining a motor vehicle" means having legal custody, possession or responsibility for a motor vehicle by one other than an owner or operator.

(17) "Security" means any continuing undertaking complying with this subtitle, for payment of tort liabilities, basic reparation benefits, and all other obligations imposed by this subtitle.

(18) "Stack" or "stacking" means the accumulating of coverages when there are separate policies for each vehicle covered and the insured has paid a premium on each policy.

(4) In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof,

His insurance company shall be subrogated to any amounts it so pays, and upon payment shall have an assignment of the judgment against the other party to the extent of the money it pays; and

The depositories shall each pay to the state, in proportion to the deposits received, interest at such rate per annum upon the average daily deposit on hand at the close of *business* [~~banking~~] hours as is agreed upon between the treasurer and the depositories, *consistent with the regulations promulgated by the state investment commission pursuant to Section 11 of this Act.* The interest *shall* [~~to~~] be paid to the treasurer at the end of each six (6) months *or upon maturity* commencing with the date of the deposit.

Section 3. KRS 41.240 is amended to read as follows:

Such quotes shall be as of the end of the quarter or the preceding business day and shall be obtained from a reputable bond pricing service.* The state treasurer and governor may from time to time call for additional collateral to adequately secure the deposits as current market values may require.

(b) No deposit of state collected demand and time funds shall collectively exceed at any time the depository's sum of capital, reserves, undivided profits and surplus or ten percent (10%) of the total deposits of any particular depository, whichever is less. Deposits will be valued at the end of each business day.

of significance is minimal or not of a serious or long-term nature. The value of the state deposit will be determined at the end of the business day of deposit and as of the end of business on the last day of each quarter that funds are so deposited.

(b) Market valuation of all pledged collateral shall be reported to the state treasurer and the state investment commission upon receipt of the state deposit and within ten (10) days of the close of each quarter after the quarter beginning December 31.

(d) Depositories designated as qualified for reduced pledging shall be so recorded in the executive journal.

(e) The state investment commission shall determine eligibility for the reduced pledging option based on totally objective and quantifiable measures of financial intermediary performance. The information for such eligibility shall be obtained from publicly available documents. Section 26. KRS 164.892 is amended to read as follows:

(1) The board of trustees of the university may, at its election, establish a basic coverage compensation fund for the benefit and protection from liability of itself and its agents. Promptly after the board of trustees of said university has elected to establish a basic coverage compensation fund, the university shall pay to the state treasurer the sum of three hundred fifty thousand dollars ($350,000) in the manner and within the time specified in subsection (3) of this section.

(2) Upon receipt of the initial payment of eighty-seven thousand five hundred dollars ($87,500), the state treasurer shall create a separate account to be designated as the "basic coverage compensation fund, University of Louisville" and there shall be credited to said fund the initial payment of eighty-seven thousand five hundred dollars ($87,500), all income thereafter earned from the investment of said fund and all contributions thereafter made by the university to said fund. Unexpended and unencumbered balances in any fund created hereunder shall be carried forward and be available for expenditure in succeeding fiscal years notwithstanding the provisions of KRS 45.230 or any other provision of the Kentucky Revised Statutes. No portion of said fund shall ever lapse to the general fund and income earned from the investment of funds standing to the credit of said account shall accrue and be credited thereto, notwithstanding the provisions of *Section 6 of this Act* [~~KRS 41.380~~] or any other provision of the Kentucky Revised Statutes. Upon termination of said fund for any reason, the balance therein shall revert to the university.

(3) The university shall make an initial payment of eighty-seven thousand five hundred dollars ($87,500) upon action by its board of trustees as described in KRS 164.895. Annual payments of eighty-seven thousand five hundred dollars ($87,500) shall be made thereafter until the university has paid a total of three hundred fifty thousand dollars ($350,000) into the "basic coverage compensation fund, University of Louisville," except that when the university commences the operation of a teaching hospital, the difference between the total of all annual payments made into the basic coverage compensation fund and the sum of three hundred fifty thousand dollars ($350,000) shall become due and payable.

(4) The funds held in any fund created under KRS 164.890 to 164.895 shall be expended solely in payment of claims and judgments for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1976 and which may occur in the future and which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(5) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a judgment would involve expenditures from appropriations of general funds of the Commonwealth then such payment must also be approved by the secretary, or his delegate.

(6) Funds held in any account created hereunder may be disbursed by the secretary only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(7) In addition to the payments to said fund required to be made in subsection (3) above, annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims for the five (5) years next preceding the making of the annual contribution. Provided, however, that if the university and the secretary shall at any time in the future mutually determine, based on sound actuarial principles, that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one (1) year, then an annual contribution in such lesser amount as may be determined may be made.

(8) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses, and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(9) Claims and judgments certified to be paid by the university shall be paid in the order received by the secretary. If the basic coverage compensation fund created by contribution from the university shall at any time fail to have sufficient funds to pay all such judgments, then they shall be paid out of the excess coverage fund upon certification by the secretary. Said excess coverage fund shall be expended only upon exhaustion of the basic coverage compensation fund and any liability insurance from any source whatsoever.

Section 27. KRS 164.941 is amended to read as follows:

(1) The board of trustees of the university may, at its election, establish a basic coverage compensation fund for the benefit and protection from liability of itself and its agents. Promptly after the board of trustees of said university has elected to establish a basic coverage compensation fund, the university shall pay to the state treasurer the sum of $350,000.

(2) Upon receipt of said payment of $350,000 the state treasurer shall create a separate account to be designated as the "basic coverage compensation fund, University of Kentucky" and there shall be credited to said fund the initial payment of $350,000, all income thereafter earned from the investment of said fund, and all contributions thereafter made by the university. Unexpended and unencumbered balances in any fund created hereunder shall be carried forward and be available for expenditure in succeeding fiscal years notwithstanding the provisions of KRS 45.230 or any other provision of the Kentucky Revised Statutes. No portion

of said fund shall ever lapse to the general fund and income earned from the investment of funds standing to the credit of said account shall accrue and be credited thereto, notwithstanding the provisions of *Section 6 of this Act* [~~KRS 41.380~~] or any other provision of the Kentucky Revised Statutes. Upon termination of said fund for any reason, the balance therein shall revert to the university.

(3) The funds held in any fund created under KRS 164.939 to 164.944 shall be expended solely in payment of claims for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1975 and which may occur in the future which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(4) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a judgment would involve expenditures from appropriations of general funds of the Commonwealth under the provisions of subsection (8) of this section then any payment from said fund must also be approved by the secretary, or his delegate.

(5) Funds held in an account created hereunder may be disbursed by the secretary only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(6) Annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims for the five (5) years next preceding the making of the annual contribution. In the event the university terminates its commercial excess insurance coverage then said annual contributions shall be in the amount of $250,000 with the first contribution being due and payable within twelve (12) months next following the month in which such insurance is terminated. Provided, however, that if the university and the secretary shall at any time in the future, based upon accepted actuarial principles, mutually determine that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one year, then an annual contribution in such lesser amount as may be determined may be made.

(7) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(8) Claims or judgments certified to be paid by the university shall be paid in the order received by the secretary. If the basic coverage compensation fund created hereunder shall at any time fail to have sufficient funds to pay all judgments, then they shall be paid out of the excess coverage fund upon certification of the obligation by the secretary and the university. Said excess fund shall be expended only upon exhaustion of the basic coverage compensation fund and any insurance from any source whatsoever.

Upon termination of said fund for any reason, the balance therein shall revert to the university.

(3) The university shall make an initial payment of eighty-seven thousand five hundred dollars ($87,500) upon action by its board of trustees as described in KRS 164.895. Annual payments of eighty-seven thousand five hundred dollars ($87,500) shall be made thereafter until the university has paid a total of three hundred fifty thousand dollars ($350,000) into the "basic coverage compensation fund, University of Louisville," except that when the university commences the operation of a teaching hospital, the difference between the total of all annual payments made into the basic coverage compensation fund and the sum of three hundred fifty thousand dollars ($350,000) shall become due and payable.

(4) The funds held in any fund created under KRS 164.890 to 164.895 shall be expended solely in payment of claims and judgments for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1976 and which may occur in the future and which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(5) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a judgment would involve expenditures from appropriations of general funds of the Commonwealth then such payment must also be approved by the secretary, or his delegate.

(6) Funds held in any account created hereunder may be disbursed by the secretary only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(7) In addition to the payments to said fund required to be made in subsection (3) above, annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims for the five (5) years next preceding the making of the annual contribution. Provided, however, that if the university and the secretary shall at any time in the future mutually determine, based on sound actuarial principles, that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one (1) year, then an annual contribution in such lesser amount as may be determined may be made.

(8) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses, and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(9) Claims and judgments certified to be paid by the university shall be paid in the order received by the secretary. If the basic coverage compensation fund created by contribution from the university shall at any time fail to have sufficient funds to pay all such judgments, then they shall be paid out of the excess coverage fund upon certification by the secretary. Said excess coverage fund shall be expended only upon exhaustion of the basic coverage compensation fund and any liability insurance from any source whatsoever.

Section 27. KRS 164.941 is amended to read as follows:

(1) The board of trustees of the university may, at its election, establish a basic coverage compensation fund for the benefit and protection from liability of itself and its agents. Promptly after the board of trustees of said university has elected to establish a basic coverage compensation fund, the university shall pay to the state treasurer the sum of $350,000.

(2) Upon receipt of said payment of $350,000 the state treasurer shall create a separate account to be designated as the "basic coverage compensation fund, University of Kentucky" and there shall be credited to said fund the initial payment of $350,000, all income thereafter earned from the investment of said fund, and all contributions thereafter made by the university. Unexpended and unencumbered balances in any fund created hereunder shall be carried forward and be available for expenditure in succeeding fiscal years notwithstanding the provisions of KRS 45.230 or any other provision of the Kentucky Revised Statutes. No portion of said fund shall ever lapse to the general fund and income earned from the investment of funds standing to the credit of said account shall accrue and be credited thereto, notwithstanding the provisions of *Section 6 of this Act* [~~KRS 41.380~~] or any other provision of the Kentucky Revised Statutes. Upon termination of said fund for any reason, the balance therein shall revert to the university.

(3) The funds held in any fund created under KRS 164.939 to 164.944 shall be expended solely in payment of claims for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1975 and which may occur in the future which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(4) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a judgment would involve expenditures from appropriations of general funds of the Commonwealth under the provisions of subsection (8) of this section then any payment from said fund must also be approved by the secretary, or his delegate.

(5) Funds held in an account created hereunder may be disbursed by the secretary only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(6) Annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims for the five (5) years next preceding the making of the annual contribution. In the event the university terminates its commercial excess insurance coverage then said annual contributions shall be in the amount of $250,000 with the first contribution being due and payable within twelve (12) months next following the month in which such insurance is terminated. Provided, however, that if the university and the secretary shall at any time in the future, based upon accepted actuarial principles, mutually determine that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one year, then an annual contribution in such lesser amount as may be determined may be made.

(7) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(8) Claims or judgments certified to be paid by the university shall be paid in the order received by the secretary. If the basic coverage compensation fund created hereunder shall at any time fail to have sufficient funds to pay all judgments, then they shall be paid out of the excess coverage fund upon certification of the obligation by the secretary and the university. Said excess fund shall be expended only upon exhaustion of the basic coverage compensation fund and any insurance from any source whatsoever.

Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) The premium required to provide hospital and medical benefits under this section shall be paid in full from the insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement

(4) Group rates under the hospital and medical insurance plan shall be made available to the spouse and dependents of a recipient who was a former member of one (1) or more of the three (3) retirement systems, and to the beneficiary where such beneficiary is receiving a retirement allowance, provided the premium for the spouse, dependent or beneficiary hospital and medical insurance is paid by payroll deduction from such retirement allowance or by another method. The other provisions of this section notwithstanding, the insurance fund shall pay the same percentage of the premium for the spouse and dependents of a recipient who was a member of the general assembly, *of the Kentucky employes' retirement system and determined to be in a hazardous position, of the county employes' retirement system and determined to be in a hazardous position or of the state police retirement system,* or the beneficiary of such a member, as the fund pays or paid for the member.

(5) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. Representative List moved that the House adopt the following report of the Special Board of the House of Representatives drawn by lot to inquire into and return a Judgment regarding the Complaint of Dexter Wright v. Dan Malano Seum:

REPORT

MR. SPEAKER:

The Special Board of the House of Representatives, drawn by Lot, to inquire into and return a Judgment regarding the Complaint of Dexter Wright versus Dan Malano Seum, has completed it work and tenders to you for consideration by the House of Representatives the following Judgment:

JUDGMENT

It is the Judgment of the Special Board that Representative Dan Malano Seum retain his seat in the House of Representatives in the General Assembly, Commonwealth of Kentucky as the duly qualified and elected Representative of the Thirty Eighth Legislative District located in Jefferson County, Kentucky and that the Complaint of Dexter Wright, Counts One, Two and Three inclusive be dismissed with prejudice and the costs of this action to be divided equally between the parties, Seum and Wright.

FINDINGS OF FACT

The Plaintiff alleged three counts in his Complaint which are as follows:

COUNT I

The actions of the defendant, Danny "Malano" Seum, have violated KRS 121.190 is that at all times during his candidacy, the defendant distributed handbills and circulars and exhibited billboards and posters that did not display the statutorily required "Paid for by" identification of the payor or the committee, organization or association on whose behalf the communication appears. This "Paid for by" identification is clearly required on all such campaign materials pursuant to KRS 121.190. (See Appendix A.)

COUNT II

That on or about September 28, 1981, the defendant did publicly promise to contribute $100.00 to the Cloverleaf Acres Community Council. Such a promise is clearly in violation of KRS 121.055 and KRS 121.150 in that any candidate for nomination or election to any state, county, city or district office is prohibited from paying, promising to pay or becoming pecuniarily liable to any person in order to influence that person's vote or in consideration of the financial or moral support of these persons.

COUNT III

That on or about January 25, 1981, the defendant as a candidate donated $250.00 to the South Louisville Community Ministries, 801 Camden Avenue, Louisville, Kentucky. Such a promise is clearly in violation of KRS 121.055 and KRS 121.150(2) in that solicitation from and contributions by candidates and party executive committees to any religious, charitable, civic, or eleemosynary organizations is expressly prohibited.

The facts that were developed by the Plaintiff at the hearing held March 15, 1982 were as follows:

That a number of "yard signs" espousing the candidacy of Dan Malano Seum for State Representative were posted throughout the Thirty-Eighth Legislative District. That the exact number of signs, anywhere from two to possibly twelve, did not bear the words "Paid for by". That in addition, letters were mailed to voters by Seum which did not contain the "Paid for by" designation but which clearly identified the letter as being from candidate Seum and was in fact signed by the candidate.

Other facts developed by the Plaintiff were that on at least three occasions, during the fall of 1981, Wright and Seum both attended meetings at churches in the Cloverleaf Acres community, that these meetings were of persons attempting to organize for the purpose of effecting changes with regard to certain housing which had been zoned for their neighborhood and the perceived problems of drainage nad traffic. Candidates for public office had been invited to attend these meetings and there was testimony on behalf of the Plaintiff, that several candidates for public office, both city, county and state, did in fact attend those meetings. The evidence further revealed that candidate Seum offered to contribute the sum of $100.00 to assist the group's effort in obtaining an attorney to prepare Articles of Incorporation and organize the group in its effort to change the zoning plan which would permit locating the housing in this area. The Plaintiff advised the Chairman of the meeting at which the check for $100.00 was tendered that Seum should not make that contribution because it might be in violation of State law due to the nature of the organization. There was testimony that the Chairman contacted Seum, advised him of the potential problem and Seum picked up his check.

There is evidence, by deposition that a check was written by Seum to the South Louisville Community Ministries sometime in January of 1981 which was before the Democrat Primary and was for a special membership and advertisement.

The Plaintiff testified that he was aware of the alleged violations early in the campaign but did not file any Complaint with the Registry of Election Finance or advise Seum or his office of any of the alleged violations.

The evidence developed by the Defendant was that in the fall of 1981 approximately six yard signs were taken from the porch of his home. That the yard signs which had been delivered to his home had not had the "Paid for by" stenciled on them but that all other signs were stenciled by his campaign workers on his instructions prior to their placement in yards. That the six signs stolen were not recovered and had not been stenciled.

The Defendant stated that the letters which were sent out over his signature contained, in addition to the letter, other campaign materials which included a brochure with "Paid for by" on it and a nail file with his name on it. Several returned envelopes were introduced into evidence and are a part of this record. The Defendant stated that it was his understanding of the law that as long as the packet of material contained one piece with the required "Paid for by", that that covered all material included in the envelope. The Defendant further testified that while he had offered to donate $100.00 to the group in the Cloverleaf Community for purposes of employing an attorney, he did not believe that it was in violation of any State law, but that when it was brought to his attention by the Chairman of the meeting that it might be he retrieved his check and voided it. The Defendant also testified that his contribution to the South Louisville Community Ministries was not a contribution but was for an advertisement which was placed in a circular distributed by the organization to member churches and was advertising his business and not espousing his candidacy. The check which was written was a business check.

CONCLUSIONS OF LAW

This Board is charged by the Constitution of the Commonwealth of Kentucky, Section 38, to "judge of the qualifications, elections and returns of its members..." The constitution of Kentucky, Section 32, provides certain constitutional qualifications which must be met before a person may serve in the House of Representatives such as citizenship, length of residency, and age. However, the House's right to pass upon the qualifications of its members is not restricted to the constitutional qualifications, *Raney vs. Stovall*, 361 S.W. 2d 518 (Ky. 1962).

In the present case, the charges that have been made have been couched in terms of specific statutory violations in the Campaign Finance Regulation Chapter. However, it is the Board's conclusion that under its equitable powers it is not restricted to the specific statutory language nor to the penalties prescribed therein. To conclude otherwise would place the Board in a posture of enforcing laws which under proper circumstances might require the imposition of criminal penalties which this Board is not empowered by the constitution to impose. Thereafore, while reference to violations of specific statutes may provide a convenient framework for pleadings, the Board is not required to impose the penalties prescribed therein. If the Board were to conclude based upon a preponderance of the evidence that alleged violations had in fact occurred its only recommendation to the full House could be that the incumbent's seat be vacated. This would then result in a special election as provided in other statutes.

The Board concludes based upon the evidence presented in Count I of the Plaintiff's Complaint that the Defendant did not intentionally refuse or fail to have imprinted on his "yard signs" the disclaimer "Paid for by". The Board further finds that some of the signs were stolen and the Defendant can not be held reponsible for their use. All Board members understand and appreciate that during a hotly contested campaign yard signs are sometimes removed or stolen and maybe even used by overzealous campaign workers in an attempt to embarrass their opposition.

The material referenced in Count I which was mailed to the voters clearly contained a disclaimer and that was sufficient notice to the recipient of the material as to its source. It is the Board's conclusion that Count I should be and is hereby dismissed.

With regard to Count II, the Board had its greatest difficulty. Was the Cloverleaf Acres Community Group an organization which would clearly fall within the prescribed groups as defined in KRS 121.150(3) or was it a political action group? Testimony regarding the group's purpose was not clear and convincing for the Plaintiff. Count II is dismissed.

The Board's opinion is that Count III should be dismissed. The Plaintiff only proved that Mr. Seum paid for an advertisement on behalf of his business. The advertisement made no reference to his candidacy or solicited votes.

Finally, it must be stated that equity requires that no one should be permitted to sit back until after the election is concluded and only then complain that there have been violations. It is the duty of every candidate to be aware of the law and to immediately bring violations to the attention of his opponent for correction and failing that to report those violations to the Registry of Election or other appropriate State agency. This Board has spent a great deal of time hearing evidence and attempting to reach conclusions relating to alleged violations which were within the knowledge of the parties and for which there was a speedy statutorily accepted method of correction.

Respectfully submitted,

"Section 11. KRS 304.18-110 is amended to read as follows:

(1) Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical expense benefits, other than for specific disease or accidental injury only, shall provide that with respect to employes or members having been covered under the group policy for at least three (3) months, such employes or members shall have the right upon termination of employment or membership in the group to have the existing group coverage continued for themselves and their eligible dependents. Written notice of employe's right to continue existing group coverage shall be given *by the insurance company in each master policy, certificate and group policy issued after the effective date of this Act. The insurance company shall furnish each employer or group policyholder an adequate supply of attachments for each master policy, certificate or group policy already in effect* [~~to the terminating employe at the time of termination of benefits or of employment~~]. An employe or member electing continuation of coverage shall provide the *insurance company* [~~employer or group policyholder~~] written notice of election together with the first monthly premium contribution within thirty-one (31) days of the date coverage would otherwise terminate. The group rate premium shall be paid by the employe directly to the *insurance company* [~~employer~~]. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate. Continuation of coverage shall not be available for any employe or member who is or could be covered by medicare, nor who is or could be covered by any other group coverage insured or uninsured providing similar benefits. Continuation of coverage shall terminate on the earlier of (a) the date nine (9) months after the date on which the group coverage would otherwise have terminated because of termination of employment or membership, (b) if the employe or member fails to make timely payment of premium to the *insurance company* [~~employer~~], the end of the period for which premium payment was made, or (c) the date the group policy is terminated and is not replaced by another group policy within thirty-one (31) days.

(2) Any group policy described in subsection (1) of this section shall also provide that an employe or member having elected continuation of coverage pursuant to subsection (1) of this section and any covered spouse of an employe or member upon the death or divorce of such employe or member, shall be entitled to have issued to them without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or members, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong, their ages, the form, and the amount of insurance provided.

(3) Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical benefits other than for specific diseases or accidental injury only, shall provide that if coverage terminates for any reason and if the individual has been continuously insured under

a group policy and under any group policy it replaces for at least three months immediately preceding the termination of coverage, he shall be entitled to have issued to him by the insurer, without evidence of insurability, a health insurance policy on a form providing substantially similar benefits, which shall include the option to continue any existing maternity benefits, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong and to their ages and to the form and amount of insurance provided.

(4) The converted policy shall cover the person or member and his eligible dependents covered by the group policy on the date the group policy terminated. The effective date of any such converted policy shall be the date of termination of insurance under the group policy.

(5) The insurer shall not be required to issue a converted policy covering any person if such person is or could be covered by medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded). Furthermore, the insurer shall not be required to issue a converted policy covering any person if (a) such person is covered for similar benefits by another hospital or surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute, and the benefits provided or available under any of the sources referred to in (a) and (b) above for such person, together with the converted policy, would result in over insurance according to the insurer's standards relating to policies converted from group policies. A converted policy made available pursuant hereto shall provide substantially similar benefits but in no event be less than the minimum standards contained in KRS 304.18-120 if delivery of such converted policy is to be made in this state; and, if delivery of such converted policy is to be made elsewhere, it may be on such form as the insurer may then be offering for such conversion in the jurisdiction where such delivery is to be made and which provides substantially in compliance with that required by KRS 304.18-120.

(6) In the event coverage would be continued under the group policy on a person or member following his retirement prior to the time he is or could be covered by medicare, he may elect, in lieu of such continuation of group insurance, to have the same conversion rights as would apply had his insurance terminated at retirement by reason of termination of employment.

(7) The conversion privilege shall also be available: (a) to the surviving spouse, at the death of the person or member, with respect to the spouse and such children whose coverage under the group policy terminates by reason of the death of the person or member; or (b) to a child solely with respect to himself upon termination of his coverage by reason of operation of the limiting age of coverage under the group policy while covered as a dependent thereunder; or (c) to a former spouse for himself and such children of whom he is awarded custody when coverage under the group policy terminates by reason of termination of dependency as defined in the group policy and resulting from an order dissolving the marriage entered by a court of competent jurisdiction.

(8) This section shall not apply to group major medical expense insurance which supplements basic hospital, medical and surgical coverage under one or more group policies, group contracts or group remittance contracts from which a converted policy or a continuation of coverage is available providing benefits equivalent to the minimum benefits for a converted policy under this section.

(9) If a person or member becomes entitled to obtain a converted policy pursuant to the foregoing provisions, and if such person or member has not been given written notice of the existence of the conversion privilege stated above, within thirty-one (31) days of termination of the group coverage, then in such event the person or member shall have an additional period within which to exercise the conversion privilege. This additional period shall expire fifteen (15) days after the person or member shall have been given said notice but in no event shall the additional period extend beyond sixty (60) days after the expiration of the thirty-one (31) day conversion period stated above. Written notice presented to the person or member or mailed by the policyholder to the last known address of the person or member or mailed by the insurer to the last known address of the person or member as furnished by the policyholder shall constitute the giving of notice for the purpose of this paragraph. If an additional period is allowed the person or member for exercise of the conversion privilege as provided herein, and if written application for the converted policy, accompanied by the first quarterly or semiannual or annual premium, is made after the expiration of the thirty-one (31) day conversion period stated above, but within the additional period allowed an employe or member in accordance with this paragraph, the effective date of the converted policy shall be the date of termination from the group.

Section 12. KRS 304.32-152 is amended to read as follows:

(1) Any group policy, group plan or group contract issued by a nonprofit corporation which provides hospital or surgical expense benefits, other than for specific disease or accidental injury only, shall provide that with respect to employes or members having been covered under the group policy for at least three (3)

months, such employes or members shall have the right upon termination of employment or membership in the group to have the existing group coverage continued for themselves and their eligible dependents. Written notice of employe's right to continue existing group coverage shall be given *by the insurance company in each master policy, certificate and group policy issued after the effective date of this Act. The insurance company shall furnish each employer or group policyholder an adequate supply of attachments for each master policy, certificate or group policy already in effect* [~~to the terminating employe at the time of termination of benefits or of employment~~]. An employe or member electing continuation of coverage shall provide the *insurance company* [~~employer or group policyholder~~] written notice of election together with the first monthly premium contribution within thirty-one (31) days of the date coverage would otherwise terminate. The group rate premium shall be paid by the employe directly to the *insurance company* [~~employer~~]. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate. Continuation of coverage shall not be available for any employe or member who is or could be covered by medicare, nor who is or could be covered by any other group coverage insured or uninsured providing similar benefits. Continuation of coverage shall terminate on the earlier of (a) the date nine (9) months after the date on which the group coverage would otherwise have terminated because of termination of employment or membership, (b) if the employe or member fails to make timely payment of premium to the *insurance company* [~~employer~~], the end of the period for which premium payment was made, or (c) the date the group policy is terminated and is not replaced by another group policy within thirty-one (31) days.

(2) Any group policy described in subsection (1) of this section shall also provide that an employe or member having elected continuation of coverage pursuant to subsection (1) of this section and any covered spouse of an employe or member upon the death or divorce of such employe or member, shall be entitled to have issued to them without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong, their ages, the form, and the amount of insurance provided.

Section 13. KRS 304.38-192 is amended to read as follows:

(1) Any group policy, group plan, or group contract issued in this state by a health maintenance organization which provides hospital or surgical expense benefits, other than for specific disease or accidental injury only, shall provide that with respect to employes or members having been covered under the group policy for at least three (3) months, such employes or members shall have the right upon termination of employment or membership in the group to have the existing group coverage continued for themselves and their eligible dependents. Written notice of employe's right to continue existing group coverage shall be given *by the insurance company in each master policy, certificate and group policy issued after the effective date of this Act. The insurance company shall furnish each employer or group policyholder an adequate supply of attachments for each master policy, certificate or group policy already in effect* [~~to the terminating employe at the time of termination of benefits or of employment~~]. The group rate premium shall be paid by the employe directly to the *insurance company* [~~employer~~]. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate. Continuation of coverage shall not be available for any employe or member who is or could be covered by medicare, nor who is or could be covered by any other group coverage insured or uninsured providing similar benefits. Continuation of coverage shall terminate on the earlier of (a) the date nine (9) months after the date on which the group coverage would otherwise have terminated because of termination of employment or membership, (b) if the employe or member fails to make timely payment of premium to the *insurance company* [~~employer~~], the end of the period for which premium payment was made, or (c) the date the group policy is terminated and is not replaced by another group policy within thirty-one (31) days.

(2) Any group policy described in subsection (1) of this section shall also provide that an employe or member having elected continuation of coverage pursuant to subsection (1) of this section and any covered spouse of an employe or member upon the death or divorce of such employe or member, shall be entitled to have issued to them without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. Floor Amendment No. 3 to **SB 340,** by Representative Bruce:

Amend printed copy of **SB 340,** page 2, below line 12, by adding the following:

"Section 2. KRS 528.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(1) "Advancing gambling activity" — A person "advances gambling activity" when, acting other than as a player, he engages in conduct that materially aids any form of gambling activity. Such conduct includes but is not limited to conduct directed toward the establishment of the particular game, contest, scheme, device or activity involved; toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor; toward the solicitation or inducement of persons to participate therein; toward the actual conduct of the playing phases thereof; toward the arrangement of any of its financial or recording

phases or toward any other phase of its operation. A person who gambles at a social game of chance on equal terms with other participants does not otherwise advance gambling activity by performing acts, without remuneration or fee, directed toward the arrangement or facilitation of the game as inviting persons to play, permitting the use of premises therefor and supplying equipment used therein.

(2) "Bookmaking" means advancing gambling activity by unlawfully accepting bets upon the outcome of future contingent events from members of the public as a business.

(3) "Gambling" means staking or risking something of value upon the outcome of a contest, game, gaming scheme or gaming device which is based upon an element of chance, in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome.

(4) "Gambling device" means:

(a) Any so-called slot machine or any other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and which when operated may deliver, as a result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property; or

(b) Any other machine or any mechanical or other device (including but not limited to roulette wheels, gambling tables and similar devices) designed and manufactured primarily for use in connection with gambling and which when operated may deliver, as the result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property.

(c) But, the following are not to be considered gambling devices within this definition:

1. Devices dispensing or selling combination or French pools on licensed, regular racetracks during races on said tracks.

2. Electro-mechanical pinball machines specially designed, constructed, set up and kept to be played for amusement only; provided any such pinball machine shall be made to receive and react only to the deposit of coins during the course of a game; *provided that the pinball or video machine shall not have a multiple game counter or odds making device;* provided the ultimate and only award given directly or indirectly to any player for the attainment of a winning score or combination on any such pinball machine shall be the right to play one (1) or more additional games immediately on the same device at no further cost; provided the maximum number of free games that can be won, registered, or accumulated at one (1) time in operation of any such pinball machine shall not exceed *ten (10)* [~~thirty (30)~~] free games; provided any such pinball machine shall be made to discharge accumulated free games only by reactivating the playing mechanism once for each game released; and provided any such pinball machine shall be made and kept with no meter or system to preserve a record of free games played, awarded or discharged. Nonetheless, a pinball machine shall be a gambling device if a person gives or promises to give money, tokens, merchandise, premiums or property of any kind for scores, combinations or free games obtained in playing such pinball machine in which such person has an interest as owner, operator, keeper or otherwise.

(5) "Lottery and gift enterprise" means:

(a) A gambling scheme in which:

1. The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one (1) or more of which are to be designated the winning ones; and

2. The winning chances are to be determined by a drawing or by some other method based upon the element of chance; and

3. The holders of the winning chances are to receive something of value.

(b) A gift enterprise or referral sales plan which meets the elements of a lottery listed in subsection (5)(a) is to be considered a lottery under this chapter.

(6) "Mutuel" or "the numbers games" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme.

(7) "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular gambling activity. A person who engages in "bookmaking" as defined in subsection (2) is not a "player." The status of a "player" shall be a defense to any prosecution under this chapter.

(8) "Profiting from gambling activity" — A person "profits from gambling activity" when, other than as a player, he accepts or receives or agrees to accept or receive money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity.

(9) "Something of value" means any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money

or property or of any interest therein, or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge.

(10) (a) "Charitable gaming" means games of chance, including bingo, operated by charitable or religious organizations or institutions. In order to assume a charitable gaming status, the charitable or religious organization or institution and the gaming activity conducted thereby shall conform to the following requirements:

1. The organization or institution conducting the gaming activity shall maintain a charitable or religious tax exemption according to the Federal Internal Revenue Code and shall have maintained such federal tax exempt status for a period of five (5) years prior to any prosecution under this chapter;

2. The gaming activity conducted by such organization or institution shall be operated exclusively by volunteer personnel receiving no remuneration whatsoever for their services;

3. Any proceeds resulting from the operation of charitable gaming activity shall be utilized solely for purposes consistent with the charitable or religious functions and objectives for which the operating organization or institution received and maintained federal tax exempt status.

(b) The status of "charitable gaming" shall be a defense to any prosecution under this chapter.

HR 106, A RESOLUTION directing a demonstration of an alternate transportation fuel system.

WHEREAS, the Congress of the United States did enact the Methane Transportation Research, Development and Demonstration Act of 1980 (15 USC 3801) and as a basis for that action did find and declare among other things that methane use in fleet-operated vehicles would result in substantial reduction in oil imports; that methane is in more abundant domestic supply than petroleum products and can be derived from reusable resources; that this resource is not fully utilized; that test results indicate that methane use as a substitute for gasoline as motor fuel can result in emission reductions; and that experience shows methane to be a safe motor fuel in properly modified vehicles and is particularly suitable as fuel for fleet vehicles, all of this as part of the Methane Act; and

WHEREAS, in this Act, the Congress did also declare as a matter of policy that the economic and technological practicalities of methane-fueled vehicle fleets should be demonstrated; that the use of methane-fueled vehicles in lieu of gasoline-powered motor vehicles should be facilitated where practicable; and that such substitution should be promoted, particularly in areas where such substitution would facilitate meeting air quality standards under the Clean Air Act; and

WHEREAS, methane is one of the several forms of fossil energy naturally abundant in Kentucky in both natural gas formations and in coal seams, and is available at many locations in the Commonwealth from local wells and from intrastate transmission systems that serve many parts of the Commonwealth as well as from intrastate gas transmission networks that traverse the state serving in-state and out-of-state users; and

WHEREAS, the Commonwealth's largest fleet of vehicles is operated by the Kentucky Department of Transportation and affords the government of Kentucky an outstanding opportunity to play a leadership role in implementing the national methane transportation demonstration policy, within the goals and objectives of the current state administration; and

WHEREAS, methane transportation fuel appears to be available at considerably lower costs than gasoline thereby affording state government an opportunity to make substantial financial savings in the operation of its vehicles;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Department of Transportation is directed to take steps toward implementing the national methane fuel policy in the Commonwealth by arranging for a demonstration of the use of methane as a motor fuel in state-owned fleet vehicles, such demonstration to provide data as to costs, savings, conversion schedules, equipment availability, and effect on air quality.

Section 2. (3) The clerk of any court having jurisdiction over offenses committed under motor vehicle laws shall report to the department within fifteen (15) days after any conviction subsequent to any arrest for violation of Section 1 of this Act. The department shall include such charges with the disposition of each case on the individual's driving history record noting that the original charge was a violation of Section 1 of this Act.

Section 18. KRS 186.560 is amended read as follows:

(1) The department shall forthwith revoke the license of any operator of a motor vehicle upon receiving record of his conviction of any of the following offenses:

(a) Manslaughter resulting from the operation of a motor vehicle.

(b) [~~Driving a vehicle while under the influence of intoxicating liquor or narcotic drugs.~~

~~(c)~~] Perjury or the making of a false affidavit under KRS 186.400 to 186.640 or any law requiring the registration of motor vehicles or regulating their operation on highways.

(c)[~~(d)~~] Any felony in the commission of which a motor vehicle is used.

(d)[~~(e)~~] Conviction or forfeiture of bail upon three (3) charges of reckless driving within the preceding twelve (12) months.

(e)[~~(f)~~] Conviction of driving a motor vehicle involved in an accident and failing to stop and disclose his identity at the scene of the accident.

(f)[~~(g)~~] Conviction of theft of a motor vehicle or any of its parts, including the conviction of any person under the age of eighteen (18) years.

(2) If the person convicted of any offense named in subsection (1) is not the holder of a license, the department shall deny the person so convicted a license for the same period of time as though he had possessed a license which had been revoked. If through an inadvertence the defendant should be issued a license, the department shall forthwith cancel it.

(3) The department upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of that person is denied or suspended, or revoked, or while his privilege to operate a motor vehicle is withdrawn, shall immediately extend the period of the first denial, suspension, revocation or withdrawal for an additional like period.

(4) The revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle under this section shall be for a period of six (6) months, except that, if the same person has had one (1) previous conviction of any offense enumerated in subsection (1) of this section, regardless of whether the person's license was revoked because of the previous conviction, the period of the revocation, denial or withdrawal shall be one (1) year; if the person has had more than one (1) previous conviction of the offenses considered collectively as enumerated in subsection (1) of this section, regardless of whether the person's license was revoked for any previous conviction, the period of revocation, denial or withdrawal shall be for not less than two (2) years. [~~Provided, however, the department, upon receipt of the written recommendation of the court in which any person has been convicted of violating KRS 189.520 (2), who has had no previous conviction of said offense, that said person's operator's license shall not be revoked, restricts said person's operator's license according to such terms and conditions as the secretary in his discretion may require, provided said person has enrolled in such driver's education program as the department shall require. In the event said person fails to satisfactorily complete said driver's education program or violates the restrictions on his operator's license, the department shall forthwith revoke said operator's license for a period of six (6) months.~~]

Section 19. KRS 186.565 is amended to read as follows:

(1) Any person who operates a motor vehicle in this state is deemed to have given his consent to [~~a~~] chemical *or electronic tests* [~~test~~] of his blood, breath, urine or saliva for the purpose of determining the alcoholic content of his blood, *or the presence of any chemical substance which may impair his driving ability,* if arrested for any offense arising out of acts alleged to have been committed while the person was driving or in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages *or impairing chemical substances.* The test shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages *or impairing chemical substances.* The law enforcement agency by which the officer is employed shall designate which of the aforesaid tests shall be administered, and provide necessary equipment. The state shall provide one (1) breathalizer and simulating unit for each county, paid for by state funds.

(2) Any person who is dead, unconscious or who is otherwise in a condition rendering him incapable of refusal is deemed not to have withdrawn the consent provided in subsection (1) of this section and the test may be given.

(3) If a person under arrest refuses upon the request of a law enforcement officer to submit to a chemical *or electronic* test designated by the law enforcement agency as provided in subsection (1) of this section, the requesting officer shall warn the person of the effect of his refusal to submit to the test. If the person again refuses, none shall be given, but the department of transportation, upon the receipt of a sworn report of the law enforcement officer that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages *or impairing chemical substances*, that the person refused to submit to the test upon the request of the law enforcement officer, and that the person again refused to submit to the test after the law enforcement officer warned him of the effect of his refusal, the department shall immediately serve notice upon said person in writing by mailing the notice to the person by certified mail to the last known residence address of the person or if the address is unknown, to the last known business address of the person to appear before the secretary or his duly authorized agent and show cause why his license to operate a motor vehicle, or if said person is a nonresident his privilege to operate a motor vehicle within this state should not be revoked;

or if the person is a resident without a license or permit to operate a motor vehicle in this state why that person should not be denied the issuance of a license or permit. The hearing shall be scheduled as early as practical but not sooner than ten (10) days after the issuance of the notice and at a time and place designated by the secretary.

(4) For the purpose of the hearing, held in accordance with the order to show cause, the secretary may appoint an examiner who shall have the power to preside at the hearing. Upon the hearing the secretary or his duly authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the licensee. The scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages *or impairing chemical substances*, whether the person was placed under arrest, and whether he refused to submit to the test upon request of the officer. All testimony at the hearing shall be recorded. The secretary's ruling shall include a statement of the findings of fact, rulings of law and other matters pertinent to the question at issue. The secretary within ten days after the completion of the hearing shall order either: that the person's license to operate a motor vehicle, or, if the person is a nonresident, his privilege to operate a motor vehicle within this state be revoked for a period of not more than six months or if the person is a resident without such license that there should be a denial of issuance of a license for a period of not more than six months; or that no action be taken regarding said person's privilege to operate a motor vehicle. The secretary shall immediately notify the person of his ruling in writing by certified mail. If the person shall fail to attend the show cause hearing without good cause shown the secretary shall forthwith revoke the person's license or privilege to operate a motor vehicle or deny issuance of a permit or operator's license.

(5) If the revocation or determination that there should be a denial of issuance is sustained after the hearing, the person whose license or permit to drive or nonresident operating privilege has been revoked, or to whom a license or permit is denied, under the provisions of this section, may file a petition in the circuit court of the county in which the person resides or in the circuit court of the county in which the alleged offense was committed or in Franklin Circuit Court to review the final order of revocation or denial by the secretary within twenty (20) days after the final order has been issued. The perfected appeal suspends the order of revocation pending a final determination of the review. If the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the appeal was perfected. The department of transportation shall file with its answer a copy of the secretary's ruling and a transcript of evidence. The court's review is limited to whether the secretary's ruling is supported by substantial evidence and whether his action is arbitrary or capricious. An appeal to the Court of Appeals suspends the order of revocation pending a final determination of the review. If the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the appeal was perfected.

(6) When it has been finally determined that a nonresident's privilege to operate a motor vehicle in this state has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he has a license. The provisions of this section shall not apply to a person who refuses to submit to a chemical test of his blood, breath, urine or saliva if that person has enrolled in a driver's education program under the terms and conditions of *Section 3 of this Act* [~~KRS 186.560(4)~~] and rules and regulations adopted thereunder.

(7) Any person who has had no previous conviction for violation of KRS 189.520 and who has refused to submit to a chemical test of his blood, breath, urine, or saliva may apply to a district court of competent jurisdiction for permission to enter a driver's education program as provided pursuant to *Section 3 of this Act* [~~KRS 186.560~~]. If he is permitted by the court to enter the program he shall be subject to the same terms and conditions as any other person entering the program. The department shall suspend the license for six (6) months of any person participating in such program if he fails to satisfactorily complete such driver's education program.

Acts which, but for the insanity or mental irresponsibility or lack of capacity of the perpetrator, would constitute criminal conduct shall be deemed to be criminally injurious conduct. The operation of a motor vehicle, motorcycle, train, boat, aircraft or other vehicle in violation of law does not constitute a criminally injurious conduct unless the injury or death was intentionally inflicted *or involved a violation of subsections (1) or (2) of Section 1 of this Act*.

(4) "Family," when used with reference to a person, shall mean:

Section 24. KRS 431.005 is amended to read as follows:

(1) A peace officer may make an arrest:

(a) In obedience to a warrant; or

(b) Without a warrant when a felony is committed in his presence; or

(2) Any peace officer may arrest without warrant when he has reasonable grounds to believe that if the person is not arrested he will present a danger or threat of danger to others if not immediately restrained and in addition he has probable cause for believing that said person has intentionally or wantonly caused physical injury to his spouse, parent, grandparent, child, or stepchild. Within twelve (12) hours following apprehension and booking of a person arrested under this section, an officer shall return to the abused person, if the abused person is an adult, and request that a signed, written statement be made by the abused person stating that an abuse occurred and the person who committed it. If the abused person refuses to sign the statement, the charges shall be summarily dismissed and the defendant released from custody.

(3) For purposes of subsection (2) of this section a "peace officer" is a full-time sworn officer of the Kentucky state police, a full-time city policeman, a full-time county policeman, a full-time city-county policeman, a duly elected sheriff, or a full-time paid deputy sheriff.

The citation shall provide that the defendant shall appear within a designated time.

(2) A peace officer may issue a citation instead of making an arrest for a violation committed in his presence but may not make a physical arrest unless there are reasonable grounds to believe that the defendant, if a citation is issued, will not appear at the designated time or unless the offense charged is a violation of KRS 189.290, 189.393, *subsections (1) or (2) of Section 1 of this Act* [~~189.520~~], 189.580, 511.080, or 525.070 committed in his presence.

(3) If the defendant fails to appear in response to the citation, or if there are reasonable grounds to believe that he will not appear, a complaint may be made before a judge and a warrant shall issue.

Section 26. KRS 431.021 is amended to read as follows:

(1) A guaranteed arrest bond certificate presented by the person whose signature appears thereon shall be accepted in lieu of cash bail in an amount not to exceed two hundred dollars ($200) as a bail bond to guarantee the appearance of such person in any court of this Commonwealth, at the time required by such court, when he is arrested for violation of any law of this Commonwealth or traffic ordinance of any municipality therein relating to the operation of a motor vehicle. A guaranteed arrest bond certificate so presented as a bail bond is subject to the same forfeiture and enforcement provisions as a bail bond or cash bail, but is not subject to Rules 4.30 and 4.34 of the Kentucky Rules of Criminal Procedure. However:

(a) The violation must have been committed prior to the expiration date shown on the guaranteed arrest bond certificate, and

(b) A guaranteed arrest bond certificate may not be accepted when a person is arrested for violation of subsection (2) of *Section 1 of this Act* [~~KRS 189.520~~] or KRS Chapter 281.

(b) Will, in the event of the failure of such person to appear in court at the time set for appearance, pay any fine or forfeiture imposed upon such person in an amount not to exceed two hundred dollars ($200).

Section 27. KRS 431.410 is amended to read as follows:

The issuance of a summons rather than an arrest warrant shall be mandatory for all offenses, except for violations of KRS 189.290, 189.393, *Section 1 of this Act* [~~189.520~~], 189.580, 511.080 or 525.070, which are deemed violations as defined in KRS 532.020(4) and traffic infractions for which a fine only can be imposed unless the judicial officer finds that:

(1) The defendant previously has failed to respond to a citation or summons for an offense; or

(2) He has no ties to the community and there is a substantial likelihood that he will refuse to respond to a summons; or

(3) The whereabouts of the defendant are unknown and the issuance of an arrest warrant is necessary in order to subject him to the jurisdiction of the court; or

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.560 is amended to read as follows:

(1) Each employe shall, commencing on July 1, 1966, contribute for each pay period for which he receives compensation four percent (4%) of his creditable compensation, except that members of the general assembly, who elect the survivorship option provided in subsections (9), (10) and (11) of KRS 61.635, shall each contribute six and six-tenths percent (6.6%) of creditable compensation commencing with the payroll period immediately following his election of the option. Any other provisions of KRS 61.510 through 61.702 notwithstanding, any reemployed retiree, as described in KRS 61.637, shall contribute four percent (4%) of his creditable compensation, or the amount required by KRS 61.592(3) if applicable, if he anticipates that he will receive more than the maximum permissible earnings, as provided by the federal social security act, in compensation as a result of reemployment during the calendar year.

(2) Each employer shall cause to be deducted from the creditable compensation of each employe for each and every payroll period the contribution payable by each such employe as provided in KRS 61.510 to 61.692.

(3) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any employe shall be reduced thereby. Every employe shall be deemed to consent and agree to the deductions made as provided herein; and payment of salary or compensation less such deductions shall be a full and complete discharge of all claims for services rendered by such person during the period covered by such payment, except as to any benefits provided by KRS 61.510 to 61.692.

(4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each employer shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 61.510 to 61.692 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

(2) The employer shall cause to be deducted from the compensation of each member for each and every payroll period subsequent to July 1, 1958, the contributions payable by such member as provided in KRS 16.510 to 16.652.

(3) Every member shall be deemed to consent to deductions made as provided herein; and the payment of salary or compensation less such deduction shall be a full and complete discharge of all claims for services rendered by such person during the period covered by such payment, except as to any benefits provided by KRS 16.510 to 16.652.

(4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each employer shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the

system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 16.505 to 16.645 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 3. KRS 78.610 is amended to read as follows:

(1) Each employe shall, commencing on July 1, 1966, contribute for each pay period, for which he receives compensation four percent (4%) of his creditable compensation. Any other provisions of KRS 78.510 through 78.852 notwithstanding, any reemployed retiree, as described in KRS 61.637, shall contribute four percent (4%) of his creditable compensation, or the amount required by KRS 61.592(3) if applicable, if he anticipates that he will receive more than the maximum permissible earnings, as provided by the federal social security act, in compensation as a result of reemployment during the calendar year.

(2) The treasurer, attorney, clerk, jailer and sheriff of a participating county shall cause to be deducted from the "creditable compensation" of each employe for each and every payroll period subsequent to the date the county participated in the system, the contribution payable by such member as provided in KRS 78.510 to 78.852. The attorney, clerk, jailer and sheriff shall promptly pay such deducted employe contributions to the treasurer for forwarding to the board in accordance with KRS 78.625.

(3) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any employe shall be reduced thereby. Every employe shall be deemed to consent and agree to the deductions made as provided herein; and payment of salary or compensation less such deductions shall be a full and complete discharge of all claims for services rendered by such person during the period covered by such payment, except as to any benefits provided by KRS 78.510 to 78.852.

(4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each employer shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 78.510 to 78.852 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 4. KRS 161.540 is amended to read as follows:

(1) Each member shall contribute to the retirement system seven and seven-tenths percent (7 7/10%) of his annual compensation. The contribution of a member shall not exceed this percentage on his current annual compensation.

(2) Effective July 1, 1979, each member shall contribute to the retirement system seven and eighty-four hundredths percent (7 84/100%) of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation.

(3) Effective July 1, 1982, each member shall contribute to the retirement system nine and thirty-two hundredths percent (9 32/100%) of annual compensation except that university faculty members shall contribute seven and eighty-four hundredths percent (7 84/100%) of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation.

(4) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive

the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 5. KRS 21.360 is amended to read as follows:

(1) Each judge of the district court in office on July 1, 1978, may within thirty (30) days after that date, and any judge or justice of any court entitled to be a member thereafter taking office may within thirty (30) days after taking office, elect to make monthly contributions to the retirement system in an amount equal to five percent (5%) of his monthly official salary. The election shall be effective to establish membership in the system as of July 1, 1978, or as of the date the judge or justice took office, as the case may be. The election shall be addressed to and filed with the secretary of the executive department for finance and administration, and shall constitute an authorization by the member, to the secretary, to thereafter cause to be deducted from the member's official salary, each month, an amount equal to five percent (5%) of the monthly salary, as a voluntary contribution by the member towards the funding of the retirement system. Such election, upon being made, shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of KRS 21.350 to 21.510.

(2) Membership and benefit rights for judges and justices (other than judges of the district court), and for the commissioners and administrative director, who took office prior to July 1, 1978, shall be dependent upon valid elections having been made under this section (and KRS 21.355 and 21.365) prior to the 1978 amendment to this section. The terms of such elections, including the contribution rate, shall continue to govern for the duration of the member's service.

(3) When any judge of the district court in office on July 1, 1978 elects membership in the judicial retirement system in accordance with this section, his membership in the Kentucky employes retirement system shall terminate as of July 1, 1978 and any credit in that system he earned for service as a judge of the district court shall be nullified; provided that the effect of such service to validate any other service credit in that system shall not be nullified.

(4) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, the state shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The state shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 21.345 to 21.570 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 6. KRS 6.505 is amended to read as follows:

(1) Each legislator in office on July 1, 1980 may within thirty (30) days after that date, and any legislator thereafter taking office may within thirty (30) days after the date thereof, elect to make monthly contributions to the legislators retirement plan, in an amount equal to five (5) percent of his monthly creditable compensation, as defined in KRS 61.510(13). The election shall be effective to establish membership in the plan as of July 1, 1980 or as of the date from which the thirty (30)-day period is measured, as the case may be. Provided, however, that any legislator in office on July 1, 1980 may, after the expiration of the thirty (30) day period and until February 1, 1981, make the election, in which event he shall pay to the legislators retirement plan, for the months between July 1, 1980 and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system under KRS 6.535, will equal the member's contribution required by this section. The election shall be addressed to and filed with the secretary of the department of finance and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five (5) percent thereof, as a voluntarily elected contribution by the member towards the funding of the legislators retirement plan. Such election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530.

(2) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions

in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, the state shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The state shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 6.500 to 6.535 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

(3) When any legislator elects membership in the legislators retirement plan in accordance with this section, his active membership in the Kentucky employes retirement system, county employes retirement system, or teachers retirement system shall terminate, as of the date his membership in the legislators' retirement plan becomes effective, to the extent that service as a legislator is concerned, and any credit that he then has in such other system or systems, earned for service as a legislator, shall be transferred to and counted as service credit in the legislators retirement plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected.

Section 7. KRS 61.543 is amended to read as follows:

(1) Employe contributions shall be deducted each payroll period from the creditable compensation of each employe of an agency participating in the retirement system while he is classified as regular full-time as defined in KRS 61.510 unless such person did not elect to become a member as provided by subsection (2) of KRS 61.525. *After August 1, 1982, employe contributions shall be picked up by the employer pursuant to KRS 61.560(4).* Service credit will be allowed for each month such contributions are deducted *or picked up* during a fiscal or calendar year, provided the member receives creditable compensation for an average of one hundred (100) hours or more of work per month. If the average number of hours of work is less than one hundred (100) per month, the member shall be allowed credit only for those months he receives creditable compensation for one hundred (100) hours of work.

(2) Employe contributions shall not be deducted from the creditable compensation of an employe *or picked up by the employer* while he is seasonal, emergency, temporary or part-time. No service credit will be earned.

(3) Contributions shall not be made *or picked up by the employer* and no service credit will be earned by a member while on leave except:

(a) A member on military leave shall be entitled to service credit in accordance with KRS 61.555; and

(b) A member on educational leave, approved by the department of personnel, who is receiving 75% or more of full salary, shall receive service credit and shall pay employe contributions, *or such contributions shall be picked up* in accordance with KRS 61.560 and his employer shall pay employer contributions in accordance with KRS 61.565. If a tuition agreement is broken by the member, the member and employer contributions paid *or picked up* during the period of educational leave shall be refunded.

(4) The retirement office, upon detection, shall refund erroneous employer and employe contributions made to the retirement system.

Section 8. KRS 61.680 is amended to read as follows:

(1) *Prior to August 1, 1982,* every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof. *Thereafter employe contributions shall be picked up by the employer pursuant to KRS 61.560(4).*

(2) (a) Notwithstanding any other provisions of KRS 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement a member's accounts under the state police retirement system, Kentucky employes retirement system, county employes retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system. If the member has prior service in more than one system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of subsection (2)(a) of this section shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes retirement system or county employes retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes retirement system or county employes retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes retirement system, state police retirement system or the county employes retirement system who enters the service of a department, board, agency or instrumentality of the Commonwealth whereby such person would be eligible for membership in the judicial retirement system may elect to retain membership in the system in which he is a member, either the Kentucky employes retirement system, state police retirement system or the county employes retirement system. When such an election is made, the agency employing the member shall withhold employe contributions, *or picked up employe contributions after August 1, 1982,* make employer contributions and remit these contributions to the system in which the member retained his membership.

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes retirement system or the county employes retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes retirement system or the county employes retirement system.

Such election to retain membership in the teachers' retirement system must be filed in writing within ninety (90) days after his term of office begins or he will participate in the Kentucky employes retirement system during his term of office. No contributions may be made to the teachers' retirement system for the same period of service under the Kentucky employes retirement system as a member of the general assembly.

(6) Any member of the Kentucky employes retirement system or county employes retirement system who is working in more than one position covered by one of these retirement systems, will have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, then an accumulation of all hours worked will be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section and KRS 21.375, a person entering membership of the judicial retirement system with service credit in the state police retirement system, Kentucky employes retirement system, county employes retirement system or teachers' retirement system will become vested for early and normal retirement benefits in each system in which he has service credit when his combined service credit in all systems is equal to that required for vesting in each respective system.

If the average number of hours of work is less than one hundred (100) hours per month, the employe shall be allowed credit only for those months he receives creditable compensation for one hundred (100) hours of work.
